NAVAL CONFERENCE ON BRINK OF FAILURE

START MOVE OPPOSING DEMPSEY'S USE OF SOLDIERS' FIELD

Magnificent New Church Building Of St. Mary's Congregation Near Completion; Plan For Dedication

New Church Erected And Fitted At Cost Of Half Million.

IMMENSE STRUCTURE IS MOST BEAUTIFUL

Interior Of Church Fitted Up In Keeping With Handsome Exterior.

Magnificent new church of St. Mary's parish at North and Beaver streets, massive in keeping with the Gothic type of architecture used, but bearing the refining and graceful lines of the modified influence of the French Gothic period churches such as Notre Dame and Rhiems, without the extravagant ornamentation that prevails in the latter type, is near completion and will be ready for the formal dedication and blessing by Bishop Hugh C. Boyle of the diocese of Pittsburgh on Labor Day, Monday, September 5.

An outstanding example of the church architecture, it is one of the show places of the city and one of the finest church buildings in this section of the country.

The church as it now stands practically completed, is the last creation of the late J. P. Brenot of Oil City, an outstanding architect of churches in this country. While ordinarily, the death of the architect of a building of this type, at its inception, would prove a misfortune to those building it, yet such was not the case in this instance, when Harry M. Wirsing, local architect, was engaged to carry through the project.

Plans Carried Out.

The latter carried out the plans of the building, even to the minutest detail, with such exactness and sincerity of purpose that the creator of the magnificent building could probably have done no better, in bringing his ideas to their realization, according to the statements of those members of the parish whose duty it has been to bring to a successful conclusion, the desire of themselves and the parish, as well as the community, that a church in keeping with the needs and aspirations of the parish should be erected.

St. Mary's new parish church, cathedral like in its proportions, towers skyward above its surroundings in its downtown location, corner of North and North Beaver streets. Delightfully proportioned and reflecting the artistry of its creator, the wonderful replica of the beautiful churches of France, creates an atmosphere of worship that beckons even the most hardened within its portals, where it would be impossible to stop without inculcating a spirit of reverence and thought of the higher and better things of life.

Church Erection Possible.

The erection of this beautiful church was only possible through the efforts of Rev. Fr. F. F. O'Shea, the pastor, and the self-sacrifice and cooperation of the members of the parish. It is the result of years of untiring and unselfish efforts on their part as well as the assistant priests of the parish and many friends in this city.

Conceived in and for religious purposes, the church has reached its present state of completion, conforming in every detail with the customs,

Bar Dempsey In Soldiers' Field Is Veterans Demand

Indiana Legion Starts Move To Prevent Dempsey Fighting In Chicago.

WAR RECORD IS AGAINST DEMPSEY

Veterans Bitterly Resent Idea Of Using Memorial For Dempsey Battle.

(International News Service)

SOUTH BEND, Ind., July 26—A resolution asking Mayor William Hale Thompson, of Chicago, to deny Jack Dempsey the use of Soldiers' Field for his fight in September with Gene Tunney was to be introduced in the convention of the Indiana Department of the American Legion session here.

A storm of opposition, based on the ex-champion's record during the World War, was crystalizing today into definite support of the suggestion made by Congressman Frederick Landis of Logansport, that Dempsey not be allowed to fight in the magnificent stadium dedicated to the men who fought in the World War.

Bitterly Opposed

"What do you think of a system that will allow hollow chested bookkeepers to go to the trenches overseas and then let the heavyweight champion of the world stay at home?" was one of the questions Landis, noted editorial writer, hurled at the convention during an address yesterday.

"Is the American Legion going to let Dempsey fight on the field sacred to the war dead? Every soldier in Flanders fields would turn over in his grave," Landis said.

Plan To Secure Traffic Engineer For Survey Here

Chamber Of Commerce, Council And County Commissioners Discuss Traffic Here.

Believe Expert Is Only One Who Can Offer Real Solution In Tangle.

An important meeting of the board of directors of the New Castle Chamber of Commerce was held with the Lawrence county and New Castle officials at a luncheon meeting in the Elks' club Monday.

The purpose of this meeting was to discuss with these two groups of officials the need for additional bridges in New Castle.

President David S. Pyle of the Chamber of Commerce gave an excellent welcoming talk to these officials and stated that in his opinion the worthwhile things for our county and city can be secured only through close cooperation and through sympathetic understanding between the municipal authorities and the Chamber of Commerce working for the good of the community. Mr. Pyle thanked all of those present for the excellent way they have cooperated with the chamber in the past.

Discuss Matter.

The meeting was then thrown open for a discussion of our bridge situation. President Pyle called upon City Solicitor Robert M. White, County Solicitor John P. Lockhart, Mayor W. H. Dunlap, Councilmen Walter V. Tyler, W. T. Burns and D. O. Davies, County Commissioners Charles Matthews, T. J. McCullough and F. M. Davis, Messrs. O. P. Brown, A. Crawford Hoyt, J. B. Foster, T. H. Hartman, J. H. Lamb, W. J. Offutt, Ira M. Ramsey, directors of the Chamber of Commerce, all of whom expressed themselves as feeling that relief from traffic conjection in the business district of New Castle was very necessary.

Mr. Lockhart stated that in his opinion the advisable thing to do would be to secure the services of an expert traffic engineer to make a study of the situation and recommend steps to be taken for its relief. All present concurred in this and our city council expressed themselves as being unanimously in favor of the employing of such an engineer in the immediate future. The county commissioners expressed themselves as being in favor of cooperating along the lines that may be suggested as a result of such a study.

In addition to the consideration of traffic problems, the matter of securing financial support for our local military unit was taken up with the county commissioners and they stated

Alligator In Cellar Of Home

Mrs. Cecil Potter of 508 Court street, was somewhat surprised and frightened last Saturday as she was cleaning the cellar of her home, when something which appeared to have numerous teeth, grabbed her by the ankle.

Investigation developed the fact that it was a fourteen inch alligator, which it must be admitted was considerable distance from anything like its native haunts.

It developed, however, that it had been kept in a box next door at the Hanlon home and had made its escape and to the home of Mrs. Potter in some way. Needless to say, it is again penned up to prevent it from repeating this performance.

Conference Not Likely To Reach Agreement, Fear

Great Britain Lodges Protest Against Alleged U. S. Action.

MAKING ATTEMPT TO REACH COOLIDGE

British Delegates Delay Return To Parley Awaiting British Decision.

By H. K. REYNOLDS
International News Service Staff Correspondent

LONDON, July 26.—The Tri-Partite Naval Conference at Geneva seems to be teetering on the brink of failure, with Great Britain having lodged a protest with the United States Government against alleged misrepresentation of the British policy and with the admiralty having already drawn up a tentative statement which will be issued in event of the failure of the conference.

The British Government's protest to Washington is regarded here as an effort to go over the heads of the Geneva delegates in an effort to reach President Coolidge. There is

"Bud" Stillman Marries Young Canadian Girl

Heir To Stillman Millions Weds Young Girl Of Canadian Forest.

ELITE MINGLE WITH CRUDE PEASANTRY

Dove Of Peace Spreads Wings Over Palatial Summer Home Of Stillman Family.

(International News Service)

GRAND ANSE, Que, July 26.—Peasants of the North country and blue-blooded aristocrats mingled today at the Woodland wedding of James A. ("Bud") Stillman, Jr., heir to a $60,000,000 estate, and Miss Lena Viola Wilson, a simple, pretty girl of the forest who was employed formerly in his mother's home.

Timber cruisers in canoes and society leaders in handsome motor boats sped up the river this morning on the fifty-mile jaunt that separates the Stillman lodge from the fringe of "civilization." Social registerites and inhabitants of the northland from the forests of Carignan township to the peaceful grazing country of the Seigneurie of Batiscan, staged a friendly race up the St. Maurice to Grand Anse.

Elaborate Ceremony

The wedding is to be the most elaborate ceremony ever witnessed in this part of the world. In the midst of a virgin forest that abounds in wild game of every description, the Rev. Ephrem L'ami and his assistants

To Celebrate First Solemn High Mass Here Next Sunday

The Rev. Earl Holsinger, D. D., Local Man, At St. Joseph's Church On Sunday

The Rev. Earl Holsinger, D. D., will celebrate his first Solemn High Mass in the St. Joseph church on South Jefferson street at 9:30 a. m., next Sunday. He will be assisted by the Rev. A. J. Weisenberger, the pastor, as high priest, the Rev. C. Hensler, D. D., of Braddock, as deacon, the Rev. J. Lubrecht of Covington, Ky., as sub-deacon, and the Rev. B. Scheidler of Indianapolis, Ind., as master of ceremonies.

A dinner will be served and a reception held at the home of the Rev. Holsinger's parents, on the Harbor road, following the church ceremony.

The Rev. Holsinger was born, and grew to young manhood in New Castle. After attending the local parochial school he pursued a six year classical course at St. Joseph college, at Rensselaer, Ind.

After a two year course in philosophy and five year course in theology at the North American college at Rome, Italy he was ordained to the priesthood by Cardinal Vicar on March 12, 1927.

The bishop of Fort Wayne, Ind., has assigned the new priest to be the assistant pastor at St. Patrick's church, Fort Wayne.

Governors See Need Of Special Congress Call

Believe Flood Control Issue Big Enough To Warrant Session.

PROBLEM IS PUT UP TO GOVERNMENT

Arkansas Governor Says It's Too Big For Local Communities.

By GEORGE R. HOLMES
International News Service Staff Correspondent

MACKINAC ISLAND, Mich., July 26. — President Coolidge should call an extra session of congress this fall to deal with the problems of flood relief and control, farm relief and tax reduction, in the opinion of a majority of the governors of States here attending the Nineteenth Annual Conference of State Executives.

Some of the governors are pronounced in their views that existing conditions demand an extra session. Others, without having strong convictions one way or the other "believe it would be a good thing," and still others are willing to "leave it to the President." None of the execu-

EXPECT 500 AT CONFERENCE IN COLLEGE TOWN

Tabernacle Being Erected At New Wilmington For Missionary Gathering

(Special To The News)

NEW WILMINGTON, July 26.—With the start of the erection of the main tabernacle today, the real preparation for the annual New Wilmington Missionary conference to be held here August 5-12, is well on its way. A staff of workers are working daily to clean up the houses and have everything in readiness for the meetings. It is expected that 500 delegates mostly from the Pittsburgh district will attend this year's meetings.

The presiding officer of the conference this year is to be Dr. Mills J. Taylor of Philadelphia, long active in missionary work and now connected with the United Presbyterian board of foreign missions. Samuel Shane of Pittsburgh is business manager and Donald McClure of Blairsville is assistant business manager of the 1927 organization.

Again this summer Camp Suegin will be open to the young fellows of the conference. John Smith of Wurtemburg, Pa., will head this department. It is thought that the improved New Wilmington recreation center will also be at the disposal of the conference lads.

English Flier May Start For U. S. Tomorrow

(International News Service)

SOUTHAMPTON, England, July 26.—Weather permitting Captain Frank T. Courtney, noted British air ace, will begin his Trans-Atlantic flight to New York from the Calshot Naval depot tomorrow morning. News of continued stormy weather over the ocean led the airman to put off his flight for another day.

Courtney hopes to leave here tomorrow morning between 7 and 8 o'clock for Valentia, Ireland, where he will halt for fuel before hopping off on the first westward flight across the Atlantic.

Defendant's Wife Remains Calm In Sensational Trial

Mrs. Thomas Dreher Is Unmoved As Murder Trial Gets Under Way.

MYSTERY MAN IS APPARENTLY CALM

Mrs. Le Boeuf Sits With Gaze Rivetted On Swinging Pendulum Of Clock.

(International News Service)

FRANKLIN, La., July 26.—One of the leading and most interesting figures in the trial of three persons for the murder of James Leboeuf, now under way in the St. Mary parish court house here, is Mrs. Thomas Dreher, wife of one of the defendants.

Calm and smiling, she betrays no outward sign of the terrific strain under which she is laboring. She takes a seat directly behind her husband, the physician who is accused by the state of plotting the murder for love of Mrs. Ada Leboeuf, another of the defendants.

Calm Unbroken.

Even District Attorney Emile Vuillemont, the fiery prosecutor who asks prospective jurors if they would object to a death penalty for her husband, fails to shake her calm. She leans a bit forward when the questions are put but there is no show of emotion.

Dr. Dreher mops his brow feverishly, while Mrs. Leboeuf focusses her eyes on the long wall clock with its

Report 150 Drown As Boat Capsizes

(International News Service)

LONDON, July 26.—One hundred and fifty persons were drowned by the capsizing of a large Chinese passenger junk between Canton and Koogmoon during a typhoon, said a dispatch to the Evening News today.

The Mayor Offers to Marry Bud to Lena in Beverly

(Special To The News)

BEVERLY HILLS, Cal., July 26.—Mrs. Stillman and the girl sweetheart's family are trying to tip each other's canoe.

Mrs. Stillman says they are very primitive people.

The Canuck family says, "It ain't Bud we are leery of; it's too much mother-in-law that scares us."

Now I wouldn't call a suspicion like that exactly primitive.

Ma Stillman says she wants the girl to keep on learning. The girl figures if she knew enough to cop Bud, she knows enough to hold him.

Bring 'em to Beverly. I will marry 'em.

(Signed) THE MAYOR.

P. S.—On account of the visibility it took Lindbergh two days to find Portland, Me. He will be so old his whiskers will catch in the propeller before he can see Pittsburgh.

Start Work On New Junior High On Wednesday

Work on the new Junior High school, located on Euclid avenue, will begin Wednesday, according to J. Clyde Gilfillan, who was recently awarded the contract by the school board.

Already the site has been cleared, and this afternoon surveyors will stake it out. Tomorrow tractors and trucks will begin the excavations.

DEATH RECORD

Mrs. Ida May Rickard, East Brook Station.

J. R. Green, 76, Ford City.

Subway Workers Prepare To Go Out On Strike

Peace Overtures Are Rejected By Both Sides, Strike In Effect At Midnight.

26,000 EMPLOYES PLAN FOR WALKOUT

(International News Service)

NEW YORK, July 26.—With peace overtures rejected by both sides, a strike of 26,000 employes of the Interborough Rapid Transit company, the Brooklyn-Manhattan Transit company and the Brooklyn Railroad company, appeared inevitable today. The "zero hour" is midnight today.

The men demand formal recognition of their union by the companies and a revision of working contracts.

According to reports from nearby towns, thousands of strike-breakers have been massed by the companies to continue operation of the elevated, surface and subway lines if the men go out. Boston reported that 700 strike breakers left there for New York at midnight, while hundreds more have come in from Philadelphia and Pittsburgh.

The transit commission is making final efforts to avert a walk-out but the chances of success appear very slender.

Both sides claim it will be a fight to a finish.

The Municipal department of plants and structures is massing all available busses and will extend the operation of its bus lines throughout the city.

Drag River At Warren For Body Of Suicide Victim

(International News Service)

WARREN, Pa., July 26.—Police dragged the Allegheny river here today for the body of a man believed to be Payson Sykes, 57, of Jamestown, N. Y., who leaped into the stream from the concrete bridge in the downtown district here and was drowned.

Soon after the man leaped into the river, police received a telephone call from Jamestown asking them to locate Sykes, who was reported as suffering from melancholia.

Sykes had telephoned his family that he was in Warren and would return last night, but failed to do so. About that time he mailed a letter to his wife enclosing a gold ring and informed her he had "entered the river here" at 5 p. m., last night.

The letter was received this morning. Authorities say Sykes evidently intended to commit suicide when he left home as he wore old clothing and left his watch at home.

Hollyhocks Are Getting Taller

New Wilmington enters the race to help Lawrence county beat Erie county in the contest for the tallest hollyhocks, today. Here is one eleven feet and a half tall, as reported from the college town. The report says:

New Wilmington, July 26.
To the Editor
New Castle News:

Saw in The News where you had some tall hollyhocks in New Castle. New Wilmington is a smaller town but we grow them just as tall here.

Have a lot of them in my garden, the tallest being 11 feet, 6 inches.

This one has several branches on it, some of which are 10 feet in height. This is the second summer for the plant. Have lots of others which are 10 feet in height and also a trim dahlia in bloom.

Your truly,
MRS. W. H. THOMPSON.

You can travel over Europe, you can tour in Sunny Spain, you can do the Rivieria, and then go through it once again, you can climb the Alps or Pyrenees, or India and then, you'll say the leaders of them all is the land of William Penn. Is it mountains you are craving, is it lakes that you would scan, here's the most resplendent beauty that was seen by mortal man. Would you view a gorgeous sunset, would you watch old Luna rise, would you bathe yourself in sunshine neath some azure tinted skies. All of these can Pennsylvania furnish you in wholesale lots, here are found some radiant beauties, here are Nature's banner spots. You need not go off to Europe, in your own state you can stay, and be gorged with scenes of beauty, weather's eighty-one today.

Senate Records May Help Solve Ladner Problem

May Request Reed Senatorial Committee To Return Registration Books.

By S. I. NEIMAN.
International News Service Staff Correspondent

HARRISBURG, Pa., July 26.—Senator James A. Reed of Missouri, Uncle Sam's investigator extraordinary, holds the key to another Pennsylvania political embroglio.

The fiery Missourian's name is being mentioned here in reports that the appointment of Albert H. Ladner, Jr. to the Philadelphia registration commission by Governor John S. Fisher as a Democrat, may result in a request that the senatorial investigation committee return the Philadelphia registration books so that Ladner's status can be determined.

The story eminating from Philadelphia is to the effect that Jerry C. South, special envoy of the Reed committee, who has been in Philadelphia in the committee's interest in connection with the last senatorial elections has conferred with Michael Francis Doyle, counsel for Henry V. Dougherty of the Democratic state committee which is fighting the Ladner appointment.

The proviso for the return of the registration books it is reported is that Attorney General Thomas Baldridge accedes to the Democrats demands that he seek a writ of quo warranto to test the legality of the Fisher appointments.

The Democrats charge that Ladner appointed by Fisher as one of the minority members of the commission, is in reality a Republican, having registered as such in Philadelphia during the last elections.

The law requires that three of the five commissioners only may be of one political party. Fisher claimed he was informed that Ladner is a Democrat and that he was appointed as such..

A hearing on the request for the state to join in the proceedings to be brought by Philadelphia Democrats will be held before the attorney general tomorrow. Observers here expect Baldridge to take the matter under advisement, many claiming that for the attorney general ot test the appointive powers of his titular chief the governor would set a precedent which it is thought Baldridge will hesitate in establishing.

Town Talk

Officer Clarence Samuels is the acknowledged fisherman of the police department, in fact his fellow officers will claim that he is the best fisherman in the city.

And another thing, he is the developer of good fishermen, in other words, those, whom he instructs in the art of fishing appear to be very sucessful.

Now to the point. His latest success in training others, is little Audrey Harper, 9 year old daughter of Lieutenant and Mrs. U. G. Harper.

One day recently both were at the police camp. Audrey wanted to know all about fishing. Officer Samuels undertook to show her. While he baited the hook, she did the fishing.

Here's the result of her efforts, one sucker 14 inches in length, six chubs eight inches long and one rock bass eight inches long. It may be stated that she is now a confirmed fallower of Isaac Walton and would spend most of the time fishing if permitted to do so.

Washington street curb light system presented a "stagger" idea last night.

Part of the globes were lighted and part were out. They were not lighted or unlighted in any regulation style, but here and there a light or two was not burning.

Evidently something went wrong with the operation of the curb lighting system.

Negro Slayer Of Youth Captured

Negro Fired Into Crowd After Attack, Youth Instantly Killed

(International News Service)

WASHINGTON, Pa., July 25.—Hunted for more than a week as the alleged slayer of Tony Seik, who was shot down when three bullets were fired into a crowd which had assembled as a result of minor trouble between union and non-union elements here, Ellis Burns, 26, a negro, was captured today at Coalburg, a mining town near Charleston, W. Va.

Burns had been working at the Tyler mine of the Washington Gas Coal Company. Prior to the shooting he is said to have been attacked by three women union sympathizers who beat him and threw red pepper into his eyes as he was on his way home from work.

After the attack upon him, Burns went to his home and obtained a revolver, authorities said, and returned to the scene of the shooting where he fired three times into the crowd. The Seik boy was hit in the head by one bullet and died.

Burns escaped and nothing was heard of him until yesterday when word came that he was working at Coalburg. Two state troopers went there from here, and according to their message to local authorities, found him. He will be returned to Washington at once.

Inquest into the boy's death was opened here today.

Will Erect New Warning Device

City traffic officials will place a better danger warning device at the intersection of Atlantic avenue and Etna street, they stated today. It is probable that the sign will be placed soon. The present sign is considered almost ineffective by residents of the vicinity.

To Make Report On Sewer Cost

Engineers To Report Tuesday On Project Of Union Township Sewers.

MAY ADD LARGE EXPENSE TO CITY

Fuller & McClintock, special engineers, and Municipal Engineer Frank Miller will prepare a report for delivery to council one week from today, showing what will be necessary if Union township is allowed to connect with the city sanitary sewer system.

The engineers were instructed to investigate and compile this report following the appearance of Attorney Rufus McKinley and C. H. Milholland, engineer, representing Union township, at council today.

According to McKinley, solicitor for the township, the supervisors are anxious to receive early sanction from council to connect Union township's proposed system at West Washington street.

Council believes that, in time, not only the West Washington street extension section but Oakland may connect with the city system and new mains will be necessary.

This will, council pointed out, necessitate a big expenditure and the solons do not intend to take any action until they know exactly what the city must look forward to.

When the engineers get down to work they will make plans and be able to show what the city's cost will be, approximately, and this will be made known to Union township.

After council discusses the proposition next Tuesday McKinley, Milholland and supervisors of Union township will be summoned and the first step toward connection may result from the conference, if the township agrees to pay what the city believes to be the township's proportionate share.

PLAN TO SECURE TRAFFIC ENGINEER FOR SURVEY HERE

(Continued From Page One)

that a resolution authorizing this financial support had been passed by them at a meeting held a short time ago.

This meeting was one of the most interesting ever held by the chamber and the officers and directors of the Chamber of Commerce are greatly pleased with the interest shown by the county and city officials as there was a 100 per cent attendance of both bodies with the exception of L. G. Genkinger, who was prevented from being present, being out of the city.

Those in attendance were County Solicitor John P. Lockhart, County Commissioners Charles Matthews, T. J. McCullough and F. M. Davis, Mayor W. H. Dunlap, City Solicitor Robert M. White, City Engineer F. F. Miller, City Councilmen D. O. Davies, W. V. Tyler and W. T. Burns. Directors of the chamber present were President David S. Pyle, O. P. Brown, A. Crawford Hoyt, T. W. Dickey, J. B. Foster, Thomas H. Hartman, John H. Lamb, W. J. Offutt and Ira M. Ramsey and Secretary Chilton.

Example of soft answer that turneth away wrath: "Make the alimony a little larger, Judge; I want to take care of her well."

It may be easier to kiss a modern girl, but more happens to you if she doesn't want to be kissed and you try it anyway.

Fools rush in where wise swimmers first investigate.

Deaths Of The Day

Mrs. Ida May Rickard.

Mrs. Ida May Rickard, wife of A. W. Rickard of East Brook Station, died Monday evening, July 25, at 10 o'clock following a lingering illness.

Mrs. Rickard was born in Mercer county, a daughter of the late James and Susan Rust. She was a member of the German Lutheran church at Transfer and the Protected Home Circle.

Besides her husband she leaves the following children: Mrs. Eva Wright of Mercer, Mrs. Emma Mackey of Hickory township, Earl Rickard of New Castle, Mrs. Florence Welhousen of Beaver Falls, Mrs. Myrtle Leasure of Covert Station and Mrs. Dessie Hilton of North Liberty. She also leaves two sisters, Mrs. Lydia Frampton of California and Mrs. Linda Snyder of Mercer county, and a brother, James Rust, of Mercer county.

Funeral services will take place on Wednesday, July 27, at two p. m., Eastern Standard time, from the residence. Interment will be made in Neshannock cemetery at New Wilmington.

Dominick Tutino Buried.

Funeral services for the late Dominick Tutino of 1217 East Washington street took place Monday morning at 9:30 from St. Vitus church. Solemn High Mass was celebrated by Rev. Fr. Demita. The pallbearers were: Antonio Mendicino, Pasqual Julliano, Peter Colelli, Joe Audino, Nick Julliano, Robert Colelli. Interment was made in St. Joseph's cemetery. Those who spoke at the cemetery were Angelo Fiala and Mario Louis Bove.

"BUD" STILLMAN MARRIES YOUNG CANADIAN GIRL

(Continued From Page One)

will unite "Bud" Stillman in holy wedlock with his northland princess.

The dove of peace has spread its wings over the course of young love as the wedding day dawned. After days of plot and counter plot, jealousy and intrigue, Lena's parents are reconciled to the wedding. The success of the affair had been threatened for a time because of their resentment over the elaborate preparations for the ceremony made by Mrs. Anne Urquhart Stillman, "Bud's" mother.

No word picture can possibly depict the panorama of this old world valley today. It is Park avenue and the backwoods merged and welded. Here a rude lumberjack's mackinaw, gaudily checked greets the eye; there the short sport skirt of a society leader furls in the breeze to shock the north country peasant and his lady. Ankle length skirts of the timber cruiser's wife swish against the plus fours of Long Island and Westchester.

Dr. C. C. Green's Father Is Dead

School Superintendent Called To Ford City Late Monday Afternoon

Dr. Clyde C. Green, superintendent of New Castle schools, was called to Ford City, Pa., Monday afternoon by the sudden death of his father, J. R. Green of that place.

Mr. Green, who died yesterday at the age of 76 years, lived his entire life in Armstrong county, an ancestor, William Green, being one of the early settlers, coming there in 1787 from Fayette county.

Mr. Green was an active member of the First Presbyterian church of Ford City and a teacher of the Men's Bible class for several years. During his early life he was a school teacher and for many years was in the mercantile business in Ford City but recently had been living on a farm near Ford City.

Dr. Green passed through a similar experience a few months ago when he was called home by the death of his mother.

Besides Dr. C. C. Green of New Castle, Mr. Green is survived by one daughter and two other sons, Mrs. L. A. Yount of Ford City, Lee M. of Titusville and Charles N. Green of Ford City.

When Dr. Green left yesterday no arrangements had been made as yet for the funeral services, but Dr. Green will likely be away for several days.

Blonde Roamer Is Under Arrest In Pittsburgh

Richmond, Virginia, Girl Is Held In Pittsburgh, Found Dressed As Boy

(International News Service)

PITTSBURGH, July 26.—"When can I leave here."

This was the query of Miss Virginia Purdue, attractive 22-year-old Richmond, Va., blonde today when authorities held her for investigation following her arrest in the vestibule of an eastbound Pennsylvania Railroad coach.

Miss Purdue, dressed in overalls and wearing a wide straw sombrero, said she had bummed her way from California to Pittsburgh, and was enroute to her home.

DEFENDANT'S WIFE REMAINS CALM IN SENSATIONAL TRIAL

(Continued From Page One)

slowly swinging pendulum. Dorothy, the pretty daughter of Dr. Dreher, stiffens perceptibly.

James Beadle, the last of the defendants, who is accused of actually shooting Leboeuf and cutting open his body, continues to chew his tobacco and gazes about the court room. He is the "mystery man" of the case, having steadily denied Dr. Dreher's and Mrs. Leboeuf's accusations.

New Pulmotor Arrives In City

Second Apparatus Is Now Ready For Service At New Castle City Hall

The new pulmotor ordered some time ago for use by the city police department has arrived and is now ready for any emergency that may arise.

The pulmotors are manufactured in Germany and are expensive and this one is of the latest improved type and is much easier to handle and better made than the one purchased several years ago and in use all the time since secured. Its finish and construction makes it much better, not only for the patient but also for the persons operating it.

The old pulmotor, which was in need of repairs, has not yet been returned to the city, but is expected at any time. It will probably be equipped along similar lines to that of the new one. This will give the police department two machines to be used in saving life and should add greatly to the already excellent record made in the use of the old pulmotor.

(International News Service)

HARRISBURG, Pa., July 26.—Names of twenty-six successful applicants for entrance to the state forest school at Mont Alto were announced today by Charles E. Waters, Secretary of Forests and Waters.

They included Clarence Moore, Bradford; Karl R. Mayer, Easton; George K. Slocum, Scranton, and Daniel B. Griffith, Chambersburg.

Second U. P. Picnic

Annual picnic of the Bible school of the Second United Presbyterian church will be held Wednesday afternoon and evening, July 27, at Gaston Park. There will be sports events preceding the picnic supper. Vesper services will be conducted at 8:20. All those not having transportation will please call Earl Book who is the chairman of the transportation committee.

OUR MENTAL ATTITUDE CONSTANTLY CHANGES

Not so many years ago if a person made a will we thought he was preparing for death.

If one purchased Life Insurance, that was also an indication of impending death.

The discussion of funeral arrangements was always the result of a premonition of death.

Time Has Brought a Change—Today:
A will shows wisdom

Insurance meets an emergency.

Proper thought of funeral arrangements assures relief and protection to those left.

IT PAYS TO THINK

PARTY CELEBRATES TENTH BIRTHDAY

Mr. and Mrs. Ralph Campbell of Chestnut street entertained twenty-four little guests Saturday evening in honor of the tenth birthday of their little daughter, Betty Jane.

The evening was pleasantly spent with games and little Ruth Phillips and Betty Jane Campbell who are clever dancers entertained the guests with somt of their steps. Later dainty refreshments were served in the dining room where a large birthday cake lighted with candles formed the center piece on the festive board. Many lovely gifts were received by the guest of honor.

The guests included the following: Marjorie Hildebrand, Olive and Alma Broadbent, Margaret Minner, Roseltha Hartsuff, June Gwin, Mary Elizabeth Gross, Ruth and Beatrice Conner, Dorothy Erk, Jean and Anabel Kimble, Thelma Farrell, Ruth Hildebrand, Theda Waters, Frances Boyle, Mary Jane and Janet McClintock, Ruth Phillips, Betty Jane Campbell, and Master Edward Campbell.

F. W. EAKIN TO WED NEW BRIGHTON GIRL

Mrs. Charles H. Capper, of Crescent Heights, New Brighton, has announced the engagement of her daughter, Miss Beatrice Jane Capper to Frederick William Eakin, Jr., son of Mr. and Mrs. F. W. Eakin of Conner avenue, New Castle. Mr. Eakin is employed with the Winter Co. of this city.

To Have Picnic

Mrs. Swan's class of the First Christian church will hold its meeting for the month of July in the form of a picnic at Cascade Park, Thursday evening, July 28.

All members who have not been notified are invited to attend.

BEAVER LADIES AT FIELD CLUB

Mrs. C. Ed. Smith, Jr., is chairman of the Field club luncheon committee for Thursday, July 28, when Beaver ladies will be guests of the local field club. Golf will begin at 10:30 and there will be prizes for the Beaver ladies and local participants as well. Mrs. Samuel Perry is chairman of the afternoon tea committee. She will be assisted by Mrs. Percy L. Craig and Mrs. James W. Reis.

REV. AND MRS. SMAIL ARE GUESTS IN CITY

Rev. C. M. Smail of the First Christian church at Dayton, O., former pastor of the First Christian church of New Castle, and his wife spent some time in this city Monday calling on friends.

An informal reception was held on Monday evening at the home of Miss Laura Miller, Croton avenue, at which time Rev. and Mrs. Smail were greeted by a number of former parishioners.

Rev. and Mrs. Smail are on their annual vacation trip and were en route to Auburn, N. Y. They left the city today at noon.

L. A. B. Club

Mrs. John Sweet of Warren avenue, entertained fourteen members of the L. A. B. Club in her home last evening. During the business meeting plans were made for a breakfast at Cascade Park, Wednesday morning, July 27.

Prizes were won by Mrs. Carl Smith and Mrs. Flora Cunningham. Late in the evening lunch was served by the hostess assisted by her mother, Mrs. Eva L. Baker and Mrs. Evelyn Covert.

The next regular meeting of the club will be in two weeks at the home of Mrs. Frank Nolan, Edgewood avenue.

Sawalla Club

Members of the Sawalla Club will meet with Mrs. Joseph Campbell of Chestnut street, Thursday afternoon, July 28.

SURPRISE PARTY HONORS BIRTHDAY

Clarence Phenecie of Bell avenue was pleasantly surprised last evening when members of the S. B. Club met at his home in honor of his thirty-first birthday. Twenty guests were present and the evening was spent in music, dancing and games. Prizes were won by Mrs. William Smith, James Bishop and Chester Jacobs.

As president of the club, Mrs. Harry McClelland presented the guest of honor with a lovely gift from the members of the club.

Refreshments were served by Mrs. Francis Shoaf, and Mrs. Rae Bishop. Special guests were William Kimmel and Chester Jacobs.

GIRL SCOUTS LEAVE FOR VACATION TRIP

Girl Scouts of the Key Stone troop of this city left Monday for an outing of two weeks at the New Castle high football camp at Muddy Creek Falls.

There were 14 in the party. The girls during their stay will be chaperoned by Mrs. Thomas Elliott and Mrs. Hicks.

Sodality Girls' Picnic

The Sodality Girls of the St. Michaels church enjoyed a picnic held at Lakewood Beach July 24.

Swimming, canoeing and different races were the main sports.

Prizes were given for the following races won by the girls: 50-yard dash, Miss Elizabeth Danish; potato race, Ann Pastrick; first sack race, Mary Kulha; second sack race, Marie Yasko; first three-legged race, Mary Kulha and Elizabeth Danish; second three-legged race, Ann Pastrick and Marie Yasko.

Special guests were Miss Elizabeth Balok, the Rev. A. J. Balok, Mr. and Mrs. Klamar, Mr. and Mrs. Berkley and Mrs. Fabiny.

Wednesday's Clubs.

S. A. W. club, Mr. and Mrs. Harry Flinner, Hillcrest avenue.

Joint Picnic

Foreign Missionary society of the Grace M. E. church of this city and the Home Missionary society of East Brook M. E. church will hold a joint picnic at the home of Mrs. Kelly at Lakewood on Wednesday.

Those not having any means of transportation are asked to go to the home of Mrs. C. J. Baker where autos will be provided.

ELIZABETHAN CLASS HONORED AT DINNER

Mr. and Mrs. Lee Marvin entertained the members of the Elizabethan class of the First Christian Bible school, taught by Mrs. Elizabeth White at their summer cottage near Neshannock Falls, Monday afternoon and evening.

Rev. and Mrs. C. H. Holcomb and Mr. and Mrs. A. W. Gray were special guests. A sumptuous picnic dinner was served at 6:30 on tables set on the lawn with covers arranged for fifty.

The after dinner amusements consisted of sitting around a huge bonfire and telling stories and bathing and out door games.

The affair was most enjoyable and the class is very appreciative to Mr. and Mrs. Marvin for their hospitality.

From Long Island

Mrs. John Earl of East Grant street has returned home after visiting her brother J. W. Rae and family. Mrs. Rae and children returned with Mrs. Earl and will be in New Castle for a time.

Indiana Girls.

Indiana Girls and their husbands enjoyed dinner at Cascade Park Monday evening. Covers were laid for 13 and dinner was served at 8 o'clock. The remainder of the evening was spent in dancing.

1923 S. L. Club

The picnic which was to have been held Wednesday by members of the 1923 S. L. Club has been indefinitely postponed.

Wednesday Night Club

The Wednesday Night Club will meet at the home of Mrs. George McFarland, on East Long avenue, on Wednesday night of this week.

Gramoda Kensington

Gramoda Kensington members will meet with Mrs. C. L. Hughes at Lakewood for a picnic dinner Friday noon July 29.

White Family Reunion.

The sixth annual reunion of the White family will be held Saturday July 30 at Ewing Park, Ellwood City.

With New Castle Afro-Americans

Sunshine Kensington

Sunshine Kensington Club met Monday evening at the home of Mrs. Adrian Jackson of West Washington street. Mrs. Mollie Johnson presided and Mrs. Etta Davis had charge of the devotionals.

The evening was spent with fancy work and social chat. Fifteen members responded to roll call. Special guests were Mrs. Hester Quarrels, Mrs. Mary Clark, Mrs. Anges Alexander, Mrs. Wurtie Coleman, Mrs. Mary Sanderson and Miss Irene Dowe.

At a suitable hour, the hostess assisted by her sister, Mrs. Kate Dowe and Mrs. Irene Dowe served dainty refreshments. The next meeting will be announced later.

BIRTHS

Mr. and Mrs. Coy R. Price of 1320 Pennsylvania avenue, announce the birth of a son, at the home of Mrs. Robert J. Price, 513 Electric street, on July 25, who has been named Robert William.

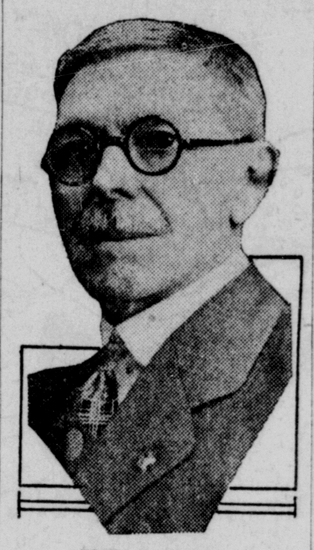
Haley Candidate For Prothonotary

Well Known Druggist Enters Race For Republican Party Nomination



JOHN B. HALEY.

It is announced today that John B. Haley, lifelong resident of Lawrence county, and prominent druggist, will be a candidate for the Republican nomination for prothonotary and clerk of courts. A candidate eight years ago when he was the runnerup in the primary held at that time in keeping with the custom that prevails in regard to this office, namely that the incumbent is entitled to two terms he offered no opposition four years ago to his successful opponent.

Believing that the voters will now favor the candidacy of another, who has not held an office subject to their approval, he has entered his name in the contest for this office, subject to the Republican primaries of Tuesday, September 20, 1927.

In announcing his candidacy today, Mr. Haley said: "I take this opportunity of presenting to the voters of Lawrence county for the second time, my candidacy for the office of prothonotary and clerk of courts I have never before held public office but hope to do so this time, providing it is the will of the majority of the voters. If nominated and elected, I pledge myself not to seek to retain the same for more than the allotted two terms prescribed by custom in this county. In offering myself as a candidate, I offer my lifelong record as a business man and druggist, as an indication of my fitness for the position and promise the people of this county an efficient, intelligent courteous and helpful administration of the affairs of the office if honored with the vote and confidence of the majority of the people. If possible I will meet all voters of the county but should there be those I do not meet, I would ask them to inquire of their neighbors and friends and determine my fitness for the position. I respectfully solicit the vote and assistance of all voters in the county."

ARTILLERYMEN BACK IN CAMP

Regiment Takes Part In Maneuvers At Mt. Getna Camp

(International News Service)

TOBYHANNA, Pa., July 26.—The 107th field artillery regiment, commanded by Col. Eric Fisher Wood, returned to camp today after participating in one of the biggest artillery firing problems and bivouac to be undertaken by National Guards.

United States regular army officers who are in camp assisting in the instruction of the artillerymen, acted as referees for the maneuver and today in an official report to Brig. Gen. William B. McLean, commander of the 53rd field artillery brigade, informed the general that the regiment had won the battle and if an actual enemy had been present instead of an imaginary one, the enemy would have been cut to pieces.

General McLean today complimented Colonel Wood for the efficient manner in which the officers under his command handled the maneuver and the enthusiastic way the men carried out orders.

WAMPUM.

Mrs. Laura Davidson, who has been at the bedside of her sister, Mrs. Gladys Ault, for the past ten weeks, reports a speedy recovery after a very serious operation at the Beaver Valley General Hospital.

Personal Mention

STARTING NEW FISH HATCHERIES

THE Pennsylvania Fish Commission will start work at once on the new hatchery at Tionesta, Forest county, and later on another at Reynoldsdale, Bedford county. The latter will be devoted to trout exclusively as are two others in the state. One at Pleasant Mount, Wayne county, specializes in bass.

Formerly the state had a dozen hatcheries until a change in the policy of propagation reduced the number. Fishing interest revived a score of years ago and six large hatcheries were developed. The present tendency is now toward the old maximum number with greatly increased facilities at each.

The new program is in line with studies which show that a longer period of rearing is needed. Young fry released in various streams suffer heavy losses through inability to cope in the battle for survival. Less than half of one per cent were estimated to reach maturity. Now the young fish are protected in their environment until they reach a length of three inches. At that stage they are better equipped to escape their natural enemies—not of course including man.

The extension of their juvenile period, which was inaugurated this summer, necessitates an increase in the number or size of the refuges. By meeting that obligation the state continues to justify the compliment paid a few months ago by Secretary Hoover, who said that Pennsylvania was in the van in the production of fish.

ALL CAN HELP

WHILE New Castle has much to be proud of as it considers past achievements, it would be sheer folly at this stage of the city's development to rest on the oars and be content with laurels already won.

New Castle's present high standing among communities of its size has been won as a result of foresight and aggressive policies on the part of those who in earlier years believed in the home town and, armed with that faith, fought a long, uphill fight for the things that make New Castle a better place in which to live.

Never before in its history has New Castle been in position to go forward in such rapid and substantial development as right now. But to do the things that must be done if the community is to continue to progress there can be no diminution of that spirit which made it what it is today.

In this work of building the home town everybody may and should contribute his bit. In fact, it is unfair for the great body of citizens to stand idly by while a minority of more public spirited citizens takes upon its shoulders the whole burden of making New Castle larger, better and more prosperous.

A few energetic citizens can accomplish much but no matter how great their work it would be dwarfed by the achievements possible from 100 per cent community co-operation. It required thousands of slaves to build the pyramids and the Chinese wall.

With every citizen talking and working for New Castle there can be no retrogression.

GOVERNORS MEET

THE governors are meeting this week in Michigan, at Mackinac Island, for their annual conference and will discuss such questions as election frauds, the American merchant marine, the condition of the farm population and flood control, prevention and relief.

As chairman, Governor Brewster, of Maine, will advocate more and better American shipping and will speak for one of the great shipbuilding states of an older day. It is notable that the first acceptances to the meeting were mainly from Eastern and New England states, with the Middle West well represented.

Those states suffering most from the recent floods do not seem to be sending their governors to the conference, yet the most important and immediate question before it undoubtedly is that of flood control. These states are rightly insisting that this is a national and not a state problem, and they should be represented in any national discussion of the question where state meets state, as it does in these meetings of state executives.

Nature isn't so wonderful. If you work at it hard enough, you can lose your health in spite of her.

The easiest way to size up a stranger is to watch his expression when you ask for a match.

Golf's like life; the interesting courses are the ones with the most bunkers.

In Day's News

In the long list of men who have served as executives of the various States of the American Union few can claim such a record of service as Aram J.Pothier, who is now serving his 7th term as governor of Rhode Island. Today is Governor Pothier's 73rd birthday anniversary. He is a native of Quebec who emigrated to the United States soon after completing his schooling and located in Woonsocket, R. I. In 1875 he became a clerk in a bank with which he has ever since been identified. In 1887 he entered upon his public career as a member of the lower house of the Rhode Island legislature. Subsequently he served as auditor and major of his home city of Woonsocket. In 1898 he became lieutenant-governor of Rhode Island and in 1909 was first elected to the governorship. Governor Pothier's present term will expire in 1929.

Sentence Sermons

By Rev. Roy D. Smith, D. D.

YOU HAVE THE RIGHT—

To an absolute mastery over your own habits.
To keep the good will of your own conscience.
To a vacation from worry during your sleeping time at least.
To some honest criticism even if your enemies have to give it to you.
To expect the preacher to be helpful even if he is not scholarly.
To any liberty that does not infringe upon another man's liberty.
To your own opinions as long as you can defend them with facts.

Hints and Dints

Sun sets tonight 7:21. Sun rises tomorrow 4:51.

We like to have people send us material for this column because it is hard to keep it going, but when they send us stuff without signing their names and stuff that would get us killed if we printed it we just have to leave it out no matter how much we need the stuff. We sure get some awful stuff sent to us.

"Liquor Green" is a new color that will be used in making the materials for women's clothes next spring. Sounds intoxicating all right.

When fresh peas, beans, peaches, and even apples are in the market and can be had at reasonable prices we cannot see why canned goods are served instead of the fresh fruit. Those who conduct public eating places surely can give their patrons some real fresh stuff in the summer time. The canned stuff is evidently easier to prepare—or something.

A preacher named Patrick F. Hennesy dropped dead while Dempsey and Sharkey were fighting the sixth round. He was listening on the radio. Even preachers should be careful about listening to prize fights on the radio when the static is as bad as it was last Thursday.

When does a gold fish sleep?

You can't pick out the bachelors on the street, but there's no mistaking one when you see the bathrobe he wears.

An advertiser told us last week that it cost him just the price of twelve pages in The News to get one page in a Cleveland paper and it was not the best paper in Cleveland either. The News has the lowest advertising rate in the world.

A musical comedy advertised fifty shapely girls, forty-five beautiful costumes. Six were killed in the rush for tickets.

That Tex Rickard person is figuring on the American people being suckers enough to pay him over two million dollars to see Dempsey and Tunney stage a fight in a few weeks from now in some city where said suckers are the most plentiful or where they can get to that place the easiest. The promoter and the fighters do not deserve a cent of the public's money.

It is set forth by an authority that the sale of Ford cars has fallen off during the past few years because they were not advertised and that cars near its class at a higher price have been sold in greater numbers than ever before because millions were spent in advertising them. It takes advertising to keep big business going.

When an old friend, whom you have not seen for years, tells you his wife is in heaven it's hard to know whether to say you're glad or you're sorry or just to say you are surprised.

There are only a few good—or we might say winning prize fighters in the world, but there are enough. They and the promoters get about all the money the bootleggers fail to corral.

The Hints and Dints man entered a drug store and asked for the hardware department and the clerk said they hadn't any. Isn't that the strangest thing?

The Hints and Dints man has heard of a wife who always buys her husband's shirts for him and she buys them four sizes too large for him just so the clerk will not know what a little shrimp she married.

Barefooted women walked miles to view the remains of the dead king of Roumania. We would walk a hundred feet to see all the dead or alive kings in Europe. We can see kings and queens all around us in America without standing on our feet even. Thousands of them rush by using automobiles every hour or so.

We never kick on the money spent on building school houses or the money paid to teachers. If it is well handled it is the greatest investment Americans can make. Let's have plenty of schools and good teachers in them. Let the cost be what it will.

The pictures of the Dempsey-Sharkey fight do not show that Dempsey walloped Sharkey below the bread basket. It seems to us that the galloping films would be better witnesses than most of the humans who saw the stuff.

The child king of Roumania is named Michael. Little Mike does not realize yet what it means to be king, but if some relative does not come along and plink him he may live long enough to wish he lived in a republic where they elected rulers at least every four years during great stress and excitement.

About the only stirring event in some men's lives is when they sweeten their coffee.

After the belle of the town marries she drops out of sight almost as completely as Annie Rooney.

Don't be "high hat". You can't get away with it in your home town. Be yourself.

TODAY'S STORYETTE.

A grateful woman on a farm in Arkansas wrote to the vendors of the patent medicine:

"Four weeks ago I was so run down that I could not spank the baby. After taking three bottles of your Elegant Elixir I am now able to lick my husband in addition to my other household work. God bless you."

Times have changed a lot. Formerly when a man called up the wife and said he couldn't get home until late there were tears and anguish. Nowadays when a man calls the wife with a similar message she says: "Can I depend on that?"

NERVE PILLS.

Dr. Neptune, Salina, Kan., received a box of neckties from a tie-mailing house the other day. If he wanted the ties he could remit by return mail. If not, he could send the ties back. The doctor decided to keep the ties and pay for them with a box of his pills.

The tie house wrote that it was glad of course, to get the pills as a present, but intimated that the bill for the ties was still due.

On the other hand, the doctor thinks a box of his pills for gall trouble is bound to do the tie house a great deal of good and thinks that if anything the tie house should send him still another tie to square the account.

It may take an arbitrator to settle the difficulty.—Capper's Weekly.

A cop in Philadelphia arrested a man when he discovered him hunting for a couple of monkeys. The cop's mistake was natural of course. The idea of a man having to conduct a search for monkeys in this land of plenty is enough to make any cop skeptical.

Governor Al Smith of our neighbor state of New York is having his teeth mended. There are however, many people who don't think Al's trouble originates in his teeth.

A girl who was picked up unconscious after an auto ride was said to be only partially clad. Wonder how they can tell that these days.

Unless we are all careful we'll catch a real summer cold with the rain and cool breezes of the past few days.

It is a fine type of son to raise to be so good for nothing that his own country won't let him come home to attend the funeral of his father. Yet it is that kind of men that they are making Kings of in Europe. Sometimes you can't blame the Russians and others over there who have no love for Kings.

The Prince of Wales is said to take a run around his castle ground each morning before taking a swim in order to keep in physical trim for his hard work of being the Prince. The only drawback to this kind of training is that it doesn't toughen collar bones or make a man stick in the saddle.

Just about the time we have been getting the corn up to normal along comes a yap and says he heard a katydid and that means frost in six weeks. First time we had ever heard that katydids brought frost. They are about as reliable as the groundhog, and we wouldn't bank on him.

Riding is said to be great reducing exercise and looking at some of the females who are attempting to reduce by horseback riding all we can say is that we pity the horses.

One thing about the present day prize fighters is that they make more money in one fight than the President of the United States makes in his four year term. But it takes brains to be a President.

We have read of a couple over in France who have not been undressed since 1914. We are very much afraid that this couple has been missing their Saturday night bath.

There is said to be as good fish in the streams as ever were caught but the people who go out fishing for them don't seem to be able to find them.

A fatal accident occured in a nearby state when an airplane struck a tree. Some of these days trees will have to wear red flags and perhaps red lights at night.

How thankful Englishmen must feel, as they read about Rumania, that the Prince of Wales is in no danger of losing his throne because of a woman.

Green Chartreuse is to be popular as a color for the coming season. But this is in milady's clothes and not as a drink.

Bud Stillman's romance with the Canadian northwoods girl seems to be on the rocks and there doesn't seem to be any Indians in it either.

If only people would rest their tongues on Sunday, also.

Short and sad history of man: Half-baked; hard-boiled; roasted.

If only a conference could apportion suspicion in the ratio of 5-5-3.

Keep busy The price of corn is too low just because the borer is loafing.

You may tell a hick by his haircut, but all men are equal in the free masonry of baldness.

Flyers can't come down to earth in a fog; which shows that statesmen aren't unique in that particular.

Alas! When you're far from the madding crowd, you're far from free air.

There are two kinds of children: Happy ones, and those told not to be so noisy.

Bridge has one advantage as a gambling game. You pledge your social standing instead of walking home in a barrel.

AMERICANISM: A conviction that blowing a horn relieves you of all other responsibility.

Slowly we become a nation of town people, and after a while a bird song will be called noise.

Today

At Monte Carlo.
Our Mechanical Age.
Planes, Plows, Radio,
And Talking Machine.

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

Monte Carlo says Andrew Mellon plans to purchase "an extensive estate at Monaco."

Some Americans who have never invested in red, black, odd, even, passe or manque do not know that Monaco is a tiny principality on the Mediterranean and Monte Carlo, a small town of hotels and villas, in Monaco, containing the gambling house that finances the prince and his principality.

* * *

If Secretary Mellon should buy what would be for him "an extensive Monaco estate," he would have to buy all of Monaco. He would thus acquire a most beautiful palace overlooking the Mediterranean, a lucrative "joint" a little to the east.

But the estate could be lost in one corner of a Texas ranch.

* * *

However, until 1928, Andrew Mellon won't know whether he wants "an extensive estate" on Monaco territory or not.

If Mr. Coolidge should decide not to take a second nomination and a second election, Mellon might take a first nomination and election, in which case the Monaco residence would be postponed.

* * *

American prosperity hopes that the secretary's talk of "an estate in Monaco" does not mean abandoning his desk in the United States treasury building.

* * *

This is the mechanical age, and will be studied as such after our big wars and tenth rate literature and art shall have been forgotten.

A few years have moved the human race from the stage coach and hand loom to the locomotive, automobile, flying machine, submarine and giant loom.

And the work of expert mechanics continues.

* * *

Captain Round of the British Marconi Co., produces a talking machine record for the blind, expected to record a fullsized novel. And what is more important, the record will produce a whole symphony, without a break.

A man will be judged one day by his musical record library, as he is judged now by his library of printed books.

Radio will never displace music permanently recorded for the talking machine. To suggest it is like suggesting that lectures could replace public and private libraries.

* * *

On Long Island a man flew in a plane weighing only 290 pounds, at seventy miles an hour, with a twenty-three horsepower engine.

A machine weighing a little more than a heavy man, developing the power of twenty-three horses, capable of going through the air at seventy miles an hour and carrying more than its own weight, is a tribute to our mechanical age.

* * *

British engineers have constructed the greatest locomotive ever run in England, called "George V," developing a speed of more than 100 miles an hour.

* * *

Donald Woodward, at Leroy, N. Y., is experimenting with a plow that enriches the earth by plowing into it a high electrical voltage as the plow moves through the field.

Hamilton L. Roe, of Pittsburgh, who invented the plow, says the 103,000 volts of electricity that it carries destroys weeds and harmful bacteria, while renewing the fertility of depleted farm land and producing crops in record time.

The tractor that pulls the plow generates electricity sent through steel blades into the earth.

* * *

Many a farmer will be interested in a statement that the use of this plow in a buckwheat field freed the land of quackgrass and weeds, the buckwheat seed germinated in eighty hours and buckwheat plants grew twice as high as those in one-half the field that was plowed without electricity, and fertilized with "200 pounds of fertilizer to the acre."

* * *

When time and money are applied to agriculture as they are now applied to industry some of the farmers' troubles will vanish.

* * *

A special radio is constructed, not to carry messages from the earth to Mars, but to let the engineers of a freight train a mile and a half long talk to the conductor in the caboose, at the other end of the train. Caboose and engine contain identical apparatus, transmitter, receiver and double antenna.

The engineer removes the receiver, presses a button, and talks to the man in the caboose a mile and a half away with the train moving.

* * *

Young girl, good looking, rich, killed by a fall from the seventh story of an Atlantic City hotel. Police say she jumped out through the window screen. The only explanation they give is a bottle found in the room partly filled with whisky.

* * *

Secretary of War Davis, who is intensely interested in flying, realizing its importance, plans an army "hop" across the Pacific to the Philippines. The trip will be postponed until winter. The safest time for such a flight. The first nation to fly across the Pacific will have established a fact and a precedent most valuable psychologically. Also when we show that we can do it, we shall perhaps, realize that others could do it.

* * *

Royalty retains some ancient glories. King George's garden party last Friday was attended by 13,000 guests, including reigning monarchs from foreign countries, oriental rulers and rich Americans.

But royalty will never recover from the death wound that Napoleon inflicted upon it. He sent this invitation to the great actor Talma "Come and act at Enfury, you shall play before a potful of kings."

Royalty could survive the cutting off of royal heads, those of Charles the First and Louis the Sixteenth for instance, but it could not survive ridicule, and Napoleon made it ridiculous.

* * *

The art and science of advertising are important to national prosperity and to every enterprise. One expert says: "Make everybody see your advertising, read it, understand it, believe it and want what you offer. If your business is not worth advertising, advertise it for sale."

ABE MARTIN

It is said one o' th' improvements in th' new Ford is that it will not take up with strangers. Mrs. Lile Bivins, nee Miss Dot Mopps, has resumed her position as shopper fer th' Monarch 5 & 10c, after a delightful weddin.'

Dr. Crane's Editorial

WHO ELECTED LINDBERGH?

A short time past Mr. Lindbergh, a young Swede from America, occupied the spot light.

How did he get there?

Who nominated him and elected him?

Kings and prime ministers and everybody tumbled over themselves to do him reverence. He was brought back to America on the United States vessel and was received by President Coolidge.

Newspapers made a front-page issue of him and he had all sorts of offers from moving picture concerns and other people involving oddles of money.

How did he get in this position?

The Republican party was not behind him, neither was the Democratic party. No, not even the Prohibitionists or the Socialists. He isn't the son of a king nor the descendant of a pretender. He occupied his place without the old-time method of being somebody's son or the novel method of being voted in.

All of us people who are suffering from the inferiority complex would like to know about this. Every one of us would like to be "It" and have our hands shaken by kings and queens and jacks and ten spots.

Nothing doing!

We are still compelled to rise in the morning when the alarm goes off and are so blamed tired at night we don't care to play a game of pinochle with the neighbors, but go right to bed. It is a conspiracy to keep the laboring classes down. It is another attempt to oppress the proletariat. As far as we can see, Mr. Lindbergh has this undue prominence simply because he did something, which is all wrong. Men run for mayor and president over here because they are good hand shakers and good baby kissers and spell-binding orators, not because they can attend properly to the duties of their office. This is Democracy.

This idea that a man can have the spot light simply because he does something is revolutionary and threatens our most cherished institutions. Of what value is pull and influence and popularity and all that sort of thing if some bozo is going to come in and walk away with the prize simply because he makes good?

Let all free men arise and do something or other. A bomb should be thrown or a meeting held or some

(Continued On Page Five)

The World AND THE Mud Puddles

FOR GAITY OF NATIONS.

THE PROHIBITION MACHINE, shaken up once more, revised, corrected, renovated and under new management, is now to become a profit making affair. Prohibition is to pay its own way. District administrators who can't "do business" will have to get out, according to the ultimatum of Assistant Secretary Lowman, successor to the able General Andrews. An ingenious and extensive scheme for confiscations of property, plus income-tax prosecutions, is to be added to the ordinary routine of criminal prosecutions for violators of the Volstead act; and the revenues therefrom are expected to permit the enforcement machine to show an annual balance "in the black".

These pronunciamentos of prohibition regimes will be taken with a grain of salt—it being illegal to take them with anything more refreshing—and expect no more revolutionary change from this new scheme than was taken from the former plan to dry up the sources of illicit liquor. In the words of Tad's little doo-dad, "Most of it's the bunk."

This is disrespectful—of course,—perhaps reprehensibly so; but the proposal is not impractical. Prohibition enforcement not only can be made to pay for itself, but it frequently has been made to do so, in one district or another. The only difference implied by the present proposal is that Commissioner Doran promises to turn the profits back to the Government. Heretofore they have been distributed among private individuals.

It is estimated that 8,000 bootleggers in New York City paid income taxes in 1926. Bootleggers can afford to pay income taxes. In addition, a prosperous bootlegger can afford to pay an extraordinarily high overhead in the way of fines, assessments, graft, confiscations, and the like. Of the Government perfects a scheme whereby the money which has heretofore gone to graft alone is now turned over to the enforcement authorities officially and openly—by means of confiscations or fines or what-not,—it will be perfectly possible to make enforcement pay a profit. It should not be hard to do so.

But if this is done, the Government will eventually have to take due precautions against destroying this new source of revenue. The illicit liquor business is extraordinarily well able to pay a high return upon the money which the Treasury is willing to invest in "enforcement" but if this ability is capitalized for what it is worth, or anything like what it is worth, the Government must be reasonable about the amount of enforcing it does. It must regulate the liquor traffic, rather than strictly enforce the anti-liquor laws. And in time, as profits increase, the Government will find it advantageous no doubt, to confine its regulation to something like co-operation.

This all has a fantastic sound, but it is implied by the new slogan. If enforcement is to pay its own way, it will inevitably cease to be enforcement. But, after all, "enforcement" isn't quite the name for it now.

General Andrews found his organization over-taxed by the job of merely detecting, arresting and convicting liquor-law violators. His successor, with the same organization, proposes to add the burden of extracting a profit from the violators as well. Maybe he can do it. The chances are that he can't. But the proposal makes an impressive sales talk for the new administration.

Bible Thought For Today

TRUTH AND GOODNESS:—For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgement: the earth is full of the goodness of the Lord. Psalm 33:4, 5.

PRAYER:—I will praise thee, O Lord, with my whole heart, and I will show forth all thy marvelous works.

One Year Ago

Robert T. Lincoln, last surviving child of President Abraham Lincoln, died at his home at Manchester, Vt.

C. B. D. CHARLES B. DRISCOLL

BLIND BUT GAME

Life is made thrilling for me by men like Augustin F. Massa. When I hear about Massa and his kind, I am proud of the human race. I feel a new interest in life. I go to work, reading in the newspaper on the train, all about robberies and cruelties and embezzlements. But all the while I'm thinking, "That's true enough, but we have among us such persons as Augustin F. Massa, Charles A. Lindbergh and some others whom I know. It is a very good world, and the race that peoples it is an admirable creation."

When Augustin Massa was nine years old, he was having a lot of fun one day, with some of his playmates. They had got hold of dynamite caps somewhere. Massa wasn't afraid of dynamite caps. He put one down on a rock and hit it with a hammer.

That was nineteen years ago, and Massa has been totally blind all of those nineteen years.

Recently Massa was admitted to the bar in New York, having passed his examinations with great credit.

* * *

After his injury, the Massa boy was placed in school at the New York Institute for the Education of the Blind. In 1919 he entered Columbia University. He was graduated with his class, and then entered law school, completing the course along with those who entered at the same time. Thus he got his Bachelor of Arts and Bachelor of Laws degrees.

It wasn't so easy as it sounds. Massa had to remember what he heard at the lectures. He made a permanent note-book of his mind, carefully storing in it the facts and principles that other students filed in black and white.

The blind law student had to earn most of his college expenses. A good many jobs were closed to him, of course, because he could not see to wait on table or help in the library. So he offered himself as a blood transfusion subject at a hospital. A certain fee is paid at the big hospitals for each blood transfusion to which a healthy young person consents. This money helped pay Massa's expenses. Also he became an expert checker player, and played exhibition games for fees at an amusement park. One has to be ingenious, rather than dignified, to earn one's education when one is blind.

Thank you, Augustin Massa, for the inspiration you have furnished to thousands of us who can see.

War Dept. Will Make Air Corps Fighting Force

New Type Of Bombers To Be Most Effective In World Armies.

Three "Wings" Of Service To Give Whole Country Modern Protection.

By MAURITZ A. HALLGREN
International News Service Staff Correspondent

WASHINGTON, July 26.—Satisfied that aviation has proven itself vital to the military needs of the nation, the War department is now pushing the development of the air corps as a major fighting branch of the army. Foremost in this drive, according to Assistant Secretary of War for Air Davison, are plans for evolving an effective bombardment type of aircraft that will outspeed, outmaneuver and outfight any other place now in existence.

The air corps, Mr. Davison said, is now testing six experimental bombers of ultramodern design, one of these being a Curtiss "Condor," actually a flying warship, which carries six machine guns and two tons of high explosive bombs. The type finally selected will be made standard and the War department expects to produce as many ships of that type as can be manufactured with the funds available under the five-year air program.

In Three Groups

In line with this development the air corps also plans to divide continental United States into three sections for defensive and offensive purposes. Three "wings" will be established, "bombardment wings" on the Pacific and Atlantic coasts purely for defense, and a third "wing" along the Mexican border for either defensive or offensive operations. The Eastern "bombardment wing" will have its headquarters at Langley Field, Va.

The attack group now stationed at Fort Crockett, Texas, will be converted into an "attack wing" and will be maintained along the border, though its headquarters have not yet been selected. This unit will consist of three attack squadrons, three pursuit squadrons, two service companies and a photographic section.

Sends Out Call

At the same time the War department is seeking to fill the numerous vacancies now existing in the air corps. The corps now has approximately 900 commissioned officers, but its full complement is 1,650. A call has been sent out to other army officers for their cooperation. The call read:

"There are many vacancies in every grade in the air corps, which the War department is desirous of filling as early as practicable. The attention of officers of other branches is invited to the promising future of aviation in general, and of the army air corps in particular, and those interested in aviation who have the necessary qualifications therefore are urged to submit to the adjutant general application for detail in the air corps for flying training with a view to eventual transfer thereto."

Just Folks

By EDGAR A. GUEST

THE DUB GOLFER

I'm the sensitive soul that is known
as the dub!
I'm the fellow that's shunned by the
boys at the club.
On the course I am slow,
And I get in the way.
There is much I don't know
About golf I may say.
I'm supposed to stand by when good
golfers shout "fore!"
And if I refuse all the members get
sore.
I'm never considered when matches
are made,
But my bill always comes when the
dues must be paid.

I'm laughed at by youngsters who
drive straight and far.
I'm jeered at by boys who can shoot
holes in par.
I'm a dub at the game
And I just plod along,
But I'll add, just the same,
That I'm one of a throng.
We may not be much in the tournament play,
We may clog up the course in our pitiful way.
We're not wanted out there, but they
never forget
To assess us whenever they've run
into debt.

I'm a dub with the many; despised
by the few.
Old Hundred's the best I can possibly
do.
But I notice when they
Post the names at the club
Of the boys who don't pay,
There is seldom a dub.
It's often the wonderful golfer who's
short,
The fellow who shouts we've no place
in the sport.
And I shudder to think what the
clubs would be like
If we dubs got together and went on
strike.

Capital Resents British Charges On Naval Parley

Keen Resentment Felt Over Charges Made By British Committee On Defense.

AGREEMENT IS NOT EXPECTED

State Department Says Delegates Not Instructed To Make Concessions.

(International News Service)

WASHINGTON, July 26.—Keen resentment was expressed at the state department today over charges of the British committee of imperial defense that America had misrepresented Great Britain's case at the Geneva naval limitation conference.

Officials declared they were unable to understand how such accusations could be levelled at America. The American position has been perfectly clear since the very beginning of the conference and no effort has been made to becloud or confuse the issue by garbling or mis-stating Britain's views, it was stated with emphasis.

The suggestion that "President Coolidge received inadequate official report" from Ambassador Gibson, head of the American delegation, or from the state department, was ridiculed. The state department declared that the president, now in the Black Hills, was kept constantly and fully advised of developments at Geneva. He is well acquainted with Britain's naval requirements and the British position.

One official said today that Great Britain apparently "was seeking a way out" in an effort to escape blame in event of failure of the conference. No agreement is looked for by officials here.

The American delegation at Geneva has not been authorized to recede from its original limitation demands, it was said at the department today.

Dr. Crane's Editorial

(Continued From Page Four)

measure should be taken to redeem our party system or our hereditary nobility from the asparagus that has been thrown at them. Down with Lindbergh! Up with Limburger !!

What did Lindbergh do anyhow except a little matter of flying 3,600 miles in about thirty-three hours.

He has not voted the straight ticket all his life and maybe his uncle burned a hayrick or something scandalous has taken place in his family.

Just you wait and see!

For the benefit of the morons, I will postscript that the above is sarcasm. My yell for Lindbergh is loud.

Tomorrow—Child Atheism.

Initiation Night At Y. W. C. A. Camp

"Initiation Night" was observed at the Y. W. C. A. camp at East Brook last night. The new girls there were officially initiated into camp activities at that time. Today they are members of the camp in the real sense of the word and the girls who have been there for a while have nothing on them.

One of the features of the initiation was the hair-braiding act. All those being initiated were required to braid their hair in as many braids as they were years old, so the other girls could tell how old their victims were.

Another thing was that they were required to wear their clothes wrong side out and backwards. They were made to go through other performances too, before the evening was over.

The committee in charge of the initiation consisted of the following: Frances Rosenthal, Eleanor Bichton, Helen Mock and Bernice Roth.

Safety Sam Says:

T' those who'd like t' avoid that run-down feelin', I'd like t' suggest that they Cross Crossin's Cautiously.

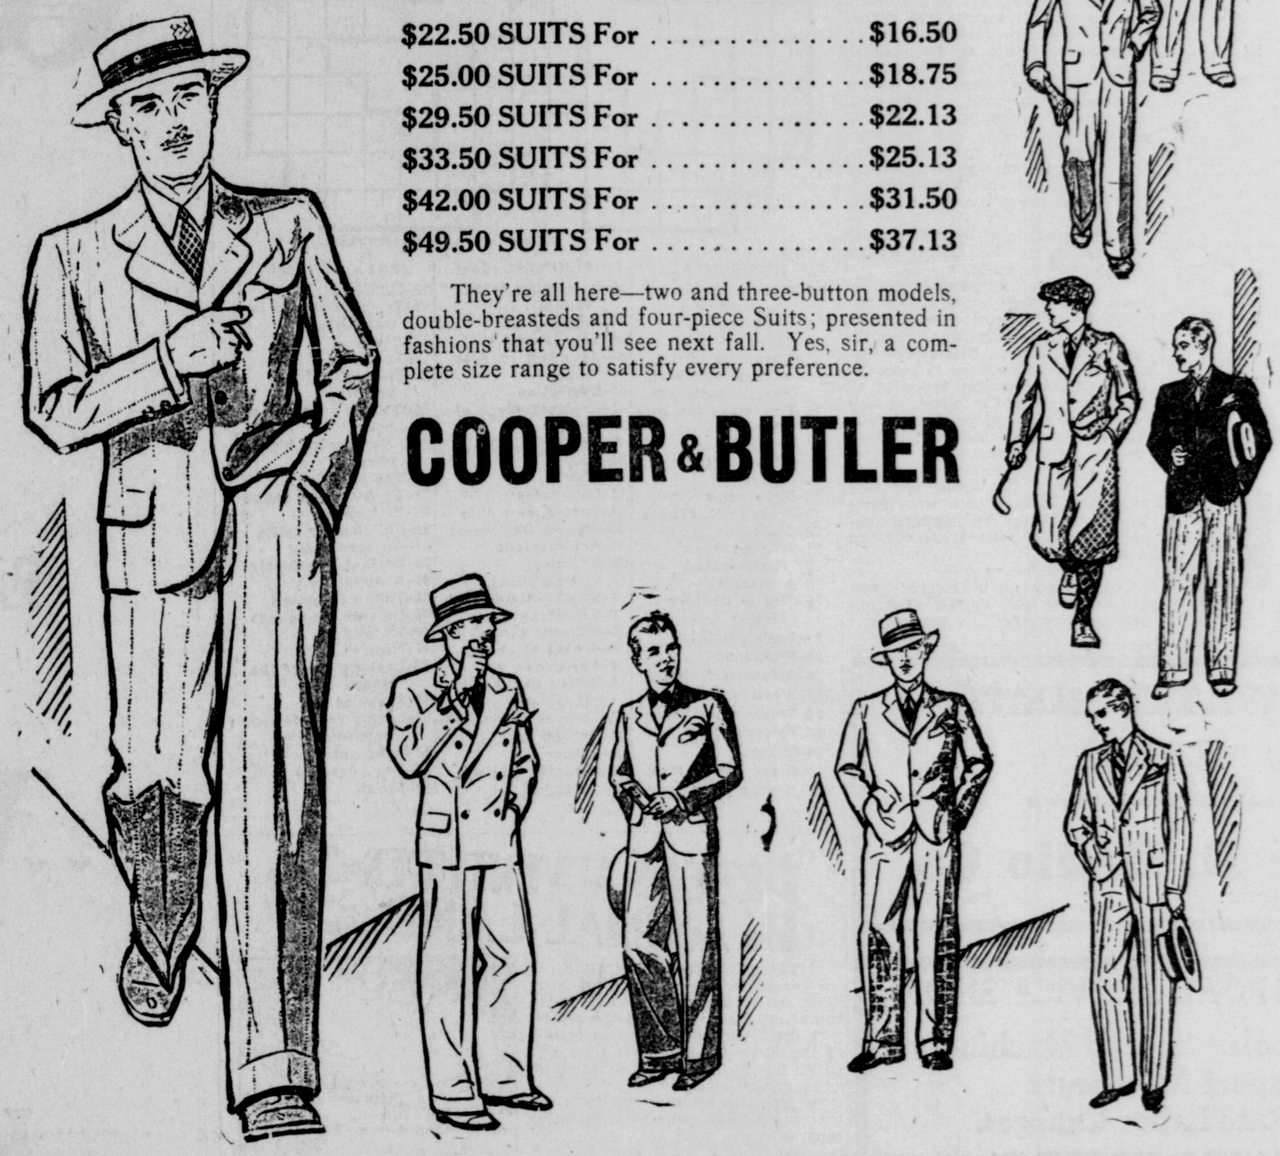
$49.50 SUITS For $37.13

They're all here—two and three-button models, double-breasteds and four-piece Suits; presented in fashions that you'll see next fall. Yes, sir, a complete size range to satisfy every preference.

COOPER & BUTLER



Camp East Brook Notes

Following is a report of some of the doings at the Y. W. C. A. camp at East Brook at the present time. A camp song has been composed and various other things done.

CAMP EAST BROOK SONG
By Florence Teitelbaum

Tune, "Remember".

Remember the weeks—the weeks we spent at East Brook—remember, remember the hikes, the swims, the games at East Brook.

Remember, remember those nights, those days we loved—with all else forgot but sport and fun. Wherever we go in years to come—we'll always remember Camp East Brook.

THE BUGLE
Poem Composed by Katherine Cramer

Dear old Camp East Brook, we leave
you today,
Dear to our hearts you will always
remain,
And as we go wandering the whole
summer through,
Our thoughts will always be with
you.

CLEVER SAYINGS BY CLEVER PEOPLE AT THE CAMP

Jane McClung: "Say, are you throwing that good marshmallow away?"

Mary Tewell: "No Spoofing, kid."

Emily Parker: "He ha he ha."

Elizabeth Turner: "Clarabelle did it."

Clarabelle Clark: "Ouch, my knee, my neck, my tooth, my feelings; 'wow'."

Sadie Lapitski: "Gee, look at my sunburn; ain't that nice?"

Helen Mock: "Light, and now."

Roxanna Cramer: "Can't you leave me alone a minute?"

Katherine Cramer: "Get off that bed and don't set on it again."

Evelyn Levine: "Well, you know."

Virginia Gray: "Gee, I love to wash dishes (and how?)"

Becky Speer: "Now lay off of me, ya big bum, my nose is all right."

Annabelle Wilcoff: "I might think of somebody else."

Bernice Roth: "My sister Julia said . . ."

Evelyn Buck: "Oh my poor tummy."

Evelyn Selcoultz: "Want some candy, want some gum."

Marjorie Licherman, "No, I don't need any practice today."

Harriet Nunion: "Miss Stewart." "Yes Harriet." "Oh nothing." (blush. blush. "Really nothing."

Dorothy Kenena: "Really I can't sing."

Freda Raeder: "What, am I D. P. again?"

Anna Mary Puder and Eleanor Diskin, roommates: "Silence, silence, silence."

Frances Rosenthal: "Noise." Now consider yourself sit on, "more noise."

Bertha Speegel: "Lend me that broom, will ya, huh?"

Ruth Jameson: "Yea, I work to reduce, but I don't want to get skinny."

Lillian: "Oh please say yes, I love to hear you say it."

Margaret Martin: "Gee, Kennywood, and I don't mean prescription."

Jennie Jim: "Come and look at the angels, John, ain't they pretty?"

Alberta Miller: "Now mom."

KID PARTY STAGED

The girls at the camp, tired of being grown up, decided to return to their childhood days and therefore gave a "Kid Party" Thursday evening.

The party was staged by a march around the room while the judge picked out the winner. The winner turned out to be Miss Jane McClung and she was awarded the prize, it being a lolly-pop. Jane, not being stingy, passed the lolly-pop around for a lick. They played childish games, such as "Farmer in the Dell," "Blue Bird", etc. After this they wandered off in twos, some to their rooms and some for a walk. Everyone had an enjoyable evening.

The camp girls were divided into four groups and each selected a captain.

The names of the groups were as follows: group No. 1, Ne-Pa-La, Florence Teitelbaum; group No. 2, Go-Getters, Jane McClung; group No. 3, the Nutty Eight, Anne Coffman; group No. 4, the Get Theres, Marjorie Lieherman.

Chain Letters Cost Large Sum

A chain letter received in Detroit had progressed through 30 links. He requested copies be sent to nine more persons. A misguided mathematician undertook to figure out how many persons the chain letter would have reached if the first nine persons had complied with the request and all subsequent chains remained unbroken says "Capper's Weekly." If you know what "nonillion" means you know what the total was. Here it is in figures. 30,903,157,336,976,794,116,533,-167,446,,529.

The Detroit News" estimates that the postage on this batch of mail would make the United States national wealth of $355,300(000,000 look like pin money. If only three of each group of nine recipients of the chain letter were foolish enough to keep the chain unbroken the total carried through thirty links would be more than one-third of a quadrillion and the postage would cost nearly twenty times our national wealth

In preparation for the expected throngs of foreign visitors at the Olympic games next year 250 police officers of Amsterdam are now taking an intensive course of training in English, French, German and other languages.

Auto Club Seeks To Speed Traffic

Norristown Is First Community To Join In National Movement.

Street Conditions To Be Remedied As Service Aid To Motorists.

PHILADELPHIA, Pa., July 26. — As part of the Nation-wide movement toward standardization of motor traffic conditions, the Keystone Automobile Club have inaugurated a service calculated to facilitate the flow of traffic through town and boroughs on important highway routes.

The plan advanced by the Keystone Club is that of offering to the towns and boroughs the services of qualified and experienced traffic experts in directing surveys of local street conditions as a preliminary to the drafting of new traffic codes.

Norristown is the first community of Pennsylvania and New Jersey to take advantage of the offer. A survey is under way, directed by W. S. Canning, director of the club's engineering department, and a former member of the engineering staff of the Pennsylvania Department of Highways and a recognized expert in traffic problems.

The Keystone Club's policy, in connection with traffic regulation is outlined in a statement issued yesterday by J. Maxwell Smith, executive secretary:

Club Organizes Police

"When we organized the engineering department we told the public its services would be available to any community in Pennsylvania and New Jersey in the handling of any problems connected with motoring. The first call for aid came from the Borough Council of Norristown, which has a complex traffic situation. Mr. Canning, with a corps of assistants, has already begun the survey.

"In offering this assistance to communities in the two States the Club is actuated by the thought that it can contribute immeasurably to the comfort and convenience of the motoring public by facilitating the smooth flow of traffic through towns on important highway routes.

"With capable engineering direction replacing the haphazard systems introduced by laymen, both the towns and the motorists will be benefitted. To this end our surveys and studies will be made on a scale never before undertaken, except in metropolitan centres. A traffic count will be taken of all vehicles entering and leaving the business sections. Studies will be made of congestion at principal street intersections, with complete tabulations of the cause of delays. The study will include all classes of traffic, with particular attention centred on the street and steam railway phases.

"From analysis of figures obtained recommendation for traffic control systems will be made.

"To further co-operate with the town, an advisory board will be appointed, consisting of representatives of all the business interests within the congested district. The representatives of the club will be in consultation with the advisory board at all times regarding the effect of any recommendation upon a particular line of business represented by any member of the board."

The survey of a scenic air route along the Pacific Coast, from Portland to San Francisco, has been completed by the National Aeronautics Association.

The temperature in England never has exceeded 100 degrees Fahrenheit since records have been kept.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

SITTING IN THE SHALLOWS

Peter waited until Lady Bird had flown out of sight and then he continued on his way toward the pond.

"I don't understand how so many of the little people live to grow up as do," said he, talking to himself as he ambled along.

"It seems to me that the folks of the out-of-doors spend most of their time scrapping with each other. If they fought and got it over with, it would not be so bad, but each beast, bird or insect does his best to put the other fellows out of the way.

"Fox sneaks along the bank and when Duckling comes out of the water to take a stroll upon the shore the sly four-foot pounces upon him and eats him up.

"But Duckling has gotten just what he deserves, for only a short while before he has floated about in the water as silent and as motionless as a piece of bark and has waited until Froggie has popped up his green head from the mud for a breath of air and then—kersplash! Froggie was no longer in the water but in Duckling's mouth.

"As for Froggie—well, one might feel very badly about what happened to him if one did not know that only a few moments before he met his own fate he had gobbled up every unwary insect that flew within his reach.

"No, I can see no good reason at all just why because Froggie is the Beetle's foe he cannot be my friend. I am not going to mix up in the little people's squabbles! I shall keep on good terms with them all."

By now Peter had come to the pend.

FROGGIE HAD TAKEN A LEAP THAT CARRIED HIM FROM THE POND TO THE SHORE

He looked about him. Where was Froggie? Had the fellow forgotten his promise to meet him? Certainly there was no sign of him on the shore or in the shallows. Then for a moment he quite forgot the friend he had come to find.

"Why, what in the world is that queer green knob sticking out of the water?" cried he. "And there is another, and another, and another. Why, they are all along the edge of the pond. Can they be moss-covered stones? Am I seeing things or did that one nearest me just move? Gee Whillikens! Those bright spots shining at me are eyes. They look like Froggie's. They do belong to a Frog as sure as I'm alive. Nothing else but a Frog has such a big mouth. I thought so. There come its head and shoulders. Why, it is Froggie himself. I wonder if he sees me?"

But before he could call out, Froggie had taken a leap that carried him right out of the shallows to the shore and there he sat blinking up at the boy.

"Well, two-legs, you are late in arriving," remarked he. "I have been sitting in the shallows for a long, long while. Thank goodness there were plenty of insects to take up my time or I might not have waited so long. What did you think of that for a jump?"

Peter clapped his hands.

"That was some hop, Froggie!" cried he. "You must have wonderful legs to carry you such a distance. Is that what you call sitting in the shallows? If it hadn't been for that green knob on your head I should never have noticed you at all. As it was I thought you were only a moss-covered stone."

Next: "Meeting the Hop o' My Thumb."

Ellwood Golfers To Play Mercer

Teams Will Meet At Mercer On Friday; Other News Of Mercer

(Special To The News)

GROVE CITY, July 26.—The Grove City country club golf team will meet the Ellwood City country club on the local links this Friday for the annual match. Ellwood City will probably bring about 30 players to Grove City. Last week's match which was played at Sharon was called off on account of rain after about 10 holes had been played.

Many new features have been added to the regular program of the annual Grove City Dairy show which will be held at Memorial park September 1 and 2. A special committee will be Dr. Myrtle Jack, chairman, Mrs. E. G. Bowles, Mrs. Frank McDowell, Mrs. Thomas Cooper, Mrs. W. H. Davis, Mrs. N. E. Sampson, and Mrs. J. D. Baker, has planned an interesting program, which is as follows: Friday morning, September 2, cooking or canning demonstration using a pressure cooker, which will be put on by a home economics representative from State college. A special demonstration of work being done by the Girls Sewing clubs in the county under the supervision of Miss Lora Pinder, home economics worker, has been arranged. A health program will be put on under the direction of the Grove City Health Center association, Dr. Myrtle Jack, chairman, and an examination will be made of all pre-school children and babies by Dr. Dickey, Mercer county health doctor, Dr. Farries, Crawford county health director, and Mrs. Hazel Smith, state nurse.

Dr. Robert C. Shaw, deputy superintendent of the Department of Public Instruction of Harrisburg arrived in Grove City Monday and will spend four days at Grove City college giving special lectures. Dr. Shaw is one of a number of special educators engaged during the summer term of college to give educational instruction to teachers.

A number of young people of the First Presbyterian church of this place are planning to attend the Young People's conference at Meadville, August 1-7. The conference affords a wonderful opportunity for instruction, recreation and social intercourse under Christian direction. Rev. William Raiph Hall, D. D., director of young peoples work, board of christian education, will be the conference director. The other instructors of the conference will be: Mrs. E. W. Pocock, Cleveland, O., R. J. Dosker, D. D., New York City, Miss Mary Macomber, Philadelphia, Rev. R. F. Creey, Erie, Pa., Rev. O. G. Lawson, Bradford, Miss., Bess Cohout, Erie, and Rev. John Paul Jones, Binghanton, N. Y.

J. P. Hassler, bursar of Grove City college spent the week-end at Shelby, Ohio. Mrs. Hassler and son Bobby who were visiting at Shelby returned with Mr. Hassler.

THE WRONG COLOR.

BALTIMORE, July 26.—Laura Henderson, 24 and colored was painting the roof of her home when Patrolman Patrick Murphy happened. She was making such a job of it that the officer decided she was disturbing the peace and told her so. Laura countered with a can of paint which was red and which made Murphy appear like a British Tommy in full dress uniform. He escorted her to the station. "Is it Pat?" cried his fellow policemen in horror.

JOKE PUP BECOMES MOVIE STAR

BEVERLY HILLS, Ill., July 26.—Three times did Charley Heck of Beverly Hills try to give away Tipper, an 8-months-old Irish terrier. Tipper had the reputation of frolicking about the gardens and lawns of neighbors, doing nothing more useful than to dig up flowers. So as a joke Charley entered the dog's picture in a motion picture contest. Tipper carried away first honors, $300 and a chance to appear in the movies. Charles won't give the terrier away now.

Berlin has begun preparations for a big aero exhibition to be held there next year.

Buzz guests make a hit

FLIES—annoying, filthy pests! Kill them at once, with Flit.

Flit spray clears the house in a few minutes of disease-bearing flies, mosquitoes, bed bugs, roaches, ants and fleas. It searches out the cracks where insects hide and breed, destroying their eggs.

Flit kills moths and their larvae which eat holes. It will save your clothing, furs and rugs. Clean and easy to use. Will not stain.

Flit is the result of exhaustive laboratory research. It has replaced old ineffective methods. Fatal to insects but harmless to mankind. Recommended by Health Officials. Buy Flit and Flit sprayer today. For sale everywhere.

Don't Stop On Highway To Repair Car—Hanlon

"One form of road-hogging that is coming in for considerable condemnation at the present time is that of utilizing the highway as a repair shop when something goes wrong with the car. It is a type of selfishness which presents a very definite hazard and is one that every motorist should make a special effort to avoid," says B. N. Hanlon, manager of the New Castle Motor Club.

"With millions of motorists on the road this summer, it is obvious that converting the highway into a temporary repair shop in case any minor trouble develops in the car, is a hazardous practice," says Mr. Hanlon.

"The greater volume of traffic, together with the fact that many states have raised the speed limits for automobiles, makes this danger even greater than in the past."

"Many motorists, however, apparently are oblivious of this danger. When a tire goes flat, instead of pulling entirely off the road they are content to stop on the highway and make the change. In the case of carburetor adjustment or other minor repair to the engine this is dangerous enough, but when a tire is to be changed it is doubly hazardous because the operation requires considerable moving around and the use of several extra devices such as a jack and lug wrench. Even if the car itself is over on the edge of the road, if the punctured tire is on the left side it means that the motorist will be working out in the line of travel."

"With traffic bearing down upon him from both directions, naturally his position is dangerous to himself and to the other motorists," Mr. Hanlon says.

"The A. A. A., with which this club is affiliated has made this terse warning concerning this practice: "Drive the car entirely off the road before attempting to make any repairs to it."

Flames Destroy Bottle Factory

Knox Glass Company Loses $45,000 On Late Purchase

KANE, Pa., July 26.—Fire on Monday afternoon destroyed the plant of the Knox Glass Bottle Company at Wilcox, eight miles south, with a loss estimated at $45,000.

The plant, formerly owned by the Sheffield Bottle Company, was purchased by the Knox Glass Company of Knox, Pa., a few weeks ago, and was one of several bottle making plants operated by that company.

About 100 men are thrown out of employment. Johnsonburg sent aid to the Wilcox firemen and the blaze was kept from destroying other buildings.

LOCAL MINISTERS AT CAMP MEETING NEAR SHARPSVILLE

Rev. C. O. Whitford, pastor of the Arlington Avenue Free Methodist church, Rev. George McCleery of the Coaltown Free Methodist, Rev. Edward Blews of this city and Rev. Edwin Butterworth of Ellwood City, are attending the annual Free Methodist camp meeting of the New Castle and Erie districts which is now in session at the Maple Camp Grounds near Sharpsville, Pa.

On account of the illness of his wife, Rev. J. T. McNaughton, pastor of the Dewey Avenue Free Methodist church will not be able to attend.

Dr. A. J. Beattie, presiding elder is one of the speakers of the meeting. Rev. Fairbarin of Ontario, Canada, is also one of the outstanding speakers.

The camp meeting will close next Sunday.

Mystery Surrounds Oxygen Action In Life Processes

Oxygen's Role In The Life Call Is Greatest Mystery To Science

(International News Service)

STATE COLLEGE, Pa., July 26. — Another scientific mystery surrounding life processes is the action of oxygen in the living cell, Dr. W. Mansfield Clark, of the U. S. Public Health Service, told the Institute of Chemistry of the American Chemical Society today.

A few details have been beautifully worked out, Clark said, such as the transportation of oxygen in the blood, but what actually happens in the cell itself when oxygen is brought to it is as much a mystery as ever, he declared.

Oxygen's role in the life cell is one of the greatest problems of chemistry, Clark said, and its solution has been greatly delayed by unsound theories deduced from insufficient facts.

Clark stated that more had been written bearing on the subject than one person could properly assimilate in a lifetime. This greatly hampers progress in researches, he said.

The speaker declared he had reversed the presumption of the ages in taking as his basic assumption that oxygen is not necessary to all life. Clark said he hoped by this method to gain a clearer understanding of the problems of the chemistry of oxygen in life.

COUNTY WOOL POOL IS BEING LOADED

Loading of the Lawrence county wool pool commenced this morning. It is being loaded at the Moravia street storehouse where it has been ever since it was purchased by Horkheimer Bros., of Wheeling, W. Va.

The work of loading the wool, which was one of the largest in the state, will take all day Wednesday also.

Ninety Six Miles Of Streets In New Castle

New Castle, a city of 5,000 acres, has 42 miles of paved streets asserts City Engineer F. F. Miller in his annual report which has just been published.

Of the paved streets over 29 miles are of brick, five and one-half miles are of reinforced concrete, five miles are of asphalt block, one mile is of Amiesite paving and almost a half mile is of Kentucky rock.

Total length of streets paved and unpaved is 96 miles.

Ninety-nine miles of sewers underlay these streets. Sanitary sewers have a mileage of 83 miles while storm sewers are 16 miles long.

Seventh Ward

Queen Esthers Home From Week At Camp

Girls Report Having Enjoyable Week; Other News Notes Of Seventh Ward

The member of the Junior Queen Esther society of the Mahoning M. E. church who had the past week been camping at the Daugherty home about two and one-half miles beyond Slippery Rock returned home on Monday.

The girls report having a most enjoyable time. The week was spent in swimming, boating, out-door games, hikes and a general good time. The girls were in charge of Mrs. Will Logan, supervisor of the society and Miss Bernice Schoolcraft, deaconess at the Mahoning M. E. church.

The girls enjoying this week at camp were as follows: the Misses Minnie, Anna and Iniz Croxall, Virginia Yates, Dorothy and Edith Johnston, Henrietta Emerick, Helen Anderson, Harriet Truby, Doris Tackitt, Gertrude Moore, Ruth Stimple, Miss Schoolcraft and Mrs. Logan and Mrs. Logan's sons Robert and Walter.

VISITING HERE.

William Dale Logan in the Marine band at Yorktown, Va., is visiting at the home of his parents Mr. and Mrs. Will Logan of North Lafayette street. He expects to be here about ten days.

VISITING RELATIVES.

Miss Mildred Butts of West Cherry street is visiting with relatives and friends at Cherry Run and Martinsburg, W. Va.

RECOVERING.

J. H. McBride of Arch street, who was injured more than three months ago in an accident which occurred on the B. and O. railroad in the Hazelton yards continues to slowly improve at the City hospital at Youngstown, O. where he has been confined since the accident occurred. Mr. McBride is able to be about the hospital in a wheel chair.

EXPECTED HOME

Mrs. Roy Watson and son George of North Cedar street are expected to return home Wednesday from Hot Springs, Arkansas, where they have been spending the past month at the former's home.

VISITING HERE

Mrs. Hiram H. Coates and daughter Marjorie of Maywood, Ill., are visiting with Mr. and Mrs. H. G. Coates of North Liberty street.

AT WHEELING

Mr. and Mrs. Henry Thayer of North Ashland avenue are visiting at Wheeling, W. Va.

RETURN FROM TRIP

Mr. and Mrs. D. C. Offutt of West Cherry street returned home Sunday from a motor trip to Lebanon, Bardstown, Ky., and other places visiting relatives and friends. At Bardstown they visited, "The Old Kentucky Home." Enroute home they visited over Saturday with Mrs. Offutt's mothers at Pittsburgh. They had been away about a month.

PLAN SPORTS FOR PICNIC.

The members of the sports committee for the Mahoning M. E. Sabbath school picnic had a meeting at the home of Mrs. M. C. Adams on West Madison avenue Monday evening. As planned the program will consist of in the afternoon a baseball game betwen the single men and the married men; also in the afternoon there will be aquatic sports. At Harding park where the picnic is being held there is an excellent place for bathing.

After the picnic supper the committee has planned a track meet, with races and contests of all kinds for children, boys and girls and grown-ups. Prizes will be awarded to winners. This picnic is being held on Wednesday, August 3.

This committee in charge of the sports program for the day is comprised of Helen Anderson, Inez Croxall, Miltreata Flowers, Myrtle Butts, Henry Leichty, Carl Wright, James Yeager and Richard Wallace.

AT DORMONT

Miss Hannah Evans of West Madison avenue spent the past week visiting with friends at Dormont, Pa.

HOME FROM ALABAMA

Mr. and Mrs. John Ferris of North Cedar street have returned home from Elva, Alabama, where they had been visiting with relatives for a month. They were accompanied home by Miss Carrie Vaughn, sister of Mrs. Ferris who will visit here for some time.

HAVE GUESTS

Mrs. William Carnes of North Liberty street has as her guests Elizabeth and Harry Spencer of New York City.

Miss Elizabeth Golliday of Cadiz, O., has returned home after visiting with Mrs. Carnes.

AT CANTON, O.

Miss Virginia Howard of North Liberty street has returned home after spending a few days visiting at Canton, O.

UNDERGOES OPERATION

Frank, son of Mr. and Mrs. J. T. Clark of the Youngstown road, recently underwent an operation for appendicitis at the New Castle hospital. He is reported recovering nicely. Mr. and Mrs. Clark formerly resided in the ward.

Baseball Player Killed In Crash

(International News Service)

CONNELLSVILLE, Pa., July 26.—A baseball player was killed and six other persons were injured, one seriously, when a truck overturned after striking a dirt mound on a road near here. The accident occurred last night when the truck was returning home with the Star Junction Sokols team, after they had engaged an independent nine at Smock, near here.

Fourteen other persons escaped uninjured. All from from Star Junction.

Andy Hussar, 25, first baseman, was killed. His neck was broken when he was pirined underneath the truck.

Three other players were among the injured—Peter Urich, 22; William Kearns, 26, and Paul Hussar, 19, a brother of the dead man.

The other three injured were Joseph Angelo, 20, a fan; William Flanigan, 22, truck driver, and Joseph Stazula, 38, team manager.

Of the injured, only Urich was in the hospital here today. Urich's condition was not critical, however.

The army is going to walk on rubber heels, according to a Washington dispatch. That "Tramp, Tramp, Tramp" song now can be changed to "Shush, Shush, Shush."

Coolidge wore chaps; he's the cowboys' candidate. We are wondering who'll knock off the flagpole-sitters' vote.

Some Suggestions Made To Farmers

State College School Of Agriculture Points Out Some Timely Matters

Pennsylvania State College School of Agriculture call attention to the Lawrence County Dairymen that July and August are the danger months to the dairy herds on account of the shortness of pasture.

The cows need extra feed to make up for the shortage of pasturage. The herd should be watched carefully and if the milk flow shows a marked decrease or the cows begin to lose flesh, they should be given green feed or hay with the grain.

State College calls attention to the poultrymen that they provide shade for the young birds. Many poultry flocks do not have the natural protection from the summer sun so some means of protection must be provided.

Moving the colony house near a cornfield makes ideal range conditions. Sunflowers planted around the colony house also will provide satisfactory shade. If the colony houses cannot be moved near a cornfield or sunflowers are not used, some form of artificial shade should be provided. Old feed bags placed on a frame about two or three feet above the ground will give the needed protection.

Now is the time to sow the clover crop in the cultivated orchard. Crimson clover, crimson clover and oats, Mammoth clover, rye and vetch are all good. Only if rye is used it should be turned under early next spring.

Dahlias are heavy drinkers and require plenty of water and close cultivation during the hot dry months. The removal of surplus buds will insure beautiful blooms. A dressing of bone meal also will prove beneficial.

In Wichita, Kan., the women held a gasless day to protest gas rates. One of these days there's going to be a big news break when the dressmakers raise their prices.

Canada is rapidly extending its use of airplanes in forest and survey work.

Castle Council To Plan Picnic

The Castle Council of the Junior O. U. A. M. will meet tomorrow night to decide upon the date, and where they will have their picnic. At the same time they will put through ten candidates, which will be followed by a social evening.

On September 3 the local council will go by special train to Tiffin, O., where they will visit the Orphan's Home.

Dangerous Varicose Veins Reduced or Money Back

This Simple Home Treatment Is Giving Amazing Results

Rub Gently and Upward Toward the Heart as Blood in Veins Flows That Way.

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that anyone in this world can give you is to ask your druggist for an original two-ounce bottle of **Moone's Emerald Oil** (full strength) and apply as directed night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is **Emerald Oil** that even Piles are quickly relieved. McKee's Kut Rate, Eckerd's of New Castle, Inc., sells lots of it.

NEW CASTLE'S MOST POPULAR SHOE STORE

A Gift from Rieck-McJunkin
to the Children and Mothers of New Castle

"How can I get my child to drink enough milk?"

This is the question that mothers most often ask their doctors. Now a new way has been found not only to increase the "food value" of milk but to prepare it in a way that makes three glasses of milk a day as "easy as pie" for a child.

Rieck-McJunkin does not make or sell this new food. The Thompson's Malted Food Company makes it--your favorite grocer or druggist sells it.

It means so much to the health of every child, that we want every Reick-McJunkin customer to know about it. And so we have arranged to deliver a sample to you free tomorrow morning.

We Want You to Know This New Way To Make Milk Drinking a Game

At the Soda Fountain

Your soda fountain man deserves special credit for paying a bit more for Thompson's Double Malted Malted Milk, so as to serve you the highest quality Malted Milk. Look for the Thompson's serving jar at the soda fountain.

Children who wouldn't touch milk now take three glasses a day and love it

If the children knew why their mothers are so glad to keep Thompson's Chocolate Malted Milk on the pantry shelf for them they might grow suspicious. They only know that now they can have a Chocolate Malted Milk at home whenever they want it.

And they can shake it up for themselves in real soda-fountain style. It is a game to them. But it means more for their health than any game they ever played. It means three glasses of milk a day every day. And that's the first rule of health for a child.

Few children drink enough milk. Every mother knows that. About six children in every ten drink less than two glasses a day. That is not enough to insure good health. Now children are enjoying milk as much as they do a soda-fountain drink. The cheapest and the best food in the world is now prepared for them in a way they can't resist.

Thompson's "DOUBLE MALTED" Sweet Chocolate Flavor Malted Milk

You will find it with your bottle of milk! A free sample of Thompson's Chocolate Malted Milk. Changes milk into Chocolate Malted Milk AT HOME.

Now the children can make a home made Chocolate Malted Milk with a real "professional" taste. And they can do it in a minute. Just empty the contents of the package attached to your milk-bottle into a shaker or mason jar, add a glass of milk . . . and shake! Like magic, plain milk is changed into a rich, creamy Chocolate Malted Milk. Children love to make it for themselves. They play "soda-fountain" at home. And, like magic, down go quarts of milk children would never take before. This new chocolate Malted Milk, made by Thompson's, is so fine that it will dissolve without lumping in cold milk merely by shaking. It requires no electric stirring rod. That is why it is so easily made at home. It comes to you with chocolate and sweetening right in it. *One pound makes thirty glasses and costs sixty cents.*

You will want to buy Thompson's Chocolate Malted Milk regularly for the children. Thompson's costs only 60¢ a pound at any druggist or grocer . . and there are 30 real "professional" Chocolate Malted Milks in every pound. You will welcome it as a treat for the pocket-book.

Thompson's is pure Malted Milk. It is made with whole milk, grain, and the finest imported cocoa. *If you do not get your free sample with your regular milk delivery call us.*

Solid Aluminun Shaker 25¢ Value, Free With the Purchase of 1 Lb. 60¢ Package, Thompson's Sweet Chocolate Flavored "Double Malted" Malted Milk

Ask any druggist or grocer. (Also *a large seventy-five cent shaker is given free with every five pound can.*) This offer is only good for a limited period of time.

The small shaker is just large enough for a child to use himself. It is of heavy polished aluminum, and will not leak or splatter. Easily cleaned.

Bertaud Is Air Pilot Whose Flare Fired Barn Mercer County Folks Say

(Special To The News)

MERCER, Pa., July 26.—L. W. Bertaud who with a companion flyer hops off soon for a non-stop flight from New York to Rome is not without reputation as a pilot of the air. Bertaud for two years now has been a pilot of the United States Postal department flying mail planes between New York and Cleveland.

He was the flyer selected to accompany Chamberlin in his trans-Atlantic flight which did not materialize due to a dispute of contract with Levine. That the flyer is possessed of unusual nerve is proven in the story of an occurence of the past winter when Bertaud, unable to find the landing field near here circled this town and community for a long period of time before the mist cleared sufficiently to locate the field.

To land without any danger to his plane Bertaud threw out a flare which caught by the gale blowing was carried to the roof of a barn adjoining the field where it burned the structure, the pilot descending in time to help take out the stock.

It is the only barn ever burned by this medium the air service reports. The many friends made at the local field by Bertaud are hopeful of his safe journey.

Mrs. D. W. Zahniser returned Sunday from a month's visit with relatives at Shell Rock, Iowa.

The town is the girlhood home of Mrs. Zahniser who was accompanied on her trip to the west by Mrs. Bertha Campbell.

It is known that the wool cut of Mercer county will total over 100,000 pounds this year from the amount already bought by one firm, Jeremiah Williams company of Boston, through their local representative J. G. Zahniser.

The county wool pool of 65,000 pounds was the purchase of this company; a pool of 35,000 pounds at Sandy Lake and purchase of 20,000 pounds of wool by M. W. Morrow of East Lackawannock and purchase of smaller amounts all being included. Mr. Zahniser who has been engaged in this pursuit for half a century states the number of flocks are more numerous than in years past but the number of sheep in the average flock is greatly reduced. The shipment of 200,000 pounds of wool from Mercer which was the shipping point at that time for the entire county was not an unusual thing. In the opinion of the veteran buyer the cut in the county this year will exceed that amount.

The October term of criminal court without any stretch of the imagination can be predicted as one of the most sensational and largest in number of cases disposed of in the county for some years. Of the 55 prisoners docketed in the County jail at the present time there are 10 being held for this court to say nothing of the half dozen out on bail who offenses will be disposed of at this session.

Three months remain until the trial of this sessions with all the cumulative cases to be turned in.

Only the outstanding crimes have been turned in, the smaller cases will be reported later by the justices of the peace.

RICH HILL

Mrs. C. M. Rohrbaugh and Doris Rohrbaugh, Mrs. Ben McDonell and Louise McDowell, Mrs. Scott Kirk and Charles Kirk, Mrs. Wm. Walton, Mrs. A. E. McCreary, Mrs. King McCreary, Mrs. Arthur McCreary and the Misses Reba, Patty and Jean McCreary, Mrs. Frank Alburn attended the Home Decorating class at the home of Mrs. Chas. Alburn on July 14. The decorating class will meet at the home of Mrs. R. L. McCreary on Tuesday, July 28. Miss Druary will teach how to refinish wood work and furniture.

The Ladies' Missionary society met with the Girls' auxiliary on Wednesday, July 20 at the home of Mrs. A. E. McCreary. Those present were Mrs. A. E. McCreary, Mrs. King McCreary, Mrs. Jas. McConnell, Mrs. Jas. Baron, Mrs. John Barron and daughter, Mary Virginia, Elizabeth Morron. Caroline Coltin, Lois Weekly, Doris Rohrbaugh, Mary Harriet, Anna Welker, Agnes Drake, Louise McDonell, Mrs. Wm. Michaels, Miss Amanda Michael, Mrs. Howard Boyles, Ruth Boyles, Kenneth Boyles, Mrs. Sheridan Welker, Miss Copper, Mrs. Wareham, Mrs. McDonell, Mrs. Ruhrburgh, Mrs. Kennedy, Mrs. Kirk, Charles Kirk.

Miss Mary Harriet of New Wilmington is the guest of Miss Doris Rohrbaugh.

Miss Frances McDowell entertained at six o'clock dinner on Thursday. Miss Gilliland, Miss Ackerman, Miss Glenn, Miss Fergusan, all of New Castle.

Miss Agnes Drake of Volant is spending the week with her Aunt, Mrs. Thos. Wareham.

The Young People's society held an ice cream festival on the church lawn on Tuesday evening. The festival was well patronized and a neat sum of money was realized. The money will be used to purchase Bibles for the Young People's society and a Sunday school record board for the Sunday school.

Walter Barkley had the misfortune to sprain his wrist last week.

Mrs. Victor Houston and daughter of Williamsport are visiting at Rich Hill.

The farmers report an unusually heavy hay crop.

NEW BEDFORD

Mrs. Roy McBride of Lowellville spent Thursday afternoon with Miss Sadie Anderson.

Miss Laura Belle Pratt has returned to her home in Youngstown after spending several days at the home of Mr. and Mrs. George Ashman.

Miss Nora Gailey of Coraopolis spent the week-end with Miss Martha McClenahan.

Mrs. George Ashman spent Friday in Youngstown.

Mrs. Marthine Cowden and daughter Martha, of Youngstown, called on Mrs. Mary Lowry Friday afternoon.

Miss Margaret Wortman of Hubbard spent the week-end with her cousin, Mabel Harry.

Miss Anna Mary Cummings was a Sunday guest of Mr. and Mrs. Robert Wallace.

Mr. and Mrs. Newell Anderson and daughter, of Cousintown spent Sunday afternoon with the former's mother, Mrs. Melvie Anderson.

Mrs. L. S. Clark spent Saturday at New Castle.

E. R. Lowry of Youngstown spent the week-end with his mother, Mrs. Mary Lowry.

Mr. and Mrs. Lewis Tanner and son Donald, of Coaltown spent Sunday with S. E. Cover and family.

The local Relief Society will meet next Wednesday afternoon at the home of Miss Jessie Walker.

The Ladies' Aid of the M. E. church will meet all day Thursday at the church to quilt.

John Anderson called on William Wortman and family Sunday afternoon.

Steaks At Nine And Ten Cents Per Pound; Yes But Bill Is Issued In 1891

In the days of '91, horses were horses, the same as they are today, excepting there were more horses and in those days automobiles had not yet converted cigar-smokers into cigarette-puffers; knicks had not made a general appearance and long hair was still in vogue.

But today—1927, the only horses are of the kind that drag heavy wagons behind them; automobilists have taken to cigarettes so they'll have money for gasoline and "knicks" are worn by everybody who likes to roam in the open spaces.

Of course the long hair is still with us—being displayed by the woman who likes to be considered old-fashioned but the butcher-shop wagon, the conveyance which drove along the street every morning has disappeared.

And instead of the girl or woman with the long hair stepping to the butcher-shop wagon she now "wears it short as she treks to the meat market or to the rear door to receive the package conveyed to her home in a smart looking auto delivery truck.

Prices of 1891.

All of which hasn't got very much to do with the story which concerns the price of 1891. In those days a person needed only a few pennies with which to secure a pound of meat but he needs many of them today—else he doesn't eat meat.

For instance in 1891 according to an old meat bill found here recently a person could get boneless chucks, for blogna meat at 5 cents a pound. He pays 19 cents today. She could also purchase a pound of pork loins for 10 cents but if she hasn't got 35 cents she goes without pork loins nowadays.

Kidneys cost 60 cents per dozen then and $1 now while beef rolls which sold at 12 cents per pound commands 40 cents. Breakfast bacon which sometimes and generally does make a very edible dinner or supper sold for 9 cents and sells as high as 60 cents in 1927.

Meat prices like everything else including wages have risen. However here are a few prices our parents paid in 1891:

Rounds, shank off, per pound, 9 cents; ribs, 9 cents; chucks, 8 cents; lamb, 10 cents; sheep, 9 cents; shoulders, 10 cents; sausage, 8 cents; dressed hogs, 7¾ cents; dressed calves 7 cents; livers 25 cents and tenderloin (fillets) 20 cents.

Bologna sausage cost 6 cents a pound and the former frankfurt now known as "hot dog" cost 8 cents; head cheese cost 6 cents and lard could be had in cans of different poundage from as low as 7½ cents to 8 cents a pound.

Mr. and Mrs. C. B. Aggas have returned home after spending a few days at French Creek.

Mrs. Mary Carr, Melvina and Austin Carr, of New Castle, spent Sunday here.

Mr. and Mrs. Richard Hillard of Bessemer were week-end visitors here.

Mrs. G. L. Whitman was a New Castle shopper Saturday.

Mr. and Mrs. P. M. Cox and children, Junior and Carroll Jane, were guests Sunday afternoon at the home of the former's brother, William Cox, of Mercer, Pa.

Walter Shaffer of New Wilmington was a caller here Sunday evening.

Misses Stella and Viola Miller of Sharon have returned to their home after a week's visit with their brother, Rev. L. W. Miller.

Mr. and Mrs. Thomas James of Sharon were callers Friday evening at the home of Mr. and Mrs. P. M. Cox.

Picks Berries In Same Field With Three Large Bears

WHARTON, Pa., July 26.—Bears and berries mix well at the Burfield farm, near here, and Mrs. William Burfield finds that she can pick berries in the same field with the bears, providing that she sticks to her side of the patch. Neither her peace of mind nor her personal safety are endangered.

Three bears, who are vegetarians, and apparently harmless, were attracted to the Burfield farm by a large crop of wild strawberries. Neighbors for miles around came to see the bears and Mrs. Burfield engaged in the same operation—picking strawberries.

CONSTITUTION TO BE REBUILT

Immense Quantity Of Lumber Is Purchased To Restore Frigate

WASHINGTON, July 26.—Requisitions just approved by the Bureau of Construction call for approximately 710,000 board feet of lumber, or enough to build four six room houses, all of which will be used in the restoration of the frigate Constitution, now in dry dock at the Boston Navy Yard.

In addition to the purchased lumber, a large quantity of oak which has been under water for the last forty years at the Pensacola Navy Yard will be used in the rebuilding of Old Ironsides. A carload of the oak was recently taken to the Boston Navy Yard for testing and exhibition purposes, and was found to be in excellent condition.

No woman has been executed in New York State since 1909.

IT'S FUN TO BE HEALTHY

FIRST of all—Heinz Rice Flakes are good because of their popcorn flavor. And they're good *for* you because of the fact that the exclusive Heinz process by which they are produced, uses the natural roughage element of the rice itself. This gives a moisture-absorbing quality that is one of Nature's best eliminative aids . . . Heinz Rice Flakes stay crisp in milk or cream.

57

HEINZ *Rice* FLAKES

TASTE GOOD — DO GOOD

Vacation Time Trunks No Longer Big Worry To Baggage Handlers

A decade or two ago, when the world was much younger than it seems today, the baggage handlers at the station groaned aloud and tore their hair at the approach of each vacation season. For did it not mean that people would be a-journeying, and that people would be taking with them vast trunks of clothes, mostly milady's clothes? And were not the size and weight of milady's trunks enough to make even burly baggage handler groan with dismay?

But today it is different. When the girl of 1927 travels, she travels light, and in forced marches. As the number of garments have decreased in size and weight, so have the size of the trunks, so that now even a drug store cowboy can pick one up and march off with it without much ado.

Yes, the trunk which contained the long flowing dresses, which must be laid out at their full length so that they would not wrinkle, the trunks that contained laces, flounces, bustles and leg-o-mutton sleeves are no more. In their place are the small steamer and wardrobe trunks—trunks which contain filmy lace stockings, skirts which are no more than a suggestion when compared with those of years ago, and sweaters and dresses made of the thinnest of materials.

Even the Grecian maidens, with their heavy chitons and flowing togas had much more freedom of movement than the gay young things of the mauve decade.

And there is a movement afoot to vacation without even a trunk. Nowa-days a few light hand bags will contain all that the modern Miss might desire for a week, or even a longer period. An overnight bag, a shiny black hat box, and perhaps another bag of sorts—with these Miss 1927 blithely steps aboard the train to be whisked away to the golden land of her dreams.

But of course, for the poor baggage handler, there must be some catch somewhere. While the modern girl is hopping on the train, perhaps he glances at her as he is sweating beside the trunks of some salesman. And again, perhaps he smiles, as he remembers that even with the travelling men persisting in taking samples here, there, and everywhere, his work is considerably lighter than it was a few years before.

MT. HERMON

CHURCH SERVICES

Sunday school will be held Sunday at Mt. Hermon at 10:30 o'clock in the morning. Church will be held at 8:00 o'clock in the evening with Rev. S. A. Kirkbride as pastor.

ENTERTAINMENT AT WILLARD

The New Bedford Boy Scouts will give an entertainment at Willard Grange hall Thursday evening at 8:00 o'clock.

J. T. CLUB

The J. T. Club met at the home of Gladys and Clyde Young, Saturday afternoon. After a short business meeting a program was carried out. The afternoon was spent socially and a delicious picnic supper was served. Those present were Ruth and Pearl Henry, Gladys Young, Mary Wright, Bernice, Mable and Esther Young, Ellis Stevenson, Clyde Young, George Young, Allen Wright, and Ashley, Floyd and Ben Stevenson. The next meeting will be held at the home of Mary and Allen Wright.

MT. HERMON PERSONALS

Mr. and Mrs. Mark McConnell and family of near Ellwood City visited Mr. and Mrs. J. E. Boak, Sunday.

Mr. and Mrs. Charles Woods and grandson Bobbie Booth of near Mt. Jackson called on Mr. and Mrs. Irwin Stevenson Sunday.

Mr. and Mrs. Lloyd Kildoo and Mr. and Mrs. Floyd Blair called on Mr. and Mrs. J. A. Boak Saturday evening.

Mrs. Florence Stevenson and son Glen visited Mr. and Mrs. William Gear of the Pulaski road Saturday evening.

Rev. and Mrs. Gregory, and Paul called on Mr. and Mrs. Samuel Kildoo and Mr. and Mrs. Lloyd Kildoo Tuesday.

Dr. and Mrs. Caldwell of New Castle called on Mr. and Mrs. N. M. Hunt and Mr. and Mrs. J. A. Boak Thursday.

Miss Bernice Bozell of West Sunberry is visiting her aunt Mrs. Ella Gibson.

Heavy Fighting Reported In China

One City Has Changed Hands Four Times In 72 Hours

(International News Service)

SHANGHAI, July 26—During heavy fighting of the last 72 hours between nationalists and northerners, the city of Hsuchowfu has changed hands four times. According to latest advices from the front today, it is now held by nationalists aided by the forces of Gen. Feng Yuh Siang.

The severity of the struggle is indicated by the streams of wounded that have been pouring into Nanking from the front.

About 40,000 nationalist troops are massed at Chinkiang. They have occupied the British consulate and all the houses in the foreign settlement. The soldiers are exhausted, unruly and unwilling to fight. Trouble is feared at that place.

From London to Cologne in 160 minutes, averaging 130 miles an hour, was a new record made the other day by an Imperial Airways liner weighing, with passengers and freight, over six tons.

Drag River For Bodies Of Two Aspinwall Lads

No Identities As Yet Established For Two Missing Youngsters

(International News Service)

PITTSBURGH, July 26.—County authorities and volunteers today dragged the Allegheny river in the vicinity of Aspinwall in an effort to find the bodies of two small boys believed to have drowned late yesterday.

No witnesses to the drownings were available. Three boys about 9 and 10 years old, were seen playing on the river bank. Later one was seen running away. Investigation showed a mound of clothing apparently belonging to the other two.

No identification could be established from the clothing on the river bank. The child who ran away was lost to investigators, and the cause of the accident, if any, was unknown.

Hundreds of persons attracted by the search for the boys' bodies watched the tireless efforts of police and rivermen in their fruitless search for the children.

Mothers whose sons had been tardy for the evening meal lined the river banks hoping against hope that the victims were not theirs, until their own children appeared.

The fact that a street car pass and a check were found in the clothing lead police to believe the boys were from Pittsburgh.

Executive Board Of County W. C. T. U. To Meet Thursday

Executive committee of Lawrence County Women's Christian Temperance Union will take place Thursday, July 28, at 2 p. m., Daylight Savings time, in the Y. W. C. A. parlors. It is important that all members attend.

MARGARET S. WALKER,
President of County W. C. T. U.

Murderer Dies Of Self-Inflicted Wound

(International News Service)

POTTSVILLE, Pa., July 26.—Clement Wuchick, of New Kirk, who murdered his wife a month ago and set fire to their home before slashing his own throat with suicidal intent, was dead in Schuylkill county prison today of self-inflicted wounds.

The murderer, who was believed to have recovered from the wounds, had been awaiting trial in September. An infection in the wound spread to his brain. Wuchick was released from jail on a charge of stabbing his youngest son shortly before he returned to his home, and when his wife refused to live with him, shot her to death, set fire to the home and slashed his throat.

State Guardsmen Surprise Regulars

Pennsylvania Citizen - Soldiers Prove Adept At Learning Soldiering

(International News Service)

MT. GRETNA, Pa., July 26.—Pennsylvania's citizen-soldiers, in training at the second National Guard encampment here, are proving a source of welcome surprise to the regular army officers sent here to give them special instruction.

Not only have the men, under the command of Maj. Gen. William G. Price, Jr., of Chester, been given the latest in military instructions, but they have grasped the intricacies of military maneuver with surprising rapidity, the regulars say.

Several units today visited the rifle range, while the machine gun and artillery units were given special instruction.

Scouts were given their first regular assignment yesterday when they were instructed to find the culprits who cut communication lines leading into the camp from the field bivouacs. A mowing machine being used on a nearby field was found to have clipped the wires.

Speed in gathering troops on the range preparatory to firing was particularly notable yesterday, officers said, the 111th Infantry, Philadelphia, having broken all previous camp records by an hour.

BANDITS GET $10,000

(International News Service)

PHILADELPHIA, July 26.—Hiding in ambush, eight bandits armed with pistols and shotguns, overpowered two night watchmen at the Goodimate Clothing Company plant in West Philadelphia early today and took a truck load of cloth valued at $10,000.

NEW CASTLE, PA.

New Indiana Probe To Start

Third Marion County Grand Jury To Investigate Scandal Charges.

BOXES REVEAL NEW EVIDENCE

By EUGENE J. CADOU
International News Service Staff Correspondent

INDIANAPOLIS, Ind., July 26.—With Marion county prosecutors indicating that after months of disappointments "pay dirt" has at last been struck in the D. C. Stephenson political scandal of Indiana a third Marion county grand jury today was to hit the trail of the political probe.

Two local grand juries of the past have left a shady track in their investigations. The first jury failed to return indictments by a reported vote of three for and two against, but admitted that peculiar conditions existed in the jury itself and recommended that a second body continue the inquiry.

This second jury was absorbing the volume of "Stephensonia" at a high rate of speed when it was discovered an Indianapolis politician had attempted to bribe Claude A. Achey, a juryman, charging he had previously "lined up" another member to refuse to return indictments. Criminal Court Judge James A. Collins immediately dismissed the second jury.

The mass of recorded testimony of the two juries plus the contents of the famous two black boxes and the five bundles of papers recently exhumed by the prosecutors will give the third jury plenty of summer reading for some time.

The personnel of the third jury was considered as far superior to that of the others. It included a number of prominent business men who have no financial stake in the political pot of Hoosierdom.

Continue To Probe.

Prosecutors today contiued to probe over the vast mass of private papers of Stephenson, the man who fell from the political throne of Indiana to a convict's cell for the murder of an Indianapolis girl.

They expressed particular interest in two cancelled checks, one for $21,000 and the other for $24,000, but declined to say in whose favor the checks were drawn by the former Klan head.

A document having the appearance of a contract aroused the most enthusiasm among the prosecutors who met at the home of Prosecuting Attorney William H. Remy who is ill.

"That wil line up the whole business", Remy exclaimed.

Photographs of the politically great, many of them autographed were found among the papers of Stephenson. One of them was that of Ugetrge V. Coffin, Republican chairman of both Marion county and the Indianapolis city committee. Coffin and Governor Ed Jackson have been political allies for a long time.

The famous Stephenson book, which he called his "Bible" containing a record of political deals and contracts was included in the papers, the prosecutors admitted.

Even Prosecutor Remy was included in a list to whom Stephenson sent Christmas cards, the data revealed. The list included nearly the entire political directory of Indiana and both friends, neutral and foes apparently were enumerated.

MAHONING TWP. BOARD MEETING

The school board of Mahoning township met last night at Hillsville and designated September 6 as the opening date of the school term this fall. One bid was received and opened for the supplying of coal during the coming term. Owing to the fact that but the one bid was received, it was rejected and the district will again advertise for bids. The election of three teachers to fill existing vacancies was postponed until the regular meeting on August 15.

United we stand, divided we fall.

Suggests Plan For Saving City Money; And Providing Work

Councilman William T. Burns today advanced to colleagues in councilmanic session at city hall a plan whereby he believes that the city can save money and at the same time create employment for some men who are out of work. He believes city employes should resurface Jefferson street between Grant street and the Neshannock river bridge.

But there is one thing certain—that is, providing Mayor Dunlap and Councilman David O. Davies have anything to say (and they will) the specifications for resurfacing the thoroughfare will not gain their approval unless the contractor agrees to keep a force of men at work 24 hours a day.

Today when the city clerk informed members of council that Engineer Miller had presented specifications for resurfacing Jefferson street, the mayor told colleagues that the specifications should contain a proviso calling for a "double turn". He said: "It is a shame the way delay has been experienced in repaving of South Mill street."

Councilman Davies' view coincided with that of Dunlap, who as head of the police department which controls traffic, has been forced to bear the brunt of the effect of closed arteries and he has decided that whenever a street is to be improved in the heart of the city the contractor should be forced to keep men continually at work so that the public shall not be forced to suffer as it has in the South Mill street project.

Councilman Burns advanced the suggestion that the city augment the street department force and do the resurfacing. Burns said the street department resurfaced Terrace avenue and Councilman Genkinger's men had saved the city considerable money. He also pointed out that there are men out of work here and if the city put through the work it would create work for them.

Councilman Genkinger, who had his feet practically poisoned while working in the heavy rainstorms which have occurred during the spring and summer has been forced to take a vacation and as he will not return until next Monday council decided to not approve the specifications until he returns. It is also probable that it will then be decided if Burns' plan is to be accepted.

Pythians Picnic Here Wednesday

Expect One Of Biggest Outings In Organization's History

Knights of Pythias from Beaver, Mercer, Butler and Lawrence county, will hold their annual outing at Cascade Park, Wednesday, according to Carl Shaner, manager.

According to K. of P. picnic committees from the different counties, one of the biggest outings in the history of the organization is anticipated.

Davies Introduces Paving Ordinance

Councilman David O. Davies today introduced, during formal council session, an ordinance, calling for the grading and paving of Sheridan avenue, between Highland avenue and North Mercer street.

JUDGMENT REVIVED.

A revival of a judgement of E. C. McClelland against Ira D. Reed was filed at the court house today.

Danger Signal Out Of Order

A danger signal, located at the top of the hill, immediately west of Harlansburg, is out of order—some person evidently having thrown a stone or shot through the "red" portion of the signal. Persons operating cars from New Castle to Harlansburg should employ caution in descending the hill.

Chief Henry Dysart Attends Convention

Chief of Police Henry Dysart is attending a convention of police chiefs at Altoona. During his absence from the city Captain J. Ed Elder will be the acting chief of police.

Workman Is Hurt At New Dormitory

(Special To The News)

NEW WILMINGTON, July 26.—Accidentally falling into the excavation hole for the cellar in the "Robert Audley Brown Hall", new men's dormitory in the process of construction here, Clyde Altman of New Castle, a laborer on the building, was knocked unconscious yesterday. Upon recovering consciousness Altman was immediately taken to New Castle to be examined for internal injuries which may have been caused by the fall.

The New Castle man slipped and fell backwards into the hole, striking his back upon some loose boards. The New Castle doctor who treated the case said that there were no ribs broken, but that the man may have suffered internal injuries. The depth of the fall was about 10 feet.

Evangelist Will Conduct Meeting Saturday Night

Weather conditions permitting next Saturday evening, Evangelist L. Schmidt and his daughter, Esther, of the "Castle on the Hill", will conduct a religious service at Washington street and South Jefferson street, on the public square.

It will be featured by a demonstration of the "divining rod" which Evangelist Schmidt is able to use with great success. It will prove of interest to many people.

"A mistaken impression has been made in regard to these meetings of Evangelist Schmidt. The intention is to hold them only on Saturday evenings, and not every night, weather conditions permitting, and for only a limited period of time.

Army Dirigible At Bolling Field

(International News Service)

WASHINGTON, July 26.—The army dirigible RS-1 on a 2,800-mile tour, arrived at Bolling Field at 10:50 o'clock today from Langley Field, Virginia.

After a two-hour layover the RS-1 leaves for Lakehurst.

TAXES MUST BE PAID NOW FOR DISCOUNT

This is the last week in which county taxes may be paid and the five per cent discount which is permitted on such taxes if paid before August 1, secured. The number of persons paying these taxes in order to secure the discount is on the increase and each day sees something of a rush on the part of the taxpayers at the office of County Treasurer David E. Nessle. It will be wise to get in before the end of the week to avoid the great last minute rush. No information concerning taxes can be secured by telephone, as it has been found necessary to discontinue answering calls to the telephone on account of the rush of business at the office.

The division of the Bible into verses was made by Stephens, the printer, in 1551.

SENATOR REED ON INTOLERANCE

Speaks At Community Dinner At West View Near Pittsburgh

(International News Service)

PITTSBURGH, July 26.—United States Senator David A. Reed, was on record here today as opposed to religious intolerance, and bigotry.

Reed was speaking at a community dinner at West View a suburb which was being held to promote the reconstruction of St. Luke's Lutheran church destroyed by fire July 4.

Members of other churches were in attendance and a movement to sell 500 promissory notes of $50 denomination was being launched by the West View board of trade.

After praising the little community for its concerted effort to rebuild the church, Reed said:

"It seems to me that in recent days we have seen in some quarters a recrudescence of intolerance, of people trying to dictate what the religion other people shall be, it is indeed refreshing to come here and see the current moving the other way and to find real co-operation among the churches."

The senator referred to the dedication of a cemetery in France following the war. He said there was no question brought up as to whether the men lying in it were Catholic or Protestant. Yet a Catholic bishop consecrated the ground and no one questioned it according to Reed.

"More than two centuries ago our ancestors came to this country to escape intolerance," Reed said, "Our nation was founded on religious freedom.

"It is a welcome variation from some of the sentiment contained in recent unintelligent, almost illiterate, denunciation of some religious groups who worship the same God we do, and yet have been denounced by some who seemingly have dwelt unduly upon comparatively insignificant details."

Reed said the occasion was unique, but stated that it was praiseworthy as a help in breaking down the barriers of religious intolerance.

Jack Sharkey Is Taken To Hospital

(International News Service)

BOSTON, July 26.—Jack Sharkey, suffering from the result of intestinal hemorrhages, was taken to St. Elizabeth's hospital today for treatment.

According to Dr. Martin H. Spellman, surgeon attending Sharkey, the hemorrhages were the direct result of a punch in the groin, received during Sharkey's fight with Jack Dempsey.

Dr. Spellman said Sharkey will be under treatment in the hospital probably for the next ten days. He will not remain at the institution overnight but will be a daily patient until his recovery.

The surgeon stated that he did not look for any more hemorrhages but feared that an abscess might form on the groin.

Hillsville Man In Auto Accident

Frank Geracie of Hillsville, was admitted to the Shenango Valley hospital for treatment of injuries sustained in an automobile accident at Hillsville Monday afternoon.

The injured man sustained a fracture of his right leg.

James I. Smith's Body Still At Ritchie's Morgue

The body of James I. Smith of Akron, O., whose death occured in the New Castle hospital Friday evening as the result of injuries sustained on Thursday when he fell from the Baltimore Ohio Railroad bridge at New Castle Junction, still remains at the Ritchie Undertaking Rooms, South Mill street.

The father of the deceased from Virginia expected to come to this city Monday and make arrangements for the funeral. He did not arrive and no word has been heard from him.

Mrs. Smith and baby are at the Y. W. C. A. in this city.

Two More Small Schools Are Sold

North Beaver school district has sold two more of its outlying school houses. John Kyle purchased the Carson school building for $175, while Dale Fullerton purchased the Bethel school building for $185. The school district retained the land on which the buildings are located.

The Royal Zoological Society of Ireland asks for "more accommodations for reptiles at the Dublin zoo." And after Patrick went to all that trouble, too.

The first traiff act passed by the United States Congress was signed by President Washington, July 4, 1789.

M.; Commercial, Stenographic, English, and Secretarial subjects are thoroughly taught in both our DAY and EVENING school. Our Secretarial course is especially outlined for HIGH SCHOOL GRADUATES. Our graduates are sure of good positions.

New Castle Business College

Many New Scouts At Camp Phillips

Ceremony At Camp Last Night Is Witnessed By Rotarians.

CAMP ACTIVITIES FULL OF INTEREST

The "colors" ceremony last night at Camp Phillips was witnessed by a large and representative group of Rotarians and many visitors, th scouts being marched in on the parade ground in stockade formation, and as they stood at salute while the cannon boomed they gave the spectators an object lesson as to the worth of the scout organization force that makes for earnest citizenship and manhood.

Games followed in which the guests mingled with the boys. The tennis courts, croquet grounds, baseball and volley ball fields and the golf course were the scenes of lively games. At 9 o'clock "recall" sounded and everybody went to the campfire site, every seat, nook and corner being occupied. Nicholas R. Casillo opened the meeting, asking the scouts to join in a "sing". Song after song with pep and peals of laughter echoed in the vale. The president of the Rotary club, Dr. W. C. Wallace, addressed the boys in a speech which went straight to the hearts of all scouts.

A minstrel followed in which the scouts that participated were Senior Officers Jack Hulme and Knally and Casillo, Davis, Rabberman, Charles McConnel, Bill McKim aud Bob Calahan. Nicholas R. Casillo then followed with a recitation of poetry marked by deep feeling expressed in fine diction. Mr. Knally also gave a reading and both were the recipient of prolonged applause.

Pageant Wednesday.

Wednesday evening at 9 o'clock the stupendous pageant "In Covered Wagon Days" will be dramatized with a cast of more than a hundred boys. Thursday will be Highland troop night and the members of that troop will surprise even the keenest critic with a number of original numbers and stunts.

The heaviest camp registration in the history of the local scout council was reported yesterday when scouts kept on coming during the morning hours from every point in the county, all cots being taken, in spite of 25 additional cots requisitioned as a measure of precaution. The camp is teeming with life, and before this week is over a large number of boys will have earned the higher degree scalps.

At the top of the "honor point" list were Jack Stevenson and Melvin Caplin, both credited with 90 points. Second place was given to two other scouts, Bob Dambach and Bob Howe, both scoring 80. The following passed successfully the tenderfoot tests: Nunzio Fiala, Billy Kelly and Bud Long. Wayne Greer passed the examination in all the subjects pertaining to the craftsmanship and pathfinding merit badges.

Three baseball games were played, one between the Boones and the Crocketts, the former being the winning team, composed of McLaren, Howe, Offut, Emery, Curry, Close, Infield, Dodds, Gaskell, Wilson, Griffith and McHenry. The score was 15 to 16. On the Little field, umpired by James Metzler, the game between the Kit Carsons and the Dave Thompsons ended in favor of the latter by a score of 12 to 16, the victors being McLure, Winter, Nelson, Martin, Ebert, Kaufman, Reese, Sharp and Sowash. Two picked teams, the Stevensons and the Higgins, closed their game by a score of 5 to 8 to the advantage of the latter, winners being Higgins, Cunningham, G. George, Bentram, Kelly, McHenry, Ebert, N. Patterson, Close and Curry.

Camp Director L. M. Norton and his staff were busy till late in the night tabulating all the camp activities and elaborating the weekly programs which will keep the campers on the hop from 6:45 a. m. until 9:45 p. m. The second week of the third period will mark the highest attainments in camping and scouting from all available indications. The boys want to thank the Rotarians for the treat of generous portions of ice cream and in chorus say to these staunch friends: Come again and let us be boy| together.

Miss Esther Fiskkin Scholarship Winner

One of the $100 scholarships awarded by the State Department of Education was won by Esther Fishkin of the 1927 graduating class of the New Castle Senior high school, according to word received from Harrisburg today.

Miss Fishkin in winning this scholarship is entitled to an allowance of $100 a year at any institution in the state accredited by the state council of education.

Winners in nearby counties are Mercer county, Margaret Laura Sullivan of the Sharon high school; Venango county, Louise Power of the Franklin high school; Jefferson county, Myrtle Binney of the Reynoldsville high school; Erie county, Stephen Greenwood of the East high school; Clearfield county, M. Frank Durkee of the Houtzdale high school; Warren county, Ardath Weaver of the Youngsville high school.

Col. Lindbergh In Pittsburgh On August 3

Col. Charles A. Lindbergh, the intrepid New York-Paris flier, will be in Pittsburgh Wednesday, Aug. 3, was the word received by Mayor C. H. Kline from the president of the Guggenheim Fund, who is sponsoring the flight.

In the letter to Mayor Kline the uncertainties of air travel were stressed and bad weather or trouble might cause the flier of the "Spirit of St. Louis" to change his plans and arrive at Pittsburgh at a later date. Plans are being made, however, to receive Col. Lindbergh next Wednesday.

Calling attention to the fact that Rodgers Field is the official landing place in Pittsburgh, and asking Col. Lindbergh to land there, a resolution was presented in council yesterday. The resolution was directed to the mayor, and it asked him to "govern himself accordingly".

The committee which will have charge of the affair was announced yesterday by the mayor's secretary.

Lyle Emery Has Restless Night

Suffering From Broken Collarbone And Lacerations Of Scalp

Lyle G. Emery, 1601 East Washington street, struck by the automobile of Warren Farrow yesterday afternoon, had a restless night at the New Castle hospital, according to attaches of the hospital today. Mr. Emery is suffering from a fracture of the collar bone and lacerations of the scalp.

REV. ROWE RETURNS FROM VACATION TRIP

Rev. G. Howard Rowe, pastor of the First church of the Nazarene, his wife and son Chester, have returned from a vacation trip of one month to the home of Rev. Rowe's parents, Rev. and Mrs. Benjamin Rowe, of Brooklyn, N. Y. While away they visited at Long Beach, Oyster Bay, Ocean Grove and Hempstead.

Rev. Benjamin Rowe, who is well known in this city, having preached in the Nazarene church on several occasions, was taken ill soon after the arrival of his son and family with appendicitis and is now recovering in the hospital.

COURSE OF MAHONING RIVER TO BE CHANGED BY CARNEGIE STEEL

YOUNGSTOWN, O., July 26.—The Carnegie Steel Company has awarded a contract to Lowensohn Construction, Cleveland, to change the course of the Mahoning river for a distance of eight-tenths of a mile at the McDonald works. The work will cost $500,000 and involves the removal of 560,000 cubic yards of earth. It will be done according to War Department specifications.

MONONGAHELA BANK IS ROBBED OF SUM SAID TO BE $1,500

(International News Service)

PITTSBURGH, July 26.—Police today searched this city for two men who late yesterday scooped up $1,500 from the till of the temporary quarters of the Monongahela National bank here and escaped.

Citizen's League Puts Responsibility Up To Mayor Kline

(International News Service)

PITTSBURGH, July 26.—Responsibility for vice conditions within Pittsburgh was laid squarely at the door of Mayor Charles H. Kline's office today in an answer of the Citizen's League of Pittsburgh to the mayor's refusal to fire Peter P. Walsh, superintendent of police.

In replying to the mayor's letter, the league stated the mayor had attempted to confuse the issue.

"It is evident that the people of Pittsburgh cannot expect help from their mayor in correcting the evils shown to exist," the reply stated. "The league, guided by this knowledge, will proceed vigorously."

Directors of the league said the organization had abandoned hope of cooperation from the mayor, and would proceed alone in the self appointed task of uncovering crime, corruption and vice.

Charging the mayor was championing the cause of "things as they are," league directors said the mayor assumed direct and personal responsibility for conditions that have existed since Kline assumed his office.

The directors charged the mayor culpably condoned and defended these conditions in his unqualified support of Walsh, and refusal to oust him from his office.

The idea of using oil to calm the waves originated with Benjamin Franklin, and was tried successfully by him.

Potatoes Are Holding Up Immediate Use Of New Proposed Airport Here

Potatoes are all that are holding up the new airport, which is to be located at the Butler farm, near the country club.

The farmer, who has leased the farm until next April is very emphatic on this point, and he will not let the fliers take off over his field for fear that they spoil his crop. But until his lease runs out, Ralph Kegarise has located a few temporary fields which he will use until that time.

To Bring Planes

About August 20 Mr. Kegarise expects to go to Denver to bring in two Eaglerock three passenger planes, which are made by the Alexander Aircraft company. These planes are motored with Wright Whirlwind engines, the same type that Lindbergh used when he made his New York-Paris flight. These machines are to be equipped with the latest parachutes, and are up to all of the new government standards.

Mr. Kegarise explained why the airport cannot be nearer to the city. According to the latest bulletin of the Department of the Interior, an airport must be at least 3-4 of a mile from the city, as the planes must fly over the city at a heighth of 1,000 feet.

Mr. Kegarise will spend a few days in Denver testing and tuning up his ships. He has signed another pilot, C. E. McMillen of Cleveland, who was one of the pilots on the Edsel B. Ford air tour, to accompany him and then to operate a plane in the New Castle territory.

Attains High Speed

Mr. McMillen flew an Eaglerock in the tour, and he says that it attained the highest speed and gave the most dependable performance of any plane in its class.

It will be remembered that Mr. Kegarise had much experience with all types of aircraft during the war, as he was a pilot with the 31st squadron of the Royal Flying Corps until the close of the war.

Airway Corporation

The new company which will be formed will be known as the New Castle Airway Corporation, and at present there is still a small amount of the stock available.

A government man will inspect the planes each week, and if everything is not all right with them he will forbid them to take the air. It is the desire of the government to make air travel of the safest sort.

The new parachute, with which both of the new planes will be equipped only drops 100 feet before it opens, and in the last three years, not one of this type of 'chutes have failed to open.

The new firm will be advertised in the Aero Digest, so that fliers of other companies will know that New Castle has a flying field.

Besides his regular flying, Mr. Kegarise hopes to give instruction, and, in fact, he has several students signed up now. In his course of instruction, Mr. Kegarise guarantees to give at least one solo flight.

DINNER STORIES

All Set!

A student failed in examination in all five subjects he took. He telegraphed his brother: "Failed in all five. Prepare papa." The brother telegraphed back: "Papa prepared. Prepare yourself."

What To Do?

The rich and benevolent Mrs. Lionshield came one day to bring charity and brightness into the poor home of the widow Peterson. She began, however, with a long series of questions. Mrs. Peterson interrupted her. "This is new to you, ma'am?" Mrs. Lionshield admitted it was. "Then," returned Mrs. Peterson, "I'll tell you what to do. You sit down on this chair, read a chapter out of the Bible, give me a dollar, and leave!"

She Objects.

"Mommer," said Marion, "I wish people wouldn't speak of me as a bride elect. It sounds as if I had won Charles in a competition." "But is he picked you in preference to the others, isn't that complimentary?" "Yes, but some of the girls may claim I was elected by a small majority."

"If a tall man, wearing horn-rimmed glasses, walked into a large department store on April Fool's Day to buy a dozen lace curtains trimmed with pink and blue ribbon and said that he wanted them delivered that very day or he would not take them, what would the girl behind the counter call him?"

"I bite."

"A customer."

Snails, Perhaps!

The sad looking man at the corner table had been waiting a very long time for his order. At last a waiter approached him and said:

"Your fish will be coming almost any minute now, sir."

"Oh, yes," said the sad man, looking interested. "And what bait are you using?"

COUPLE MARRIES HIGH UP IN AIR

ROCHESTER, Pa., July 26.—A wedding in "high life" took place this evening when 5,000 feet above ground in an airplane Miss Cora E. Parr of Bridgewater and Harry D. Strouss of Beaver, salesmanager of he Grandey Motor Company, Rochester, were united in marriage.

The ceremony was solemnized by the Rev. Dr. William A. Atkinson, pastor of the First Presbyterian church of Rochester. The airplane, Waco II, is owned by the Correct Measure Pump Company of Rochester, and was piloted by John P. Wood of Wausau, Wis. The motor of the plane was silent as the minister read the nuptial lines.

The ladies of the Second Baptist church will give a chicken dinner in the dining room of the church, 113 W. North St., Thursday July 28. Dinner will be served from 11 a. m. to 9 p. m. All proceeds for the benefit of the church.

BIG INCREASE IN DIVORCES AT PHILADELPHIA

Double Number Of 1925 Are Granted During Year 1926 Report Shows

PHILADELPHIA, July 26.—The number of divorces granted last year in Philadelphia, "The City of Brotherly Love", twice outnumber those handed down here in 1925, it was revealed today.

Attorneys declare the large number granted here is due to the small amount of publicity given divorce cases, the comparatively small cost of getting marriage ties severed and the large list of grounds for divorce accepted by local courts.

All divorce cases here are heard by a master after notice of the complaint has been filed in the common pleas court. The master in most cases sees that no publicity comes into the affair and after hearing both sides he makes his report to the common pleas court judge. Usually the report is favorable, then the judge hands down his decision and impounds the records in the case.

The usual procedure takes about a year, with the costs ranging from $150 upwards to thousands of dollars.

Altogether, there are ten principal grounds upon which a person may sue for divorce in Philadelphia. They are: Cruel and barbarous treatment with indignities to person; desertion; adultery; bigamous marriages; fraud, force and coercion; conviction of crime, marriages of blood relations; impotency; rumors of death; insanity and incompatibility.

The procedure here, which has come under fire recently because of the practices of "shyster" lawyers and the increasing number of divorces granted, may be divided into three parts.

The first step is the matter of wanting a divorce and establishing the necessary grounds for obtaining one; the second is the master's hearing and the third is a review of the master's report by the judge which results in a decree being granted or refused.

Each major step entails several minor ones and usually additional costs to the persons whose marital adventures have proved failures. However, lawyers are of the opinion that the only difficult part of divorce getting details is the waiting for the final decree, which is not less than a year from the time suit was begun.

The master, who is appointed by the common pleas court holds the meeting of the parties concerned in his office, and hears all the testimony. It is his duty to find that there is no secret agreement between the husband and wife. If he finds what is termed as "collusion," the pair have meagre chances of obtaining a divorce is this city at any time thereafter.

Philadelphia is not only the divorce haven of the person of average means, or of the middle class but for persons of great wealth as well who would rather have their marital disagreements kept secret, attorneys say. Even New Yorkers come here to get divorces, some because of the only ground for granting a divorce in New York State—faithlessness—, and others because of the small amount of publicity. A residence can be established after a six month sojourn here and since New York is only a matter of a couple hours ride the stay is not so unpleasant.

A greyhound race at Hull, England, had to be abandoned because the hounds caught sight of an electric hare. Before the operator could stop them the hounds were through the trapdoor beyond the finishing post and had plunged into the pit where the hare should disappear.

Regiment Of Parking Law Violaters In City! Are You One Of Them?

Violating of the parking ordinance was the cause of over 1,200 of the arrests made last year in New Castle, says the Mayor's report which has been recently issued in the city annual. This is the largest single cause of arrest which is on the roster. All arrests total 3,779.

While none were charged with driving a car while intoxicated, four were nabbed by the police for reckless driving, and 130 for speeding while officers got 305 for violating traffic regulations.

Eighteen, most of them boys, were arrested for breaking and entering, while six were charged with robbery.

Of the 3,779 cases which came up in the courts, 2,754 paid fines, and only thirty were committed to jail. One hundred and ninety five were discharged and 543 sentences were suspended.

Fines totalling $22,249.50 were paid. Licenses to operate dance halls and dance permit receipts came to over $600, making the total received by the department $23,448.12.

PETROLEUM CENTRE WILL CELEBRATE

OIL CITY, Pa., July 26.—Old time residents of Petroleum Center one of the historic spots of the oil regions and from many parts of the country are scheduled to attend the annual old home day there on Wednesday of this week. Petroleum Center was once the center of the world's oil operations. Today it is a collection of a half dozen houses. So that all possible who desire to attend can do so the Pennsylvania railroad has made arrangements to stop its day express trains there Wednesday.

MASTER JOE FISHER IS NOW IMPROVING

Joe Fisher, son of Mr. and Mrs. J. Johnston Fisher, who was seriously burned on the legs by gasoline on June 29 is now reported to be improving and it is expected that he will be on his feet by August 15. He is at the Fisher summer home on the Wilmington road.

The lost original finale of "Hamlet," as produced by Shakespeare at Court, in 1603, was found in the year 1856.

CHICAGO EVANGELIST NAMED DEFENDANT IN SUIT FOR $100,000

CHICAGO, July 26.—Paul Rader, Chicago tabernacle evangelist was made defendant in a suit for $100,000 filed Monday by Mrs. Millicent M. Duval who alleged breach of contract.

Mrs. Duval said she disposed of her interest in an arch supporter company to Rader for which she was to receive in addition to a stipulater sum a royalty on each set of supporters sold. She has not received the royalties she said.

The plaintiff said she did not employ a lawyer in the transaction which occured five years ago because she thought she was dealing with a "man of God" and would not need one.

In New York City more than fifty police officers are constantly engaged in a search for persons reported lost or missing.

Engineers Get Ready For Camp

Local Guardsmen To Leave For Mt. Gretna On August 4.

ADVANCE DETAIL LEAVES EARLIER

Getting their equipment together and polished up for the Mt. Gretna encampment is now occupying almost the entire time of the 125th Engineers, mounted, of the Pennsylvania National Guard, located in New Castle.

The outfit will entrain August 4 at five p. m. An advance detail, composed of Sergt. McCreary and Privates B. C. Rick, C. A. Glenn and J. T. Allen, will go ahead of the company to make the camp ready.

At present the outfit has 54 complete riding equipments, together with rifles and pistols, which will equip 54 men and horses.

Company Roster

The roster of the company includes Capt. W. R. Walter, Lieut. P. W. Keely, First Sergeant R. F. Boughter, Staff Sergeant F. L. Florida, Stable Sergeant M. Degation, Supply Sergeant M. E. Thorn, Line Sergeants A. L. Gillette, K. E. Martin. The corporals include D. E. Florida, L. E. Hoovler, J. H. Mayberry, G. F. Mitchell and J. E. Reed.

Privates, first-class: J. T. Allen, W. T. Beight, J. E. Carr, J. L. Cowles, R. J. Hunter, M. J. Jessel, P. J. Knight, O. L. Minter, W. D. Moore, R. F. Patterson, C. H. Watkins and T. O. Weddell.

Privates: E. W. Cooper, V. E. Cooper, C. D. Clingensmith, G. F. Coryea, J. Denucci, W. D. Eagen, G. F. Fisher, C. A. Glenn, J. W. Hanna, A. L. Hemphill, G. S. Horchler, C. C. Hunter, C. J. Kelley, C. E. Kline, D. H. Klingensmith, G. Klinotich, J. F. Maloney, M. Mattish, W. T. Mayberry, A. M. Mejack, E. L. Miller, H. E. Munnel, H. W. McElroy, G. R. Pollock, B. C. Rick, C. A. Schepp, G. W. Shook, A. Lemenski, J. I. Warso, E. Ball, M. A. Joseph and W. D. Hemming.

At present the outfit musters 57, and they need 65 men to fill their quota. The pay for the National Guard varies from $1 to $2 a drill and all equipment is furnished by the national government.

Fourteen School Districts As Yet To Make Reports

There still remain the reports of secretaries of fourteen of the twenty-seven school districts outside this city and Ellwood City, to be received by the county superintendent of schools in accordance with the provisions of the state law. These reports must be in by August 1 and it is necessary that they be returned in order that the respective school districts may receive their state appropriations for the coming year.

DEPUTY SHERIFF MAKES AN ARREST

Deputy Sheriff Kenneth Musser last night arrested Floyd R. Boosel in Ellwood City, on a process issued to Sheriff W. A. Bone of Mercer county. He is in the local county jail, where he is being held pending the arrival of a Mercer county officer to take him back to that place. He is wanted in that county on a desertion and non-support charge.

POLICE CHALLENGE WINNING TEAM

The police department baseball team is still on the map and would very much like to schedule some games with good teams. They are particularly anxious to meet up with the winner of the Post Office-Printers contest and have issued a challenge to the winner of that classic to meet them in a similar contest.

Magnificent New Church Is Near Completion

(Continued From Page One)

rules, regulations and beliefs of the Catholic church.

It rears itself to lofty heights in the center of the city in true cruciform or shape of the cross. The base of the cross formed structure rests on North street, where the main entrance is located. The top or apex of the cross rests approximately 160 feet north of the entrance and but a short distance from the parish home or residence of the priests in charge.

The transept forms the cross piece of the cross formation, being approximately 80 feet in length or rather width at this point. There are large doors used for exit purposes only, at each and of the transept and on either side of the church.

Some idea of the immensity of the structure is gained on approaching the entrance on the North street side. Yet the effect as one approaches the building and looks up at the exquisite and lofty towers at either side of the entrance is such that one does not really appreciate the true height or size of the structure.

Of Indiana Limestone.

While at first glance at the exterior, the effect given by the Indiana limestone, of which the exterior is constructed, and which is the finest obtainable, is that of something different or constructed along lines departing from the beaten lines or regularity, yet a second glance shows that one of the most difficult types of construction work, as well as one of the most beautiful, has been employed, namely, what is known as ashlar masonry.

This type of masonry is regular in design while giving the effect of construction in stone without special regular design. It will be discovered that the stones of the walls of this church have been laid with the same regularity as if it had been brick work. In every instance, the design centers about a large squared stone. The stones of varying size, are cut perfectly and uniform and fit into the scheme in a pleasing manner.

Every one of the stones used has four smooth sides and is fit in place the same as brick. The difference exists, however, in the fact that the outside is roughened, giving the effect previously mentioned, namely, that of eliminating the severity and regularity of design usually apparent in the use of brick.

Main Entrance Doors.

In the center between the two towers there are the main entrance doors. Over these doors in bas relief is carved the "Calvary Group", depicting with a realism that is lifelike, the scene at the crucifixion of our Lord. Carved into a solid piece of stone of considerable thickness, the figures are brought out with such prominence and faithfulness that it almost seems as life existed in the group.

The large entrance doors open directly into the spacious porch or vestibule between the outer doors and the inner wall of the church proper. At each side steps lead to a ground floor entrance in the side of the towers, which permit easy access in case of icy or other unfavorable weather conditions that might make the steps at the front less easy to ascend or descend. There are also stairways leading to the balcony adjoining the organ and choir loft directly over the front vestibule of the church, also leading to the spacious basement, which in time will become the scene of the secular activities of the parish.

As is fitting and proper in a Catholic church, the altar of this church is located in the apse or semi-circular projection of the main building at its rear and center is that which greets the eye of the worshiper as he or she enters the nave of the church from the front vestibule and at the central aisle. Naturally it turns the thought of the person entering to the sacrament of mass and the offering of prayers.

Nave of Great Height.

To the right and to the left rear are confessionals. Advancing along the main aisle toward the altar, one is amazed by the seeming great height of the nave, as it reaches up into the clearstory to the roof, some 57 feet above the floor. Great pillars at regular intervals reach upward to support the roof. Slender in appearance, owing to their design, yet in spite of their gracefulness, they are of great strength and designed to support a very considerable weight.

At this point it might be well to mention the light effect from the windows. In the clearstory, there are 14 windows, in the nave eight windows of large proportions, four on either side, and in the apse, where the altar is located, five large windows. In addition to these, there are the three wonderful rose windows, designed and formed in stone and located in the clearstory part of the cruciform of the church. One is at the front of the church, while the others are in either end of the transept. These were formed and carved out and put in place with an accuracy that is wonderful. At the present time, all these windows are filled temporarily with a white or glazed glass known as storm glass. Later they will all be fitted with art glass of beautiful design. At the present time there have been found donors for approximately three-fourths of the windows. The approximate cost of the art glass windows is $23,000.

Altars Are Gifts.

It is difficult to give a word picture of the three altars now being placed in the front of the church, the main altar occupying the apse with the side altars at each side. They are the gifts of former and present members of the church.

They are special design for this church and the work of the Draprato Statuary company of New York and Piesantro, Italy. They are exquisite and dainty in their conception and in accordance with the practice and regulations of the Catholic church. They are constructed of the famous Carrara marble of Iatly, with special effects worked out in sienna or yellow colored marble and pavoanzo or black and white marble. The designs of all altars are in accord.

The main altar has been given as a memorial to Peter and Elizabeth Igoe by their children. In the center it rises to the great height of 26 feet. At either side there are pinnacle or tower-like creations of lesser height. In the base of the altar are hewn out of solid pieces of marble three scenes descriptive of the significance of the sacrament of the holy communion and mass.

In the center is a wonderful reproduction of the Last Supper by Leonardo DaVinci. At the left is a reproduction of the angel staying the hand of Abraham as he was about to make a sacrifice of Isaac, while at the right is the reprduction from the life of Melchizedek, to indicate the significance of the ancient Jewish law as well as that of the Christian law and practice.

The main altar is 19 feet 4 inches wide, including the steps, the reredos 15 feet in width and it is 10 feet 10 inches in depth.

The marble from which these altars are made was quarried in the quarries of the Draprato company in Piesantro, Italy, the altars carved and set up in the workshops at that place, then torn down and the parts numbered and shipped to New York and from that city to New Castle, where skilled workmen sent by the company are now putting the finishing touches on them.

The side altars are the gifts of Mrs. Elizabeth Boyle O'Brien, Mr. and Mrs. P. J. Flaherty and family and Mrs. Nora Flaherty respectively.

On the main altar are four large sized angels, two adoring angels on pedestals at either side and two standing angels in the reredos.

Marble Steps.

Steps to the altars are marble and also to the communion rail, which is also of Carrara marble with sienna marble used for additional ornamental purposes. The communion rail was designed in keeping with the altars and is the gift of St. Mary's Guild, a group of women of the church.

The electric lighting effects are specially designed and wonderful. In the church proper are four large and nine smaller lantern effect lights of Gothic type and made of hammered brass and iron and in which there is amber colored glass, which gives a soft subdued light. Placed at the outer part of the apse there are six reflectors, giving an indirect lighting effect that adds to the beauty of the service and makes more effective the beauty of the main altar.

Along the sides of the nave are now in position 14 stations of the cross, which have been installed by the Draprato Statuary company, which are special in design and made of a special material. They are very realistic and lifelike.

The pews are of quartered oak and made by the American Seating company and are now in place. They are designed in keeping with the church and they and the wainscotting, confessionals and such other woodwork as there is in in the interior have been finished in a greenish blend of color. All the wood used is quartered oak. One thousand people can be seated in the main body of the church and in case of necessity the galleries in the rear can be thrown open and accommodate 250 more.

Fine Pipe Organ.

The pipe organ is about complete and is the creation of the Teller-Kent Organ company of Erie, Pa. It is one of the finest in this section and is located in the rear of the church over the entrance corridor. It is an electric pneumatic three manual organ with 35 speaking stops. It has the swell, great choir and chancel combinations with an echo organ behind the main organ and chimes behind the main altar, all operated from the choir loft.

It is planned that an organ recital be given by a widely known organist before the dedication, when the public will be welcome to attend and have an opportunity of not only hearing this magnificent instrument, but also of inspecting the church. Present plans are that this shall occur on the evening of the last Sunday of August, which immediately precedes the blessing and dedication on Monday, September 5, Labor Day. In the meantime, those interested in seeing the magnificent building and its magnificent equipment will be welcome at any time while it is open.

Entrance of the priests and altar boys is at the rear of the apse. Entering a small hallway, the priests go to the east side of the altar into the sacristy provided for them and which is equipped with vestment cases, etc., while the altar boys go to the west side of the altar where there is a sacristy equipped for their use. There is a small hallway from the main part of the church to the sacristy of the priests through which members of the church may have access to the priests.

The heating of the church is designed so that while making it comfortable, yet it will not at any time interfere with the comfort of the worshiper. The radiators are placed in small alcoves along each wall, so that the people may pass along the aisles without coming in contact with them.

The floors are of terrazzo with special designs worked out in them.

The matter of decorating the walls of the interior, according to present plans, is to be delayed until some time after the dedication, because of the desire to secure just the effect needed.

The art glass in the windows will also not be installed until after the walls have been decorated, in order that they may be free from any possible necessity of fixing them up as a result of the decorating of the walls.

When the church has been completed in every detail, including the cost of construction and the special gifts to the church, it will represent an investment of approximately $550,000.

In closing it is well to mention August Miller of Massillon, O., the general contractor, whose ability as a builder of churches has been greatly enhanced by the wonderful work done in this instance. Stone work is his specialty and he showed that he and his workmen are masters of their profession, especially in the building of the exterior walls of the church.

Rev. Fr. F. F. O'Shea, the pastor, has also been ably assisted at all times by his assisting priests and the members of the church and building committees. Since the inception of the new structure, the assistants have been Rev. Fr. M. J. Brennan, Rev. Fr. P. J. Moriarity and Rev. Fr. Joseph Fitzpatrick now located in other parishes, while Rev. Fr. F. S. Clifford and Rev. Fr. Dudley Nee are the present assistants.

MUSE AND LOGAN TO ATTEND REUNION

Attorney George W. Muse and City Detective C. G. Logan will on Saturday attend the annual reunion of the members of the famous Tenth Pennsylvania Volunteer Infantry, which will be held at Connellsville, Pa., on that day. They are the only local surviving members of the famous Spanish American war organization.

THREE DROWNED.

(International News Service)

PITTSBURG, Cal., July 26.—Three deckhands were drowned today when the freighter, Stanley Roberts, was wrecked upon a submerged barge in the Sacramento river.

Can You Cook a Full Meal with Only 25 Minutes of Gas?

FREE TO ALL VISITORS

Whether you ever expect to cook this modern way or not, come in during this demonstration, see these marvels of cookery with your own eyes. Learn once and for all how to save as much as $125 a year on food and gas—and cook better meals than ever.

To repay you for your trouble, we'll give you, with our compliments, a splendid new cook book containing a number of appetizing menus and recipes and the actual facts about the new art of fireless cookery.

—or do you have to burn the gas six times as long? Can you prevent essential food products from going up in vapor? Can you improve the food you serve and at the same time cut its cost?

See It Done in Our Store on Wednesday

At 1:00 P. M. We are going to put this meal to cook on a Chambers Fireless Range —soup, meat, vegetables and a dessert.

At 1:25 P. M. We are going to turn off the gas—that's two hours sooner than you could turn off the gas on your present range! And for those two hours—or longer if we liked—that meal will require no watching, no stirring, no attention whatever.

At 3:30 P. M. All of the food will be taken out of the oven, deliciously cooked by heat that is ordinarily wasted. It will be done to a turn, superbly delicious, because all of the valuable food juices will be retained. You, yourself, can judge its superiority.

EVER GO FISHING?

Remember the carefree days when as a barefoot boy you went fishing? You will be able to live them all over again in the leisure of a secure old age *if* you have an Equitable policy for a goodly sum maturing when you are, say, 55 or 60. Now is the time to begin saving. Many a man of 50 or older, who would really enjoy fishing, cannot go because he must keep his nose to the grindstone. A maturing Equitable policy will give you this means to buy leisure—and fishing tackle—in your old age.

Motor Club Is Co-operating In Courtesy Cards

President Bell Authorizes Reprinting Of Cards With Motor News On Backs

ELLWOOD CITY, July 26.—Some time ago the police department had printed several thousand courtesy cards for use in automobiles of citizens or visitors, making them welcome and asking them to co-operate in maintaining traffic peace in the city.

These cards were commended by authorities out of town as new and original methods of extending courtesy and at the same time advertising the town.

The Ellwood City Motor Club took up the matter and with the permission of the police department will have the cards reprinted with the following paragraphs: under the A. A. A. insignia on the backs of the different cards:

On the back of the red card: "Ellwood City Motor Club is co-operating with the police department of Ellwood City in an effort to instruct motorists on traffic regulations that tend toward a better solution of the community traffic problem. We urge you to get in touch with the police department of the Motor Club if you are puzzled concerning our traffic regulations."

On the back of the white card: "The Ellwood City Motor Club welcomes visiting motorists to this community. Won't you help us by obeying our traffic signs and otherwise assist by driving carefully at all times? Visiting motorists are cordially invited to visit the club headquarters."

On the back of the pink card: "The Ellwood City Motor Club is assisting the police department to curb motoring accidents. Please follow the A. B. C. of motoring, 'Always be careful'."

The courtesy card will be placed in machines of tourists going through the town, welcoming them to the community and telling them that local parking laws do not apply to tourists, merely requesting them not to park near fire hydrants.

The pink card calls the motorist's attention to the fact that there are others using the streets and that any time a child may run in front of the car, and asking them to drive carefully.

The red card is a warning of the violation of the traffic regulations and asking the co-operation and observance of local signs, and respecting the rights of others. Repeated ignoring of this last card leads to arrest and fine.

PAY DAY TODAY AT LOCAL TUBE COMPANY

ELLWOOD CITY, Pa., July 26. — This evening the local stores will remain open for a few hours, the reason being that today is Pay Day at the local Tube company, and its thousands of employes will be given a half months wages. It is reported to be a large one.

This new portrait of Queen Mary of Great Britain discloses, as have few other likenesses, a personage who bears all the earmarks of her exalted position.

Local Man Beaten And Robbed Here

Called To Butler Last Night To Identify Two Suspicious Characters

ELLWOOD CITY, July 26.—Some time ago J. A. Liebendorfer of Wurtemburg was motoring back from Riverview stop where he was making some collections on insurance and was hailed by two strangers asking for a lift.

Mr. Liebendorfer stopped and not liking the looks of the men refused to permit them to enter the car. The men then knocked him unconscious with a club and when he regained his senses he was on the ground near Butler and the men had gone with his car. His assailants took $70 in cash and have not been heard of since although the Butler police found the car near Altoona later. Mr. Leibendorfer is somewhat bruised and his face is swollen but feels relieved that he did not get a concussion of the brain from the blow.

Mr. Leibendorfer was called to Butler yesterday to identify two suspicious characters being held by the Butler authorities, but has not yet returned.

BRIDGE-TEA THURSDAY FOR LADIES OF CLUB

ELLWOOD CITY, Pa., July 26. — The ladies of the Ellwood City Country club will enjoy a Bridge Tea Thursday afternoon. The usual series of bridge games will be in progress, concluding with dainty tea and cakes.

The committee of the Day will be: Mrs. C. W. Hayes, chairman, assisted by Mesdames W. A. Hartzel, W. S. Hanna, H. E. Helling, Howard A. Hilberg, J. H. Hough, J. W. Humphrey, Harold L. Infield, C. M. Iseman, Charles W. Jackson and John J. Jackson.

INTER-CLUB GOLF TOURNEY WEDNESDAY

ELLWOOD CITY, Pa., July 26. — Of interest to local golf enthusiasts is the news that tomorrow members of the Ellwood City Country club will motor to Grove City to meet the golf team of that city in an Inter-club tournament. The local contingent will be headed by T. A. Daley, who is chairman of golf affairs at the local club. The local team has been pretty lucky in points, and the results of tomorrow's game are being awaited expentantly by members of the club.

ENGAGEMENT OF LOCAL GIRL KNOWN

ELLWOOD CITY, July 26.—Mr. and Mrs. J. A. Liebendorfer of Wurtemburg announce the engagement of their daughter Miss Helen to Max Ewing of Koppel. The young people are well known in the community, having been members of the younger social set for years.

Many parties are being planned for Miss Liebendorfer.

The wedding will be an event of early September.

STORK NEWS

Man Shot In Arm On Division Avenue

ELLWOOD CITY, Pa., July 26. — Late yesterday the police were notified of the shooting of Salvadore Belemino of this city, late Saturday night near Eleventh street and Division avenue. Belmino refuses to discuss the accident.

The unfortunate man was shot in the right arm just above the wrist, and in the finger of his right hand. He is receiving treatment in the local hospital, and said to be getting along nicely.

As far as there being any witnesses to the shooting affray, no one seems to have heard the shots or noticed the commotion in any way.

RESIGNS AFTER YEARS EXPERIENCE IN STORE

ELLWOOD CITY, Pa., July 26. — John Runyan, who has for fourteen years been affiliated with the P. W. Blocher Jewelry store on Lawrence avenue, resigned Saturday to assist the operation of the Runyan Service Stations. John, whose familiar face greeted visitors at the store for so many years, will be sorely missed. His position is being taken by William Blocher.

Reaches Bedside Of J. Ogden Armour

(International News Service)

LONDON, July 26.—Ending a frantic dash from Santa Barbara, Mrs. J. F. Mitchell, accompanied by her husband, arrived at the bedside of her father, J. Ogden Armour, here today.

"Mr. Armour was very pleased to see us both and we were pleased to see him in fairly good shape," Mitchell told the International News Service. "The doctors say his condition is about the same, but certainly no worse. It is impossible to say when he will leave his bed."

LOCAL PEOPLE AT FORMAL OPENING OF CASKET COMPANY

Mr. and Mrs. Fred C. Wolford of the Jos. S. Rice Co., East North street will attend the opening of the John Murphy Casket Co., at their new location on Fifth avenue, Pittsburgh on Wednesday.

Prof. Charles Dhonau, dean and president of the Cincinnati School of Embalming will be the lecturer of the day. The first session will open at 10:30 a. m. For entertainment of the afternoon the visitors will witness a ball game at Forbes field. The evening meeting will begin at 8 o'clock.

FARROW DETAINED BY CITY POLICE

Warren Farrow, operator of the auto which struck and injured Lyle Emery, in East Washington street, Monday afternoon, was still detained at the city police station this morning. Policemen are investigating the accident and are endeavoring to locate a girl who witnessed the accident which occurred at East Washington street and Winslow avenue.

DAVID SYLING IS NOW RECOVERING

David Syling of Princeton, father of County Superintendent of Schools J. C. Syling and Night Sergeant Grover C. Syling, who recently underwent a very serious operation at Cleveland, O., is recovering in excellent shape. He is expected to be able to return home the last of this week.

Plan To Establish Association Here

Ellwood City Hears Experts Tell Of Community Savings And Loan Banks

ELLWOOD CITY, July 26. — "The Community Savings and Loan association answers the need in every locality, of an association to assist the families who, for years, have been in debt, and allowing them the use of money to pay the merchants particularly and face the world in general "squarely" stated William E. Yaeger, manager of the Warren Saving and Loan association, in a talk to a representative gathering Monday evening of the Merchants of the Chamber of Commerce in the Chamber headquarters in the First National bank building.

Mr. Yaeger's statistics were very interesting and have been gathered from six years of experience as manager of the Warren association, which started out in a small way and has grown to enormous proportions, being one of forty nationally, and is among the outstanding community associations in the country.

The speaker came to Ellwood City upon the invitation of the Chamber of Commerce through several leading bankers and business men. He explained the system pursued in the management of such an organization, and stated that the Community Savings and Loan association was doing a welfare work in a community, second only to the churches, for it enables men to liquidate their debts, paying the bank in weekly installments.

Mr. Yaeger was accompanied by Mr. Reynolds Van Cleve of Warren, Pa., who is a member of the association there. The association has been organized with great success in Sharon, Franklin, Altoona, Washington, Pa., Beaver Falls, Erie, Meadville, and Greenville also.

During the past week an association has been opened in Coraopolis, with a man in charge, trained by Mr. Yaeger in the Warren bank, and promises great things for the community. President Wesley Martin of the Merchants Division seemed very pleased with the plan, of the Community Savings and Loan association and will appoint an Executive committee to take definite steps toward establishing such an institution in Ellwood City.

Messrs. Yaeger and Van Cleve were the guests of C. P. Cloak of the First National Bank during their stay in the City, and were much impressed with Ellwood City and its chances for development. Mr. Yaeger, who has visited numberless towns in connection with his work, stated that never has he seen such a lively town and was most pleasantly impressed with the citizens as well.

Porto Rican Is Visitor In City

Manager Of Standard Fruit Company Here To Meet Stockholders

Ramon V. Padilla, manager of the plantation of the Standard Fruit company of Porto Rico, which is largely owned by residents of this city and county, arrived in the city this morning for a conference with the local officials and stock owners of the company.

It is the first visit in this country of Mr. Padilla, a native of Porto Rico and he was agreeably surprised so far by what he has seen in this country.

He stated this morning that "everything is so big and fine in this country and so different from that of my native land. The fruit business has not been very good for the past two or three years, but we are looking forward to better things this year. Crops are fine but the difficulty has been and is to sell the fruit after it is produced."

Mr. Padilla speaks excellent English in spite of the fact that he comes from a place, where the natural language is Spanish.

Coroner's Jury Blames Negro

(International News Service)

WASHINGTON, Pa., July 26.—Immediately on the heels of word from Coalsburg, W. Va., that Ellis Burns, 26, negro, had been located there, a coroner's jury here today blamed Burns for the shooting of Tony Siek, 13, and recommended he be held for a grand jury investigation on charges of murder.

Siek died from the effects of a bullet in the head when Burns was alleged to have fired three shots into a crowd of men, women and children during a mine disturbance here on July 18.

SHENANGO VALLEY HOSPITAL NOTES

Admitted—Mrs. Christina Leonhardt, New Castle R. D. 2; Frank Geracie, Hillsville; Brotton Mercer, West Madison avenue; Glenn McConnell, New Castle R. D. 9; Mrs. Laura Atkinson, Emerson avenue; Charles D. Mills, Beaver street.

Discharged—Mrs. Christina Leonhardt, New Castle R. D. 2; William Klee, Boyles avenue; George Coens, Marshall avenue; Gene Fox, Garfield avenue; Freda Spiker, New Castle R. D. 6; Emma Scott, Wampum.

If you are planning to trade-in your present car for a new car, remember these facts:

1 When you trade-in your used car for a new car, you are after all making a *purchase*, not a *sale*. You are simply applying your present car as a credit toward the purchase price of the new car.

2 Your used car has only one fundamental basis of value; i. e., what the dealer who accepts it in trade can get for it in the used car market.

3 Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.

4 The largest allowance is not necessarily the best deal for you. Sometimes it is; sometimes it is not.

5 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.

6 First judge the merits of the new car in comparison with its price, including all delivery and finance charges. *Then* weigh any difference in allowance offered on your used car.

Open City Hall Painting Bids

C. W. Smith & Company Presents Low Bid To City Council

Bids for painting the woodwork and fire escape on the city building and annex, which houses the fire department, were opened in city council today. C. W. Smith & Company presented a total low bid of $540. The bids were referred to Councilman Tyler and City Engineer Frank Miller for checking.

The bids follow:

J. N. Wagner & Son, woodwork, $562; fire escapes, $158.

C. W. Smith & Company, woodwork, $465; fire escapes, $75.

J. L. Wimer & Son, woodwork, $747.50; no bid for fire escapes.

R. D. Campbell and H. J. Phillips, woodwork, $703.60; fire escapes, $150.

Three Are Dead In Grade Crossing Crash At Geneva

(International News Service)

MEADVILLE, Pa., July 26.—Funeral arrangements were made here today for three victims of a crash between an automobile and an eastbound Erie freight train at a crossing adjoining the station at Geneva, eight miles south of here.

Three other occupants of the car were seriously injured.

The dead: Mrs. Fred Williams, 52; her daughter, Mrs. J. F. Wood, 22, and Mrs. Wood's daughter Marian, three, all of Geneva.

The injured: Mrs. Myrtle Klingensmith, 51; Wilbur Wood, five, and Miss Hettie Peterson, 57, all residents of Geneva.

The six were riding in a small touring car being driven by Mrs. Williams when the accident occurred.

A straight line is the shortest distance between two points, but when is there one without a detour?

Dog Days Are But Myth Says Appel

State Secretary Of Health Declares Dogs No More Likely To Go Mad At This Time

HARRISBURG, July 26.—The myth that dogs are more liable to become mad during "dog days" than at other times was effectively exploded by Dr. Theodore B. Appel, State Secretary of Health, when he declared that dogs are just as apt to become mad at any other time during the summer.

"Dog days are so called because in ancient times they were reckoned from the rising of the dog star," stated Dr. Appel.

"The idea is still prevalent that the sultry, close days of the summer create an unusual susceptibility in dogs to go mad," he went on. "The rising of the dog star with the rising of the sun was thought in ancient times as one of the causes of the heat in summer and of the maladies which prevailed.

"Because of the summer heat and the human indiscretions caused in this season, the dog days idea has persisted throughout the ages and still manages seriously to interest large numbers of people."

Name Experts To Judge Cattle

STATE COLLEGE, Pa., July 26.—The dairy cattle at the fair at Conneaut Lake, which is to be held August 25 and 26, will be judged by Prof. Fitts, head of the dairy extension work at the Pennsylvania State College, it was announced today. In all, judges were announced for nineteen Pennsylvania fairs.

Beside judging at Conneaut Lake, Prof. Fitts will also officiate at Grove City on September 1.

R. H. Olmstead will accompany Prof. Fitts to Conneaut Lake and to Grove City, where he will also be one of the judges.

NEW CASTLE TO PLAY MASSILLON TONIGHT

Ladies Night At Ball Park

Meis To Pitch Against League Leading Agathons Here Tonight.

GAME IS CALLED FOR 6:15 O'CLOCK

By "BUGS" WALTHER

With five straight victories tucked under the covers, the New Castle-Youngstown combined team will try to make it six tonight, when they battle the league leading Massillon Agathon team, at Centennial Field. The game will start at 6:15 o'clock. Tonight is Ladies Night at the ball park, and the fair damsels will be admitted free.

By a victory tonight the locals can knock the Massillon team out of first place, and by taking two games Saturday from the Canton club, the "Fliers" can go into first place.

Meis To Pitch

Carl "Molly" Meis will twirl for the locals tonight. Meis has had several days rest and is rarin' to tackle the league leaders. It is a strange coincidence, but the fact stands out like a sore thumb that Meis always pitches on the Ladies Free night. Meis lost a tough luck game to Canton here a few days ago, and is anxious to atone for this setback.

The New Castle lineup for tonight will be intact with DeMont cavorting in the right field pasture-land. Brehanney has left the local outfit for the Middle-Atlantic circuit.

It is expected that the Agathons will use "Red" Hart on the mound tonight against the New Castle-Youngstown team. Hart is one of the leading pitchers in the league this year.

Tomorrow afternoon at 4 o'clock Eastern Standard Time, the New Castle-Youngstown combination will battle the Girard Merchants at Idora Park Youngstown. The Merchants are leading the Industrial League at Youngstown.

On Saturday afternoon at Centennial Field, the locals will engage the Cantonites in a double-attraction. The game for Saturday was scheduled for Canton, but the local management prevailed upon the Canton officials to change the game to New Castle.

Saturday is designated as Booster Day, (weather permitting) and the automobile will be given away between games.

Croton Leading Lawrence Loop

Teams Play At Bessemer, Wampum And E. & A. Field Wednesday.

Hundreds of fans are expected to turn out to witness the three Lawrence league tilts to be played on Wednesday evening at Bessemer, Wampum and the P. R. R. field, this city.

Inasmuch as Croton, an "also ran" of the first half, is showing a clean pair of heels to other teams and the Pennsylvania, first half winner, is second, fans' interest has increased.

Energy is holding down third place followed by Bessemer and the Independents, but probabilities are that upsets may feature the twilight games to be played Wednesday.

The Independents will play at Wampum, Croton will journey to Energy and Pennsylvania will meet Bessemer. The biggest crowd is expected at the Energy field.

Umpires who have been assigned to the contests are: At Wampum, McCormick and Patterson; at Bessemer, Evans and Parks, and at P. R. R., Kroesen and McCann. The games will start at 6 p. m.

Giants Send Boney To Newark Team

(International News Service)

NEW YORK, July 26.—Pitcher Henry Boney who came to the New York Giants from the University of Florida, has been sent to the Newark club of the International League under an optional agreement.

Outfielder Al Tyson, sent to Buffalo of the same league recently under an optional agreement, has been sold to the Bisons at a price reported to be $6.000.

Emil (Irish) Meusel, veteran outfielder, released by Brooklyn this week, may be signed by the Giants. He formerly starred on several of McGraw's championship teams.

Sharkey Suffered From Hemorrhages Is Doctors Report

(International News Service)

BOSTON, July 26.—Intestinal hemorrhages were suffered by Jack Sharkey upon his return here after his battle in New York with Jack Dempsey, it was revealed today. The hemorrhages were the direct result of a punch in the groin, according to Dr. Martin H. Spellman, surgeon of the St. Elizabeth hospital, who attended Sharkey here.

Ellwood Fighter To Battle Burke

Youngster Meets Veteran In Youngstown Bout Tonight.

MANAGERS SEEKING 'HEAVY' PROSPECTS

By ED FRITZ

Fans who have a hankering for beef and brawn will have their appetites appeased at Idora Park, Youngstown, tonight when Emmett Rocco, Ellwood City and Joe Burke, Detroit, step through the ropes scheduled to fight 10 rounds.

Rocco, accompanied by his manager, Joe Cumo of New Castle, left here last night for the scene of battle while the Detroit veteran has been on the battle scene several days and according to managers of both heavyweights, "We're ready for fight."

According to Cumo his protege has shown an improvement during the past two weeks of training. Cumo claims he has increased his speed and he is hitting harder than ever. Rocco has knocked out every foe he has met at Youngstown, excepting Billy Walsh.

Cumo hopes to see Rocco win from his more experienced opponent. Joe realizes that Burke has been fighting several years and totes a wallop. Rocco has never quailed under fire and Cumo is hoping that when the victor is returned it will be the Ellwood City lad.

The Dempsey-Sharkey fight has quickened the interest of managers in heavyweights and there is not an exploiter of human fighting flesh who is not anxious to garner half a dozen likely looking big fellows in his camp.

In New Castle, the veteran trainer and manager, Jimmie Dime has three big fellows who are cuffing each other around the gymnasium. They are named Bill Clark, a chap named White and according to gym reports, Pedro Lopez has returned to the Dime quarters.

Pedro has been dallying with the game several years. He is big enough and looks husky enough to step around with some of the big boys. However, he hasn't made the big, steep grade yet. The younger proteges, Clark and White have buoyant hopes.

It is peculiar, but nevertheless true, that a big fellow needs be only half as good as a little fellow to earn three times as much money in the game that smacks of jabs, counters and hooks and it is money that the boys seek.

A trainer who knows his stuff can impart knowledge of boxing to any youngster who has sufficient brains to absorb the tutoring but if he hasn't got the heart the boxing ring is a poor place for him to linger as the "going is hard, every round of the way."

Arthur W. Dunham of the Oshkosh Power Boat Club is the new president of the Mississippi Valley Power Boat Association.

Wealthy Chicago Men Interest Themselves In Dempsey-Tunney Bout

Chicago Millionaires Will Try To Secure Heavyweight Bout.

Rickard Again Leans Toward Philadelphia For Second Bout Of Importance.

By SID MERCER
International News Service Special Correspondent.

NEW YORK, July 26.—While New York stands by in an attitude of official indifference, Philadelphia and Chicago bids for the Tunney-Dempsey heavyweight championship bout are being pressed on Tex Rickard, the well known occupant of the golden seat.

Today Tex will receive a delegation from Philadelphia and listen to a proposition to stage the September spectacle in the Sesqui-Centennial Stadium.

Next Thursday or Friday Rickard will leave for Chicago to confer with members of the mayor's committee of business men which is working to book the fight for the Soldiers Memorial Stadium. George F. Getz, chairman of this committee, urged Tex by wire yesterday to make an appointment in Chicago at the end of this week.

Meanwhile Rickard will not commit himself to any policy insofar as the New York situation is concerned. Having widened the field of promotion endeavor by establishing himself successfully in Philadelphia last fall, and with the Chicago offer to consider he is in a position to ignore arbitrary rulings of the New York Boxing Commission.

Tex made it plain yesterday that he would not go before the commission today to ask for any price revision. He is in the spot to make the commission come to him if an effort is to be made to keep the big fight here. The pronouncement of Secretary of State Moses received wide publicity yesterday. Possibly Moses, through George E. Brower, of the commission, may move to abolish price fixing in New York.

Only by inference yesterday did Rickard drop hints that New York was out of the running. His talk was all of superior seating capacities in the Philadelphia and Chicago stadiums.

"It isn't a question of ringside seat prices," he declared "what I need for this fight is a place big enough to accommodate a much bigger crowd than we can get into the Yankee Stadium. Where the crowd's bulk is so great the average seat will cost less.

Will Draw 150,000

"More people are interested in a second Tunney-Dempsey fight than in the first one. They drew 120,000 last year and I have no doubt that they will play to 150,000 next fall if I can accommodate that many.

"Those stadiums with their steep banks of seats are ideal for fight crowds. The field can be banked also that every ringsider gets a clear view of the pit down in the center. It was that way in Philadelphia. Ball parks are different. The field seats cannot be banked because that obstructs the views of those of the lower part of the stands.

"Even if I were permitted to charge $40 or $50 for ringside seats here I could not scale the field sections very far back at that price and the other stands would bring in just what they did for last week's fight. I will be under a heavy expense for this fight and won't be able to take anything out for myself until after $1,500,000 comes in."

It is known that Rickard is intrigued with the idea of going back to Philadelphia because he could then expect heavy patronage from New York, however, the Chicago committee is prepared to show him that he can do even better by drawing from all over the Middle West and handling his Chicago patronage through a committee of reputable business men.

This committee including men of prominence including William A. Wrigley, chewing gum magnate, and owner of the Cubs; James Simpson, of Marshall Field and company; James E. Wilson, packer; John Hertz, traction magnate and a number of bankers.

Getz, who is a millionaire coal operator, agrees to secure an Illinois promoter's license for Rickard.

Tex always did like those millionaires.

Wilder-Conover Trims Imperials

The Wilder-Conover baseball team defeated the Jewish Imperials 6 to 2, in a game played at the Buckeye Field on Monday night.

Sanford and Witherow on the hill for the Wilder-Conover team allowed but four hits and fanned ten men between them. Leive pitched for the Imperials and was touched for sixteen blows.

At the invitation of the Danish government a party of 100 representative American boys from various preparatory schools throughout the country will spend a month in Denmark this summer for the purpose of teaching the Danish boys how to play baseball.

The first golf tournament for the United States public links championship was held at Toledo in 1922.

Grocers Topple North Hill Indies

Marino Pitches One-Hit Game As Grocers Secure Victory 2 To 1

Marino was in rare form last night at Boyles field and held the North Hill Indies to one hit as his mates drove over a 2 to 1 victory.

B. Altman opposed Marino on the hill and was touched for five hits and fanned eight men. The Grocers won the game in the fifth inning. M. Turco crashed out a double and scored when Pascarella singled. Hoskins and D. Marcella were the fielding stars.

The box score:

Marcella Grocers	R.	H.	E.
Pascarella, 3b	0	1	1

Buckeyes Play Lehigh Tonight

The Buckeye baseball team will battle the Lehigh Cement Company team tonight at 6:30 o'clock at the Buckeye diamond.

The Lehigh boys defeated the Buckeyes last week, and the garment makers are out for revenge. On Thursday night the Buckeyes will play the Mail Carriers and on next Tuesday they battle the Wilder-Conover team.

Beat This One

Jack Delaney Is New Heavyweight

Delaney Forsakes Light-Heavyweight Matches, Unable To Make Weight

(International News Service)

NEW YORK, July 26.—Pete Reilly, manager of Jack Delaney, will appear before the boxing commission today and inform the solons that Delaney will step down as light-heavyweight champion. The weight limit of 175 pounds is proving too much of a strain for Delaney, Reilly said.

Delaney was to have met Mike McTigue for the title on August 11. Tex Rickard, who was to have promoted the fight, held a lengthy conference with Reilly and Jimmy Johnston, manager of McTigue. Following the meeting Johnston said if Delaney stesp out as champion he would claim the title for the Celt.

Reilly, will also inform the commission of Delaney's entry into the heavyweight ranks and it is the intention of Rickard to match Delaney with Paulino Uzcudun, providing the commission approves the match. Paulino has gone to Summit, N. J., to start training.

Cubs Ahead In National League

Chicago Cubs Go Ahead Of Pirates By Remaining Idle On Monday.

TONY KAUFMANN IS GIVEN SUSPENSION

By LES CONKLIN
International News Service Staff Correspondent

NEW YORK, July 26.—The Pittsburgh Pirates are in second place today because they were unable to beat Larry Benton, who was obtained by the Giants from the Braves, principally because he is supposed to have the Indian sign on the Bucs. Benton performed his specialty yesterday—whitewashing the Corsairs 1 to 0 with the aid of a homer by Andy Reese.

The Cubs, who were idle, regained first place, while the Cardinals cracked wide open and lost two to the Reds, 3 to 2 and 4 to 3. May outpitched Haines and Luque bested Rhem in two pitchers' battles. The Reds have won eight of their last nine starts.

Boston's Red Sox, who have been winning nearly half their games in the last two weeks, plastered Cleveland 10 to 7.

A homer by Johnny Dykes in the thirteenth enabled the Athletics to nose out Detroit, 6 to 5. Al Simmons, the league's leading hitter, is injured and will not be able to play for three weeks.

The Athletics have released Joe Pate, veteran southpaw and relief twirler, to Fort Worth of the Texas League, and have reinstated Pitcher Howard Ehmke.

Pitcher Tony Kaufmann who acquired a permanent grouch when traded by the Cubs to the Phillies, and who has failed to win for his new club in five starts, has been suspended indefinitely.

The western teams of the National League won 41 and lost 26 games on their eastern tour just completed. Cincinnati made the best record, winning eleven games and losing four.

The eastern clubs of the American League won 41 and lost 29 in the west. The Yanks led with 13 victories and five defeats, while Washington won 13 and lost 6.

First Baptist And Christians In Tie

The First Baptist and First Christian teams fought an 8-8 draw in the church league game staged at Colonial field on Monday night. The game was called in the seventh on account of darkness.

The Oregon Pine

By Feg Murray

The tall gaunt figure of Ken Williams continues to be a factor in American League baseball. From a paltry (for him) batting average of .280 in 1926 to a figure sixty, seventy or eighty points higher this season, is the sudden metamorphosis that has come over the cadaverous-looking Kenneth Roy Williams, of the lowly St. Louis Browns, in this, his eleventh year in the younger circuit.

Except for two years with the Cincinnati Reds in 1915 and 1916, before he joined the Portland Club of the Pacific Coast League, Ken had not batted less than .300 in the major leagues, so his slump in 1926 must have been quite a blow to his pride.

Now this "Ichabod Crane" of Baseball is not only one of the leading batters on Dan Howley's club, being over 25 points ahead of George Sisler at this writing, but he has far surpassed his rival of the clan of Williams, "Cy", of the Phillies, who led him by sixty-five points last season. Both Williamses, who are no relation, batted exactly the same figure in 1925, .331, which is rather a coincidence, if you should ask me.

Ken was born in Grant's Pass, Oregon, in 1893. Grant's Pass is the town recently famous as being the finishing point of a marathon race of 500 miles or so, won by an Indian runner named Mad Bull. Ken Williams is no Indian, and not much of a runner, but American League pitchers will tell you that they would as soon race a mad bull as they would Kenneth Roy on one of his home run rampages.

Besides his two homers in one inning, and three in one game, both feats accomplished in 1922, the tall Missourian hit six four-base wallops in six consecutive games on July 28, 29, 30, 31, and August 1 and 2 of the same year. The strange thing about it was that Ken's home runs were his only safe bingles in each of the first five games!

FEG MURRAY SAYS—

Napoleon Ruth seems to have met his Water Lou Gehrig.

Ask for the new 1927 Atlantic ROAD MAP covering Pennsylvania and Delaware. Or write to The Atlantic Refining Company, 260 South Broad Street, Philadelphia, or Chamber of Commerce Building, Pittsburgh.

Today's gasoline for today's cars

Some plain facts for the motorist

IS MOTOR engineering improving gasoline performance?

Or is modern gasoline improving motor performance?

Both. And the new 1927 Atlantic Gasoline unquestionably represents the farthest advance scientific all-round motor fuel refining has yet reached.

Atlantic—a remarkable combination of choice elements from the crude petroleums of California, Texas and West Virginia—fits today's motors perfectly.

It is made to vaporize properly in present-day carburetors.

To act as the average timing and valve mechanisms were designed for motor fuels to act.

To give you all the power your motor can use.

And especially to give the highest possible motor efficiency and fuel economy for that 95 per cent of the mileage you cover under *ordinary* driving conditions.

You simply cannot get more in all-round gasoline satisfaction for the money than you get with Atlantic Gasoline . . . power, carbonless combustion and knockless motor performance in a measure far beyond any you've ever before experienced.

ATLANTIC GASOLINE

Eddie Bowen Has Fractured Skull

Former Well Known Local Battler Hurt On May 22.

EXTENT OF INJURY JUST DISCOVERED

Fighting days of Eddie Bowen, aged 22, former well known fighter of this district and more recently of Washington, D. C., where his home is now located, are probably over, as a result of a most unusual condition from which he has been suffering since his battle on May 22 at the Washington, D. C., auditorium when he was kayoed by Joey Fox of Philadelphia.

According to an item in the Washington, D. C., Times of recent date and also statements of his brother-in-law, Officer C. C. Lockard of the police force of this city, Bowen previous to the discovery made with X-ray pictures about two weeks ago, had been living and going about since that time with a fractured skull.

In addition to that he had fought two other battles under the management of Jimmy Dunn in Ohio cities in spite of this handicap. After his last battle, some two or three weeks ago, he came to the home of his brother-in-law here and when Officer Lockard went on his vacation they went to the little battler's home in Washington, D. C.

Officer Lockard states that Bowen had been acting rather strangely for some time, having dizzy spells and appeared to be under a mental strain of some kind at times.

This decided the officer that the best course was to take Bowen to a specialist, which he did on getting to Washington. X-ray pictures were taken and it showed that Bowen was suffering from a fracture of the skull from a point in the rear around the right side to a point slightly in advance of the right ear. The specialist informed him that an immediate operation was necessary and the operation was performed at Providence hospital, Washington, D. C., by Dr. William A. Jack, one of the best known surgeons of that city. The condition of Bowen, according to Lockard,, is good and he is improving and his ultimate recovery now seems assured.

Bowen was kayoed in the sixth round of his bout May 22 at Washington by Joey Fox. He recseived the injury when his head struck the canvas after being felled by a crushing left hand haymaker from Fox. Bowen never received a cent for the fight, as police raided the auditorium and arrested all the principals they could locate.

Bowen was confined to his bed for a week following the fight but quickly dismissed the warnings that he was seriously injured. He suffered severe dizzy spells as well as aches but thought them due to the blows that were rained on his head.

The little battler has many friends here who will regret to learn of his misfortune and hope for his speedy recovery.

Central Christians Top Presbyterians

Shiek Goes In As Relief Pitcher And Holds Presbyterians To One Hit

The Central Christians downed the Central Presbyterian team 7 to 6 in a fast game played at the Lehigh field on Monday night.

The Presbyterians drove Huston from the knoll in the third inning with a barrage of hits that produced four tallies, but they could not solve the relief hurling of Shiek. Shiek gave the Presbyterians but one hit in the next four innings.

Shaffer scored the winning run in the fifth chapter on Barber's error, a passed ball and a single by Jones. Hulbert with two doubles and Jones with three singles led the Christians at bat.

The box score:

Indie-Ayes To Have Meeting

J. V. Bullano president of the Independent Athletic association has called the regular cancelled meeting for Friday night July 29 at 8 o'clock.

All members of the organization are asked to be present at the club room at the appointed hour. There are several important business matters to be taken up by the organization at this meeting.

Pirates Bow To Gotham Giants

Reese's "Chinese Home Run" Knock Pirates From First Place.

NEW YORK, July 26.—Andy Reese, third baseman for the New York Giants, poled a home run in the seventh inning yesterday afternoon and as a result Pittsburgh lost, 1 to 0, and the defeat gave the Chicago Cubs first place in the National League.

The home run which is credited to Reese was not a clean one and could appropriately be termed a Chinese homer, as it struck a protruding second tier of left field and as Hazen Cuyler awaited for it to fall it bounded outside the field.

Reese's run was the only one that featured the superb twirling of Kremer and Benton and up to the time that the Chinese run was scored Kremer had an even chance for victory.

The box score:

Jack Dempsey Files His Answer

Reply To Kearns' Charges Is Filed By Ex-Champion Boxer

(International News Service)

PHILADELPHIA, July 26.—Charges of forgery and numerous other accusations against his erstwhile manager, Jack Kearns, are the highlights in an answer filed in the federal court here by Jack Dempsey in reply to Kearns' suit for $519,999 filed against the former heavyweight champion. The suit was filed just prior to the Dempsey-Tunney bout here last fall.

In his reply to the charges, Dempsey alleges that instead of him owing Kearns, his ex-manager really owes him $279,926. He alleges Kearns borrowed money from him to pay federal income taxes and that he retained his end of the purse for the Tom Gibbons fight at Selby, Mont., and other funds received from motion picture rights.

The ex-champ's reply also asserts that he was forced to sever his relations with Kearns to save his "puglist reputation" when it was revealed his one-time manager had served a jail term in the state of Washington. The answer also alleges Kearns forged Dempsey's name to a boxer-manager contract which was filed with the New York boxing commission.

Kangaroos Top Leopards 8-5

The Kangaroos defeated the Leopards 8 to 5 in a King Tut league game played at the Coaltown field on Monday night.

Hanna and Smith were the opposing pitchers with Hanna having the better of the argument. The Kangaroos pounded Smith for 14 hits. Andrews, Eroe and Travers were the heavy hitters with three blows apiece. McGaffic featured the game with a home run drive.

The box score:

Leopards	R.	H.	E.
Foster, c	1	1	0
Smith, p	1	1	0
Buckingham, lf	1	1	0
Rhodes, 1b	2	2	0
Boulden, cf	0	2	0
Hoskins, 3b	0	0	0
Jarrett, 2b	0	1	0
Clark, ss	0	0	0
Donaldson, rf	0	2	0
Totals	5	10	0

Kangaroos	R.	H.	E.
Joe O'Leary, 1b	0	0	0
Andrews, c	0	3	0
Waddington, 2b	1	1	0

Usselton, lf	1	1	0
Totals	8	14	0

Leopards .....400 010—5
Kangaroos .....010 421—8

Home run—McGaffic.

Two-base hits—Boulden, Jarrett, Rhodes, Travers.

Double play—McGaffic to O'Leary.

Sacrifice hit—Usselton.

Hit by pitcher—Eroe.

Base on balls—Off Hanna 1, off Smith 2.

Struck out—By Hanna 10, by Smith 5.

Umpire—Watson.

Ice Cream Makers Defeat Pulaski

The Rieck-McJunkin team defeated the Pulaski Indies at Pulaski last night by a score of 9 to 3. Alex Black on the mound for the ice cream makers allowed but four hits.

The Rieck team pounced on Hodge in the first inning for three hits and scored three runs. Another rally in the sixth inning gave the Rieck boys four more tallies.

Huff featured the game with a pair of homers. Young also hit a home run for Pulaski. Pulaski had one big inning, the fourth, when two singles a double and a home run gave them three runs.

The Rieck-McJunkin team would like to book games with the Ryantown and Lawrence Indies teams of the Twilight league. For games call Tommy Blake at 2500.

The box score:

Rieck-McJunkin	R.	H.	E.
Gennock, 2b	1	1	0
Swinehart, ss	0	0	0
Rogovin, rf	1	0	0
M. Huff, lf	3	1	0
Diffley, c	2	2	0
Parks, 3b	0	0	0

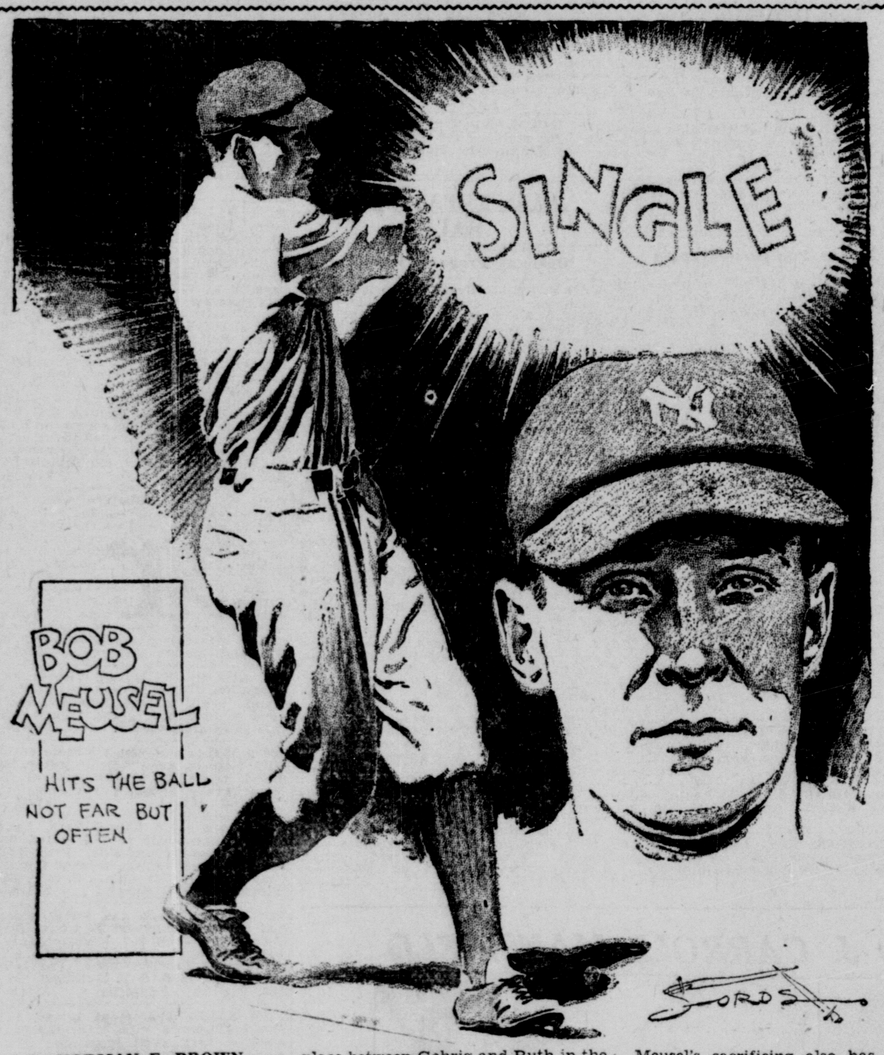
Home Run Muscle And Single Meusel All Help



By NORMAN E. BROWN.

All other features of the general play of the New York Yankees have been rather submerged and obscured by the home run clouting, battle royal of Messrs. George Herman Ruth and Columbia Lou Gehrig.

But there is considerably more to the general success of the Huginites than these round-the-world wallops of the two maulers.

There is Bob Meusel for instance. Bob the Gob is carrying on a one-man campaign, so to speak, to prove that he also serves who only cracks out singles.

Glance at the latest batting averages of the American league. It might be well to mention the fact that while the Yankees have made the league a seven club affair for the honor of finishing second they are still listed in the league averages. Well, those averages, most any week end will show you that Bob is holding his place between Gehrig and Ruth in the averages; rolling along with the enviable average of .370 plus.

Then glance at the more minute details of the averages. Gehrig and Ruth have reached the thirty mark in home runs. The day Gehrig slammed out his 117th base hit he had also collected 28 home runs. Those 117 safeties had been good for a total of just 246 bases. In other words he had made his blows average better than two bases a blow.

Ruth on the same day had hit the ball safely 93 times and those 93 tingles had been good for 193 bases.

Meusel, meanwhile, had hit safely 79 times. Only three of his hits had been good for the circle. Only 28 of them had been stretched into extra bases.

On the other hand however, Meusel had stolen twice as many bases as Lou the Lammer and had outrun the Big Babe 9 to 1 on the bases.

Meusel's sacrificing also has been much more successful.

All of which shows that in this era of home run hitting an era which might well be referred to as the Ruthian period, the man who can step up and ring out the ordinary base hit oftener than once every three times up is a very valuable member of any team—provided he also plays a fair game in other departments.

Meusel, while never a long distance hitter has always been a timely and dangerous batsman. He is probably one of the most graceful men in the game at the plate. There is a certain easy rhythm about his hitting which belies his ability. While neither his stance nor his general form is like that of the incomparable Lajoie he affects the same gracefulness.

Incidentally Curly Bob has made the New York fans forget all about the rumors of last winter that had him joining the Red Sox or some other terrible team.

"David Belasco's advice impressed me"

Walter J. Leather is telling Joyce Todd as they start for an all-day motor jaunt through the Berkshires.

David Belasco, dean of the American Theatre, writes:

"The voice is to the actor what the chisel is to the sculptor. He must beware of dulling its qualities. Naturally I am vitally concerned about the voices of my players, so I always advise the one cigarette that I discovered many years ago that does not impair control of the subtlest vocal shadings or cause huskiness or harshness. I mean the 'Lucky Strike.' It is the player's best friend."

David Belasco

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, *and* there is an extra process—"It's toasted"—no harshness, not a bit of bite.

"It's toasted"

No Throat Irritation - No Cough.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

Gettysburg—Preparing for Pickett's Charge.

by J. CARROLL MANSFIELD

WITH THE DAWNING OF THE THIRD DAY OF THE STRUGGLE AT GETTYSBURG, GEN. LEE, DESPERATE IN HIS DEMAND FOR VICTORY, RESOLVED TO MAKE A BOLD ASSAULT UPON CEMETERY RIDGE, THE STRONGLY FORTIFIED CENTER OF MEADE'S LINE. GEN. LONGSTREET, WHO FAVORED MAKING A FLANK MOVEMENT AROUND THE UNION LEFT, PROTESTED AGAINST THIS PLAN OF ACTION, BUT LEE WAS HOPEFUL OF SUCCESS, AND ORDERED THE ATTACK TO PROCEED.

PICKETT'S DIVISION OF 5,000 VIRGINIANS, OF LONGSTREET'S CORPS, WAS TO MAKE THE CHARGE. THESE MEN WERE FRESH, HAVING BEEN LEFT AT CHAMBERSBURG TO GUARD THE WAGON TRAINS DURING THE FIRST TWO DAYS OF THE FIGHTING.

GENERAL GEORGE PICKETT.

WITH PICKETT WERE TO MARCH FIVE BRIGADES OF A. P. HILL'S CORPS (FROM HETH'S AND PENDER'S DIVISIONS), LED BY GENERALS PETTIGREW AND TRIMBLE. AMONG THESE TROOPS WERE REGIMENTS REPRESENTING MOST OF THE CONFEDERATE STATES. THE ENTIRE STRENGTH OF THE ATTACKING COLUMN WAS ABOUT 15,000 MEN.

©1927, McCLURE NEWSPAPER SYNDICATE

IN PREPARATION FOR THE GREAT CHARGE, 150 CONFEDERATE FIELD-PIECES WERE BROUGHT TO BEAR UPON CEMETERY RIDGE. AT ONE P. M. TWO GUNS WERE FIRED IN QUICK SUCCESSION AS A SIGNAL, AND IMMEDIATELY THE BATTERIES ALL ALONG THE LINE BEGAN BLAZING AWAY AT THE FEDERAL POSITION.

THE UNION BATTERIES REPLIED, AND FOR NEARLY TWO HOURS THE HEAVENS REVERBERATED WITH THE THUNDER OF THE TERRIFIC CANNONADE. GEN. LONGSTREET SAID, "THE ARMIES SEEMED LIKE MIGHTY WILD BEASTS GROWLING AT EACH OTHER AND PREPARING FOR A DEATH STRUGGLE."

TO-MORROW—PICKETT'S CHARGE.

LIVESTOCK MARKET

Cattle—supply light; market steady; choice 1225-1260; prime 1175-1223; good 1150-1225; tidy butchers 1075-1125; fair 950-10; common 7-850; common to good fat bulls 6-825; common to good fat cows 375-675; heifers 750-875; fresh cows and springers $50-$125; veal calves 15.

Sheep anl lamb—supply 150; market higher; good 825; lambs 1525.

Hogs—receipts 600; market higher; prime heavy hogs 975-1075; heavy mixed 1075-1125; mediums 1150-1185; heavy yorkers 1150-1185; light yorkers 1075-11; pigs 1050-1075; roughs 7-8; stags 4-5.

N. Y. STOCKS

NEW YORK, July 26.—In anticipation of favorable quarterly earnings reports from United States Steel Corporation and the socalled Independent Steel Producers, stock traders turned their attention to the steel stocks in the forenoon period. Moderate gains were made by Bethlehem Steel, crucible, Youngstown and others in this group, while U. S. Steel sold in good volume around 128.

The motor stocks and the high-priced specialties continued to attract considerable speculative buying, but profit-taking appeared near the end of the first hour, and the list developed an irregular tone. Weakness was apparent in the Dodge, Pierce Arrow and Mack Trucks shares, while Studebaker rose fractionally in response to the official statement of first half-year earnings of $4.37 a share. Chrysler was active and strong.

The "big steel" directors will announce the results of second quarter operations, and act on dividend declaration at the close of business today.

GOVERNORS SEE NEED OF SPECIAL CONGRESS CALL

(Continued From Page One)

tives, however, expressed any opposition to an extra session if the President sees fit to call one.

Flood Control First

Gov. John Hammill, of Iowa, and Gov. Adam McMullen, of Nebraska, the corn belt representatives, who served notice on their colleagues yesterday of an impending political storm unless the administration produces some farm relief formula this winter, both declared that farm relief could await the more pressing need of relieving the suffers in the flood district.

The problem of flood relief and control, was put squarely up to the Federal Government today by Gov. John F. Martineau, (Dem.), of Arkansas, one of the states hardest hit by the rebellious Mississippi.

"This is not a local problem," he declared, in an impassioned address to his colleagues from the North and East.

"The Mississippi floods can be and should be controlled and this is a national responsibility, the expense of which should be borne entirely by the Federal Government.

Problem For Nation

"The local communities have done their best. They have impoverished themselves in an effort to save their homes and have failed. They now come asking assistance. "Will congress and the President, after such appalling calamity, delay longer the discharge of their duty to these people?"

The flood situation occupied the attention of the governors at the morning session to the exclusion of all other business. No definite action was taken, however, as the conference of governors has refrained from passing resolutions ever since the prohibition question almost wrecked the annual conference several years ago.

In the afternoon session, Gov. Sam A. Baker, of Missouri, spoke upon "the purity of the ballot," and advocated legislation which would punish the vote seller as well as the vote buyer.

"Every State has its corrupt practices act," he said, "and too often it is violated. These regulations have had to do recently with the amount of money permitted to be extended in elections."

Moral education in the home, Gov. Baker said, is more important for clean politics than legislation, "and a popular government cannot be better than the people it governs.

"Indifference of the people is the deadliest and most insidious foe of free elections."

The debate on the purity of the ballot was expected to bring possible fireworks in the conference. Gifford Pinchot of Pennsylvania, defeated by William S. Vare in the now famous Pennsylvania primary, is here, and is said to be thirsting for an opportunity to tell his gubernatorial colleagues of what he considers the iniquities of Keystone politics.

See Two Deer In Pulaski Township

Animals Noted In Vicinity Of Famous Deer Creek Of Many Years Ago

On the farms of H. D. Stevenson and J. A. Brown in Pulaski township, which adjoin and through which Deer Creek flows, in the past few days have been seen for the first time in probably fifty years, two deers, evidently mates, one being a male and the other a female. They were seen as late as Monday on the Stevenson farm.

The deer appear to be quite tame and will come close to the places where the farmers are working and never show the least signs of fright or desire to take to their heels.

The usual angle of the presence of the deers, is the fact that back about the middle of the past century, Deer Creek was the noted rendevouz of deer, which were then plentiful in this section. It was the salt or deer licks that brought them in droves to this stream.

The deer licks have long since disappeared according to residents of the district, so have the deer. But to some this would tend to be an indication that these deer, learning from the lore of ther species that the salt licks existed on Deer creek have returned in the hope of finding and enjoying thm.

Where the deer came from is not known, but it is presumed that they strayed over into this section from the northern part of the state, where they are more plentiful.

Harvest Hands Not In Demand In Middle West

Conditions are far from good in the harvest fields of the west, according to Francis Murphy of Johnstown, Pa., a young man, who stopped over last night at the police station.

Dropping into the police station and explaining that he was hiking home from Chicago and far western points, because of the fact that he was out of work and unable to obtain any, he was accommodated for the night by Officer James Steiner, acting sergeant.

Employed at the South Shore Country club near Chicago he was let go when business became poor. He then went out as far as Omaha, Neb., hoping to find a job in the wheat fields of that section. While the crops seem good, there was an utter lack of interest and no work to be had, so he turned around and started making tracks for home.

TWO MORE COUPLES SEEK DIVORCES

Two applications for divorce were filed this morning at the office of Prothonotary R. M. Campbell. One is that of Campbell Abraham against Bertha Abraham, who seeks a divorce on the grounds of desertion. They were married in 1922 and lived together until July 16, 1923.

Mary M. Esaldo is also asking a divorce from Frank Esaldo on the charge of desertion. They were married April 5, 1923 and lived together until July 6, 1923.

(International News Service)

PITTSBURGH, July 26.—The Elks lodges of Coraopolis, Carnegie, Johnstown and McKeesport were made defendants today in 14 foreiture libel suits filed by John D. Pennington, prohibition administrator, in federal court.

Pennington asked authority to destroy liquor he said his agents had seized in the lodges.

Federal Judge R. M. Gibson ordered the defendants to appear in Court August 15, to show cause why the liquor should not be destroyed.

Council Reports Measures To Aid Hospital Project

Streets To Be Improved In Vicinity Of Jameson Memorial Hospital

Council met in formal session at City Hall Tuesday and reported favorably from committee ordinances providing for the grading, paving and construction of sanitary sewers in Garfield and Leasure avenues. A final vote on the ordinances has been delayed until the measures can be returned from the printer.

The grading and paving will take place between Wilmington avenue and a point 600 feet west.

Owing to the lack of funds, it was explained following councilmanic meeting, Leasure avenue will not be paved this summer.

The projects will be put through in co-operation with Jameson Memorial hospital plans.

Good thoroughfares to the institution are necessary, as is adequate sewerage.

Other Measures

Council also reported favorably several other ordinances from committee, the measures being sent to the printer. They provide for:

Grading of Mulberry street between Brooklyn and Cleveland avenues.

Change of width from 50 to 40 feet of Acorn street between DuShane and William streets.

Grading and paving of Sheridan avenue between Highland avenue and North Mercer streets.

Paving of Hillcrest avenue between Highland and Delaware avenues.

Construction of sanitary sewers in Jones and Hemlock streets and laying of sidewalks in Summit, between Lutton street and first alley north of Reynolds street.

Rev. Maxwell Talks To Lions

Discusses Discipline System In U. S. Navy And Tells Of War Work

That the system of discipline in the United States Navy is antiquated, that common sailors are considered lower beings than men, and that there is no hope of reform within the navy itself, was the gist of the message given to the Lions Club by the Rev. S. L. Maxwell at their regular meeting and luncheon, held at the Elks club at noon today.

The Rev. Maxwell went on to point out that the code of rules which govern the relations between men and officers was written by John Paul Jones at a time when the country was a great deal more autocratic than it is today.

"The navy needs to be more democratic," the Rev. Maxwell declared.

Rev. Maxwell gave graphic descriptions of submarine attacks on transports and cited the methods which the navy used to ward off these attacks.

The meeting closed with a vote of thanks given to L. H. McCamic for the perfect record that he had turned in during the past year.

Wealthy Heiress Marries Chauffeur

Miss Helen Marie Gremmels, Rich New Yorker, Weds Family Chauffeur

(International News Service)

NEW YORK, July 26.—Mrs. Frank Youmans, Jr., twenty-one, who until recently was Helen Marie Gremmels, heiress to the fortune of her father, Charles E. Gremmels, Montclair realty operator and shipbuilder, started today for a wedding trip in Canada, with the chauffeur discharged by her family a few weeks ago.

Despite the announcement of her engagement last May to Dudley Edwards Foster, wealthy Cornell graduate, Miss Gremmels went down to Manchester, Vt., from her summer home at Lovell, Me., met Youmans at the garage where he worked and married him.

Youmans was dismissed by the Gremmels family July 1, when they left for Maine. Determined to be as near as possible to his sweetheart, the young chauffeur followed.

The girl's father is a director of the American Desatype Co., Inc., the Fairbanks Steamship Corporation, the Wabash Steamship Corporation and several other concerns.

Wampum Office Seeker's Papers Are Filed Today

Candidates for office in all parts of the country were in a rush since Monday to file their papers. Most of the candidates filing are seeking office in districts other than this city. Wampum boro presented quite a list of candidates this time.

Those filing nomination petitions are as follows: Council, D. M. Marshall, James Robertson and E. E. Wolfe, all of Wampum, Melvin M. Osborne, second ward, Ellwood City; Assessor, Jacob Bieber, Wampum; Justice of the Peace, Joseph F. White, Wampum; High Constable, J. R. McConaghy, Wampum; School directors, W. H. Zahniser, six years, Wayne township; B. W. Druckenmiller, six years, Wampum; Constables, J. B. Martin, Wampum, R. B. Morrow, fourth ward, New Castle.

NAMED CHIEF AT NILES

NILES, O., July 26.—Appointment of Charles Nicholas, 48, former patrolman and police lieutenant, as chief of police was announced today by Mayor Harvey C. Kistler.

Nicholas, who succeeds Lincoln J. Round, will take office August 1. Round was retired on a pension.

"The Woman Pays"

Who said the woman pays?

Well, he told the truth, and if anyone doubts his veracity, they have only to go to the offices of the public utilities companies and see for themselves.

Shortly after the first of each month streams of women pour into these offices. Gas bills, telephone bills, water rent, rent bills—all are paid by the woman in the case.

And one can see the same thing if he stands around in the stores which do business on the monthly basis. There all sorts of women enter to pay the bills—about ten woman to every man.

A bit impatient is the man who is sent by his good wife to pay the gas or light bill. Like a knight of old, he charges into the office, lays the money and bill on the desk, and disgustedly cools his heels while the clerk makes the necessary entries. And when the stub is returned to him in place of most of his money he becomes even more worried. First he tries it in this pocket, and then in that, while a woman would nonchalantly thrust it into one of the mysteries of her hand bag and let it go at that.

Most men deny that the American woman is the real Comptroller of Finance in the average home. But ask the clerk at the collection desk! He will tell you that most of the money taken in at the window comes from the women. Men talk about finance in obscure terms, but it is the woman who is the efficiency expert in the home.

CONFERENCE NOT LIKELY TO REACH AGREEMENT, FEAR

(Continued From Page One)

no disguising the fact that British officials feel they have suffered at the hands of the American press and that they are also incensed at the attitude of some of the American delegates in Geneva. At the admiralty there was no mincing of words and it was stated openly that Great Britain takes exception to statements and reports to Washington which have emanated from Admiral Hilary Jones, leading American technical delegate in Geneva.

Registers Protest

In a guarded statement today, the foreign office took occasion to register emphatic protest against alleged American misrepresentation of the British position definite allegations were not forthcoming but it was stated that "certain people not interested in the success of the conference have poisoned the whole atmosphere" by asserting that Great Britain is making larger demands for cruiser tonnage than appear on the surface. The foreign office states that this "anti-British propaganda" has now decreased and the situation is improving."

The Hon. W. KC. Bridgeman and Viscount Cecil have delayed their return to Geneva for twenty-four hours awaiting final decisions by the British cabinet and definite instructions which may spell the success of failure of the conference.

Great Britain will make every effort to avoid a break-down, it was stated in official quarters today, but failure is regarded as certain if the cabinet sanctions the admiralty's reported demand for 70 cruisers.

The Daily News attacks the British position today and declares Great Britain doesn't need more than 50 cruisers and will lay herself open to charges of not wanting naval limitation if she fails to accept the American proposal of 400,000 tons of cruisers, thus being able to retain the twelve 10,000-ton cruisers now building in addition to constructing 40 new ships of 7,000 tons each, which would be adequate for commercial protection.

On the other hand the Daily News charges the United States with "obstructing settlement" by refusing to accept any reduction in the size and fighting power of cruisers.

Anticipating a failure of the conference, a tentative statement of its case has been drawn up by the admiralty. This is, in general outline, as follows:

"The difference between the United States and Great Britain at Geneva has been a difference of needs.

"Great Britain needs cruisers to protect her trade routes while America wants them for reasons of domestic politics and prestige rather than to secure equality in shipbuilding.

"America doesn't require more cruisers, which we need, and congress therefore wouldn't vote money for them.

"To arrive at equality in such circumstances could be only achieved by Great Britain starving her trade routes of protection.

"It will be seen how difficult it is to reconcile these conflicting needs and that the obvious solution is to divide the cruisers into two classes—powerful ships of 10,000 tons and smaller police and patrol cruisers. Great Britain has been ready to limit the number and tonnage of the former class on an equality basis with America, which if agreed on, would leave each country free to build as many of the smaller class of cruisers as required for its own needs."

"Bunk"—Says U. S. Delegate!

GENEVA, July 26.—"Bunkum."

This was the terse and pointed comment of the spokesman of the American delegation to the tri-partite conference today when his attention was called to press reports that Great Britain is loding a protest with the United States that the British attitude at the conference has been misrepresented.

"Our chief delegates are in constant cable communication with Washington and they are reporting things as they see them and have never mis-represented the British viewpoint," said the spokesmen.

The charges of the British that "big navy" propagandists are active here among American correspondents is denied as flatly, by the correspondents. The International News Service has met but only one person who could in any way be qualified as a propagandist and his position is obscure, and thus far he has not attempted any efforts at propagandizing.

Chief delegates of most of the delegations have been too ready to expound their viewpoints to make it easy for propagandists to get a hearing.

Old Time Stove Is Now Missing In Police Station

There is something in the courtroom of the police department that gives a sense of vastness or great increased room these days.

Inquiry developed the fact that it was all on account of the removal of the gas stove that has stood in the center of the spectators department for time immemorable.

It has been removed because it is no longer needed to heat the place, owing to the installation of a steam heating system in the city building.

This same effect prevails throughout the entire building and according to John Anderson, city hall janitor, there are some twenty kinds of heating stoves of various kinds that have been or will be removed, because no longer needed.

The city is storing these stoves at the present time, but it is probable that in the course of time they will be offered for sale or junked as may seem best.

Middle-age is when you realize that callers come to ask for something, not to give you anything.

Rotarians Have Outing At Boy Scout Camp Monday

About Eight In Delegation Visiting Camp Phillips Last Night

Some 75 Rotarians with their wives and families were entertained at the Boy Scout camp at Kennedy's Mills Monday evening, July 25. A supper was served and in the evening a camp fire and entertainment was given by the boys.

The entertainment consisted of a minstrel show and the campfire time was followed by motion pictures. The supper enjoyed by the Rotarians and their friends is reported to have been very fine.

On next Monday morning 75 boys of the underprivileged class are going to the camp for an outing provided by the Rotary club. Many members of the club have provided blankets, bathing suits and other necessary equipment through the Boy Scout committee.

Louis B. Round of the Boy Scout committee tells how the needs of the camp have been met since it was started the first season with tents which after four weeks of almost continual rains proved to them that tents were impractical. The huts were built that accommodate sleeping quarters for eight boys. The huts are built of wood and are arranged so that being open near the top of the walls it is like sleeping out of doors and yet the rains and sun cannot beat in on account of the extending eaves.

Mr. Round says that many huts have been donated by individuals and clubs and other organizations but that many more are needed each year on account fo the increased registration. Any donations from the people of the county will be greatly appreciated.

The people of the city and county are invited to drive out and see the boys in camp. On Wednesday, July 27, a pageant of the "Covered Wagon" showing Indian life in silhouette on the sky line is to be given by the boys. These pageants are well worth seeing and a trip to the camp may add to the interest of that life that is building up the morals of the boys there.

Pennsy Employes Will Picnic Here

E. And A. Division Picnic At Cascade Park On Thursday

Pennsylvania railroad employes of the local Erie and Ashtabula division will hold their annual basket picnic at Cascade park on Thursday August 11.

A special train will bring the crowd from Ashtabula and intermediate points including ,Warren, Niles and Youngstown while extra coaches will be run on the regular trains from Erie and Stoneboro and Homewood Junction.

Admission tags for the park will entitle all holders to free coffee and lemonade with free rides on the different amusements for the children and free dancing for the adults.

The schedule as arranged for the day is Aeroplane and Ferris wheel for the children 10:30 to 11:30 a. m.; dinner 11:00 to 12:30; athletic events 12:30 to 1:30; Old Mill (for children) 130 to 2:30; Merry-go-found (for children) 2:30 to 3:30; ball game 3:30 and dancing 2:00 to 5:00.

ESTATE TO DREW'S DAUGHTER

RIVERHEAD, N. Y., July 26.—The entire estate of John Drew, noted actor who died in San Francisco July 8, is bequeathed to his daughter, Mrs. Louise Drew Devereaux of East Hampton, L. I., according to his will filed here today.

The value of the personal and real estates was given as "over $10,000".

"Just A Minute Please!" Clerk Gets Your Rating

Nearly 60,000 Persons Are Listed In Credit Rating Offices Here.

Bureau Has Nearly 200 Official Members Who Are Using Records.

Next time you ask for credit in a local store, and the clerk tactfully asks you to wait for a few minutes, you can know that he is getting your credit rating from the New Castle Credit Exchange.

60,000 Listed.

In the office of the exchange, which is located in the Greer building on Mercer street, there are kept almost 60,000 cards on which are the credit ratings of as many people of New Castle and the surrounding territory. These cards are called master cards, and on them is the name of the person getting credit, his address, his wife's name, and any previous addresses. Then, by this index, a merchant can tell what sort of merchandise that the man bought, how much it cost him, and how he paid his bill.

The purpose of the exchange is to "educate the people of the New Castle trade territory to pay their bills promptly," or, as some one has put it, "to take the" stall "out of installment."

189 Members.

At the present time there are 189 members in New Castle, and anyone who issues credit may become a member.

The association was organized only nine months ago.

The local exchange is affiliated with the National Retail Credit Men's Association of St. Louis, which consists of over 900 local organizations besides the home office. In this way, when a party moves to another town, the credit bureau in the town to which the party has moved can write to the other bureau and get complete reports of the paying habits of the prospective customer.

Settle Accounts.

Another service which the local bureau issues to its subscribers is the letter collection system, by which delinquent accounts are settled. This system consists of a series of letters, each of them telling the debtor that he owes money to the merchant, and that if he does not pay up, his credit rating will fall until he does. But the detrimental information is not put in the files until the debtor has ignored the letters. Then it is filed, and the merchants are notified thru a bulletin put out by the local exchange that the person had a delinquent account and that he did not pay it.

The weekly bulletin also contains the names of the new members, the bad checks which have come back to the merchants, judgments filed at the court house, estates filed, building permits, marriage licenses, death records, and realty transfers.

The information which is put on the master cards, which are kept at the New Castle office contain only the actual ledger experience of the merchants.

So the next time the clerk tells you to "wait a moment, please," you will understand.

New Castle Boys Take Part In Big Play At Victor Camp

"David And Goliath" Staged At Dick Victor Camp For Boys —To Produce "Robin Hood"

(Special To The News)

ELLWOOD CITY, July 26.—Four New Castle boys shared in the success of the playlet, "David and Goliath", staged at the Dick Victor Camp for Boys, near here, Sunday by directors Thomas Lewis and Mitchell Blisten, counsellors at the camp. The play was a pronounced success and was witnessed by hundreds of parents and friends of the boys in camp here.

The New Castle boys assisting in the orchestra were Dick Deverall, Scott Sample and Joe Patterson, all Carnegie Tech students, and intimate friends of Mr. Cohen, head of the music department.

The fourth youngster appearing in the play was Charley Nolan, son of Mr. and Mrs. C. W. Nolan of Sheridan avenue. All took their parts well.

Many New Castle folks were in the audience and all were unanimous in their opinion that the playlet was an excellent production for boys.

"Robin Hood" will be shown here some time in August and work is already under way for the big production. It will be the annual pageant. Last year the play "Hiawatha" was produced here.

Miss Irene Meermans of New Castle, Pa., will also appear in a playlet at the camp soon, according to report received today.

Herb Rabinovitz, son of Attorney Rabinovitz, of Moody avenue, came into camp today to remain for the remainder of the season.

Princeton Station

Car Loses Wheel In Near Collision

A wheel clipped off at the axle was the only mishap when the cars of Ray Matthews, a printer of 507 West North street, and Dr. Hyman Frank, dentist, of 120 1-2 East Long avenue almost crashed at the corner of North and Mercer streets about eight o'clock this morning.

Matthews was traveling on North street and Dr. Frank was coming down Mercer street when they met at the corner. Dr. Frank turned up North street to avoid hitting Matthews, and in doing so he hit the curb, knocking off the left front wheel of his sedan. From the curb on the opposite side of the street he skidded and his car finally stopped in front of the postoffice. There was no apparent injury done to Matthews' car.
